Rebound Joseph C. McLelland, 1989-01-13 Modern atheism is a further act in the ancient drama of Prometheus vs Zeus This book argues that the antagonism is false as proved by the irony in which atheism turns into antitheism transferring divine qualities to Humanity The drama is framed by the classic dilemma a conflict of wills Tyrant and Rebel The Unbinding of Prometheus is traced through Western history to the Enlightenment death of God both speculative Hegel and practical Marx Finally four types of idols are examined in which Prometheus is rebound Freud s Oedipus Nietzsche s Dionysus Camus Sisyphus and Sartre s Orestes The revision of both theism and atheism demands re casting Zeus and Prometheus breaking the impasse of heteronomy autonomy and omnipotence free will Only thus may we affirm Humanity without denying God

Everyone Else Must Fail Karen Southwick, 2003-12-23 Karen Southwick s unauthorized account provides the full story of Larry Ellison s brilliant controversial career Ellison s drive and fierce ambition created Oracle out of the dust and built it into one of America s great technology companies but his unpredictable management style keeps it constantly on the edge of both success and disaster The hostile bid for PeopleSoft is just the most recent example With one clever strategic move Larry Ellison threw much of the business software field into play The saying It s not enough that I succeed everyone else must fail has been so often used by or associated with Ellison that most people think it originated with him It s actually attributed to Genghis Khan but it s a dead on way to describe not only the way Ellison thinks about competitors but the way he runs Oracle His weapons are not marauding hordes but Oracle s possession of database technology that is crucial for keeping mission critical information flows working at thousands of organizations corporations nonprofits and government agencies Inside Oracle Ellison has time and again systematically purged key operating sales and marketing people who got too powerful for his comfort Most notable was Ray Lane Oracle s president for nine years who was widely credited with bringing order out of the chaos that was Oracle in the early nineties and growing it into a ten billion dollar company Ellison got rid of the one key person who was building confidence with Wall Street business partners and customers that Oracle was no longer flying by the seat of its pants and had its act together Ellison s mania for absolute control and his inability to coexist with the very lieutenants who bring much needed stability to the company have brought Oracle to the brink of collapse before and

may well do it again Ellison is a throwback to an earlier much more freewheeling version of capitalism the kind practiced by the nineteenth century robber barons who ran their companies as private fiefdoms Larry Ellison is one of the most intriguing and dominant leaders of a major twenty first century corporation and Everyone Else Must Fail raises the question of whether Oracle's products and the reliance placed in them by so many are too important to be subject to the whims of one man While giving credit to Ellison's brilliance and devotion the book sounds a warning about an ingenious man's tendency to be his own company's worst enemy

Prometheus Rebound James Trivers, 2022-03-28 Prometheus Rebound is a three pronged narrative Henri Vanderveer a struggling gossip columnist forges his way through the mid Seventies celebrity culture in search of the scoop that will make his career only to find that the story he was looking for will expose his own family Paul Manship the renowned Art Deco sculptor searches for a vision that will be the focus of Rockefeller Center In the hunt for his inspiration he discovers the intricacies of his psychosexual underbelly And then there is Prometheus the punished and chained Titan who daily has his liver eaten out by vultures because he stole the fire from the heavens and brought it to earth This is the price he pays so that we mortals can live in a civilized manner

Secrets of the Oracle W. David Shaw, 2009-12-01 What is wisdom Where does it come from

Where can we find it And what does it mean in our lives In *Secrets of the Oracle* David Shaw explores these questions by turning to the works of wisdom writers whose words retain their meaning and transformative power even centuries after they were written Wisdom literature exists in two shaping forms the aphorism geared towards the past and the oracle a revolutionary impulse looking to the future *Secrets of the Oracle* discusses both types of wisdom finding them in the works of poets and philosophers from Tennyson and Zeno to Yeats and George Berkeley from Browning and Schleiermacher to T S Eliot and F H Bradley The book also discusses the contribution to wisdom of Jesus and the author of Ecclesiastes of Abraham Lincoln and Norman Maclean Part celebration of wisdom found and part lament for wisdom lost *Secrets of the Oracle* is convincing in its assertion that wisdom articulates what is and offers creative visions of the future [By the Grace of the](#)
