The Mobile Boardroom:

The Mobile Boardroom Nik Askaroff,2014 The Mobile Boardroom covers questions and challenges business owners and senior managers will face

Better Boardrooms Patricia Meredith,2020-10-01 Disruptive change has clearly intensified in today's fast paced business world Why are boards of directors so ineffective in dealing with the threats inherent in every corporate governance system In *Better Boardrooms* Donner Prize winning author Patricia Meredith zeroes in on how boards can help manage uncertainty Meredith outlines the specific corporate strategies that should be implemented in order to reduce the tremendous waste of resources financial human intellectual social and environmental that occurs when companies fail to respond effectively to forces that are so obviously surrounding them To regain the reputation of boards as vibrant enablers of economic growth *Better Boardrooms* proposes that a broad cross section including policy makers and regulators customers suppliers bankers and investors work together to create a system better suited to the business obstacles of the twenty first century Discussing how the current corporate system is flawed and in desperate need of a digitally focused restructuring *Better Boardrooms* proposes a new model of governance one based on dialogue and collaboration that ensures all relevant voices are heard and included As boundaries between industries blur and stakeholders gain greater access to information it is vital that boards of directors help set corporate strategy rather than simply approve it

Some Wild Things Bill Jones,2013-04 *Some Wild Things* is a fictional fast moving humorous adult story based on the premise that there is no such thing as coincidence whatever happens in life is ultimately meant to be It addresses dramatic events at times horrific that take place when cross sections of people from different walks of life become entwined in a net of circumstance and chaos beyond their control This culminates in a web of intrigue played out against an expeditious backdrop of romance violence incest and murder The protagonists are a sordid interbred trailer park family that ruthlessly blazes a trail of cold blooded havoc across an arid and hostile mineral rich desert region that is plagued by incessant sandstorms and is home to a population of lethal Egyptian cobras It is a story of double dealing mining corruption where an opposing mining conglomerate is on a ruthless mission to control and if necessary destroy their opposition This leads to a terrifying web of bizarre ongoing pandemonium that involves assassination gold bullion heists and international drug syndicates under the guise of touring magicians This lethal somewhat humorous family spearheads the high speed action and never ending mayhem throughout the story concluding with a double dealing rip off by entrepreneurial Somali pirates raising finance for their cause *Some Wild Things* is dramatic fast and funny with a sprinkling of brutal insanity that endorses once again the premise that there is no such thing as coincidence Think *Pulp Fiction* *Kill Bill* and *Two Smoking Barrels* and you've got *Some Wild Things*

A Woman's Place is in the Boardroom P. Thomson,J. Graham,2005-09-12 There are relatively few women in senior executive positions and on the boards of major companies Based upon research and in the context of contemporary management debates the authors argue the business case for promoting women to these positions in order to create more

value for shareholders The book draws upon interviews with chairpersons and chief executives and includes case study material

The Box Marc Levinson, 2016-04-05 In April 1956 a refitted oil tanker carried fifty eight shipping containers from Newark to Houston From that modest beginning container shipping developed into a huge industry that made the boom in global trade possible The Box tells the dramatic story of the container s creation the decade of struggle before it was widely adopted and the sweeping economic consequences of the sharp fall in transportation costs that containerization brought about But the container didn t just happen Its adoption required huge sums of money both from private investors and from ports that aspired to be on the leading edge of a new technology It required years of high stakes bargaining with two of the titans of organized labor Harry Bridges and Teddy Gleason as well as delicate negotiations on standards that made it possible for almost any container to travel on any truck or train or ship Ultimately it took McLean s success in supplying U S forces in Vietnam to persuade the world of the container s potential Drawing on previously neglected sources economist Marc Levinson shows how the container transformed economic geography devastating traditional ports such as New York and London and fueling the growth of previously obscure ones such as Oakland By making shipping so cheap that industry could locate factories far from its customers the container paved the way for Asia to become the world s workshop and brought consumers a previously unimaginable variety of low cost products from around the globe Published in hardcover on the fiftieth anniversary of the first container voyage this is the first comprehensive history of the shipping container Now with a new chapter The Box tells the dramatic story of how the drive and imagination of an iconoclastic entrepreneur turned containerization from an impractical idea into a phenomenon that transformed economic geography slashed transportation costs and made the boom in global trade possible

Coffee With A Stranger Vishal Jhaveri, 2024-09-18 Caution This story is going to be a gripping so better you grab yourself a cup of coffee A girl shifted to the new city with high hopes Made friends for life She falls in love but she didn t know that her love story had a short life She starts getting anonymous notes one by one Curiously following the instructions as she wants to know the truth and the person behind She was asked to come for a coffee date by the stranger What will happen next Will she be able to resolve the mystery or will become a victim Feel her shoes because I am sure you will be able to relate to her Or at least laugh at her funny sad luck And just be with her as she battles out her life Let s see what can happen over a cup of coffee
