The Naked Communist:

The Naked Communist W. Cleon Skousen, This book is designed to bring the far flung facts about Communism into a single volume It contains a distillation of more than one hundred books and treatises many of them written by Communist authors It attempts to present the Communist in his true native elements stripped of propaganda and pretense Hence the title *The Naked Communist* A panoramic study of Communism might easily degenerate into a long list of dates names and platitudes without helping the student to gain a genuine understanding of the history and philosophy of Marxist thought and Communism Therefore in this book an attempt has been made to present Communism as the living breathing force in the earth which it really is The political development the philosophy the economic theory and the big names in international Communism have all been presented in their historical setting This eBook includes the original index illustrations footnotes table of contents and page numbering from the printed format *The Naked Communist* W. Cleon Skousen,2017-05-09 *The Naked Communist Exposing Communism and Restoring Freedom* exploded in popularity selling almost two million copies to date and finding its way into the libraries of the CIA the FBI the White House and homes all across the United States *The Naked Communist* lays out the entire graphic story of communism its past present and future ***The naked communist*** Willard Cleon Skousen,1979 *The Naked Communist* Willard Cleon Skousen,1961 ***The Naked Truth*** James C. Skousen,2017-04-15 A timely update to the phenomenal national bestseller Soon after its quiet release during the height of the Red Scare in 1958 *The Naked Communist Exposing Communism and Restoring Freedom* exploded in popularity selling almost two million copies to date and finding its way into the libraries of the CIA the FBI the White House and homes all across the United States From the tragic falls of China Korea Russia and the UN to the fascinating histories of Alger Hiss Whittaker Chambers Elizabeth Bentley and General MacArthur *The Naked Communist* lays out the entire graphic story of communism its past present and future After searching unsuccessfully for a concise literature on the communist threat W Cleon Skousen saw the urgent need for a comprehensive book that could guide the American conversation So he distilled his FBI experience decades of research and more than one hundred communist books and treatises into one clarifying readable volume that became a touchstone of American values and earned praise from the likes of President Ronald Reagan Glenn Beck and Ben Carson Lauded by one reviewer as the most powerful book on communism since J Edgar Hoover s *Masters of Deceit* this text draws a detailed picture of the communist as he sees himself stripped of propaganda and pretense Readers gain a unique insight into the

inner workings of communism its appeal its history its basic and unchanging concepts even its secret timetable of conquest Among the many questions The Naked Communist answers are Who gave the United States nuclear secrets to the Russians How did the FBI fight communism after it was forced underground in 1918 Why did the West lose 600 million allies after World War II What really happened in Korea What is communism s great secret weapon What lies ahead What can I do to stop communism How can we fight communism without a major war Now updated for 2017 this edition includes a chapter on the forty five Communist Goals detailing how forty four of those goals have been achieved in the U S already as well as a chapter on the making of The Naked Communist shedding light on how this book has sold almost two million copies As relevant now as it was sixty years ago Skousen s groundbreaking work provides a renewed understanding of one of the greatest threats facing America today **Summary of W. Media,2022-07-21T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The Communist solution to world problems is to use a Marxist law to predict the course of future human development They believe that men are victims of material forces that surround them and that they cannot choose the kind of society in which they will live 2 Marx and Engels believed that all historical developments are the result of Economic Determinism which means that man s effort to survive They believed that everything men do is simply the result of their desire to protect whatever mode of production they are currently using to secure the necessities of life 3 According to Marx and Engels men cannot choose any one of several forms of society but they can only choose the one that promotes the prevailing mode of production The thing we call free will is simply an awareness of the impelling forces that move us to action 4 Marx and Engels believed that the mode of production and the means of distribution always produced two basic classes of people those who owned the means of production and became exploiters and those who owned nothing and were forced to sell or trade their physical labor to survive **The naked Communist, by W. The Compromising of America RICHARD MCKENZIE NEAL,2011-09-26 We re currently living in a fantasy world of smoke and mirrors where almost one half of our population is receiving some level of unearned welfare financial assistance and or various other entitlement benefits The number of beneficiaries has not only grown steadily over the generations but has now reached a point where it has become a way of lifethe norm We ve all heard about the special interest groups in Washington well guess what Government is its own special interest groupthe biggest special

interest group of all With no term limits members become so entrenched by catering to their special interest groups that their reelections are almost guaranteed each reelection cycle Government is now only the stooge perpetuating Ponzi economics Wars are being waged to support the scheme It is now job creation and economic growth at all costs when jobs and economic growth are the problems not the solution Ponzi credit has created too many jobs And most of those jobs have nothing to do with individuals making a living or creating tangibles This planet no longer has government It has disablement The global Ponzi credit system is the greatest crime against humanity ever perpetrated It has squandered the planet's resources and institutionalized unsustainability It has created money flow control and power that make their way into the hands of the undeserving It has created a global frenzy for profit Humanity had almost defeated all its predation competition and disease only to find itself competing and preyed upon by the worst competition imaginable itself It has institutionalized necessity for economic growth and population increase when the planet cannot sustain it The game controllers are poised to profit from dwindling resources through commodity investment and war The world's jobs are dependent on the continuation of Ponzi credit creation
