the Clouds Lucien Miller, 2016-06-01 The tales included here represent all of Yunnan Province's officially designated ethnic minorities and include creation myths, romances, historical legends, tales explaining natural phenomena, ghost stories, and festival tales. The tales are peopled by memorable characters such as the Tibetan mother who is reborn as a cow, comforts and helps her daughter into her harsh life as a slave girl, the two Kucong sisters who marry snakes, and the bodiless Lahu head baby who grows up to win one of the earth god Poyana's daughters in marriage. Chosen for their representativeness, aesthetic appeal, and variety, the stories provide rich examples of the folk traditions of Southwest China. South of the Clouds includes introductions and an appendix which describe the places and people of Yunnan, analyze the literary and psychological characteristics of their stories, give the sources of the tales, and explain the methodology of collecting folk literature in China.

Fruit C. J. Condon, 2000-12 Jake hasn't spoken to anyone in almost a year since the accident. He walks where he's led, eats when he's fed, but for Ellen, his wife, he is little more than the corpse of her perfect husband. So what went wrong? How could someone who was such a perfect man in virtually everyone's eyes become a walking vegetable so fast? Somewhere in Jake's past, he almost came face to face with the truth about himself, and avoiding it has cost more than anyone could imagine.

The London Saturday journal, 1841 **Secret Sky: The Young Universe** T. Alan Horne, 2024-08-21 Gold winner of the 2025 IBPA Book Award in the categories of Best Science Fiction and Fantasy and Best Audiobook for Children or Young Adults. The stars speak in a language of secrets, yet their stories cannot remain hidden forever. Billions of years ago, on one of the first ever Earths, a boy named Skylar will walk away from his home for the last time. Beset by dreams where he flies through the early universe as a sentient starship, he will never be safe if his secret gets out. His only chance to stay alive is to fall in with the same knights who destroyed his peasant village and live under the shadow of the king who sent them to exterminate Skylar's people. But powerful dreams have a way of shaping reality, and with each midnight flight across the cosmos, Skylar finds his world and himself changing. Magic is another thing which should only exist in dreams, yet Skylar has it. One more secret that needs keeping. Against a waking life full of monsters, warriors, swords, sorcery, treasure, and ancient mysteries, Skylar has only one key for putting all the pieces together: the Secret Sky that haunts his sleeping mind.

Infinity Net: The Autobiography of Yayoi Kusama Yayoi Kusama, 2021-09-01 I am deeply terrified by the obsessions crawling over my body, whether they come from within me or from outside. I fluctuate between feelings of reality and unreality. I myself delight in my obsessions. Yayoi Kusama is one of the most significant contemporary artists at work today. This engaging autobiography tells the story of her life and extraordinary career in her own words, revealing her as a fascinating figure and maverick artist who channels her obsessive neuroses into an art that transcends cultural barriers. Kusama describes the decade she spent in New York, first as a poverty-stricken artist and later as the doyenne of an alternative counter-cultural scene. She provides a frank and touching account of her relationships with key art world figures, including Georgia O'Keeffe, Donald Judd, and the reclusive Joseph Cornell, with whom Kusama forged a close bond. In candid

terms she describes her childhood and the first appearance of the obsessive visions that have haunted her throughout her life. Returning to Japan in the early 1970s Kusama checked herself into a psychiatric hospital in Tokyo where she resides to the present day emerging to dedicate herself with seemingly endless vigour to her art and her writing. This remarkable autobiography provides a powerful insight into a unique artistic mind haunted by fears and phobias yet determined to maintain her position at the forefront of the artistic avant garde. In addition to her artwork Yayoi Kusama is the author of numerous volumes of poetry and fiction including *The Hustler's Grotto of Christopher Street*, *Manhattan Suicide Addict* and *Violet Obsession*. *Critical Approaches to Anthills of the Savannah*, 2023-07-10 *Native American Legends of the Southeast* George E. Lankford, 2011-05-08 Draws on the oral traditions of several southeastern Native American peoples to provide intriguing stories that lend insight into these unique cultures. Reprint **Tales of the Resistance** David Mains, Karen Mains, 2014-10-08 An exciting series from best selling authors David and Karen Mains the gold medallion award winning *Tales of the Resistance* offers readers fast paced action and exciting storytelling with a Christian theme. The book *Tales of the Resistance* contains 12 stories about Hero's participation in the underground taxi resistance against the evil Enchanter challenger to the one True King. High drama unfolds as everywhere Hero turns there are suffering people in need of his help. You'll meet Carny Doubletalk, Sewer Rat, 1 the Boiler Brat and the Most Beautiful Player of All. And you'll feel the tension of Traffic Court and the Burning Place. Best of all, mostly your readers will be reminded that God's Kingdom is all around us if we care to find it and that the presence of the King dispels all darkness from our hearts and souls. This is the second book in a trilogy that is an exceptional set to give to your family and friends. **Promised Valley Conspiracy** Ron Fritsch, 2012-12-04 *Promised Valley Conspiracy* is the third novel in Ron Fritsch's four book prehistoric *Promised Valley* series. Fritsch continues to ask if history and civilization which prehistory gave birth to could've begun differently. US Review of Books There is a traditional epic tone to the book that is reminiscent of Homer's *Iliad* or *Odyssey*. It is a story whose firm relentless action is the narrative drive of this novel. It fascinates with pages filled with excitement and drama. Fritsch's world is one filled with wondrous surprises where there are no damaging thoughts among the people toward same sex unions. It's refreshing to see the disappearance of negative cultural trappings found in today's world. Kirkus *Promised Valley Conspiracy* explores the ongoing conflict between the valley people who are prosperous farmers occupying all the richest *Promised Valley* lands and the hill people who inhabit the sparser uplands and live bitterly believing that their gods promised the valley and its comforts to them. Since the valley people have a similar belief about themselves a state of dangerous friction exists between the two groups. Savage warfare and desperate diplomacy marked the well orchestrated events of the first two books and tensions continue to boil to the surface in this volume. These books continue to be an intelligent and involving look at the personal sacrifices of making war and keeping peace. Reader Views The author's creativity in writing a series such as this is to be admired. I noticed as the two different peoples learned to see similarities amongst their differences it is the same in our

world today Lack of understanding of the beliefs of others creates a disconnection and fear among people Learning to understand and respect the differences makes for a better world whether it is prehistoric or current There are many valuable lessons to be learned in this story Feathered Quill I highly recommend the captivating and interesting Promised Valley series Quill says A thought provoking tale of intrigue and what ifs had life played out in Promised Valley fashion
