Stock Market Investing for Employees Vibhu Vats,2014-08-01 Loads of Money: Guide to Intelligent Stock Market Investing Dr. Tejinder Singh Rawal,2018-12-20 This book will mentor you to a path of investment success where lie riches beyond imagination If you picked up this book to find get rich quick formula you are in for a disappointment This book instils in you the fundamental philosophy required to make money with high certainty and with least risk It is the same philosophy that has made Warren Buffett the most successful investor It will help you with the wisdom of the best investors of all times that s distilled and presented in a format that anyone with no previous experience in investment can master and profit from it It guarantees you success and the techniques are simple to apply The author who made his first investment at age sixteen believes that investment success comes not to those with a PhD in finance but to those with the right mind set Trying to get rich quick is dangerous To make a fast buck you need to speculate and gamble A

price surge results in quick handsome gains but a fall may wipe off your fortune Investing is all about taming your emotions and this book teaches you that If you want to read only one book as complete investing guide this is that book The Guru Investor John P. Reese, Jack M. Forehand, 2009-02-04 Today s investor is faced with a myriad of investment options and strategies Whether you are seeking someone to manage your money or are a self directed investor deciding to tackle the market on your own the options can be overwhelming In an easy to read and simple format this book will dissect the strategies of some of Wall Street s most successful investment gurus and teach readers how to weed through the all of the choices to find a strategy that works for them The model portfolio system that author John Reese developed turns each strategy into an actionable system addressing many of the common mistakes that doom individual investors to market underperformance This book will focus on the principles behind the author s multi guru approach showing how investors can combine the proven strategies of these legendary gurus into a disciplined investing system that has significantly outperformed the market Gurus covered in the book are Benjamin Graham John Neff David Dreman Warren Buffett Peter Lynch Ken Fisher Martin Zweig James O Shaughnessy Joel Greenblatt and Joseph Piotroski **The Defensive Value Investor** John Kingham, 2016-04-04 The Defensive Value Investor is a complete step by step guide to building a high yield low risk share portfolio Defensive investing focuses on strong steady companies that produce decent rates of income and capital growth but with risk often coming from a lofty share price Value investing on the other hand is focused on buying companies on the cheap but cheap companies often deserve to be cheap because they are high risk and unlikely to grow Defensive Value combines the two and involves buying relatively defensive companies at value for money prices John Kingham explains how to screen for shares with the best combination of quality value income and growth how to conduct a thorough qualitative analysis when to buy when to sell and how to combine your investments into an easy to manage portfolio which reduces risk and increases returns He also illustrates the method throughout with the help of real life examples Each step of the process has a simple rule of thumb to make it easy to remember what you should do When these rules of thumb are put together they provide a checklist of straightforward actionable statements for the Defensive Value Investor to follow You may choose to adopt the full Defensive Value approach or you may prefer to adopt a number of the techniques for use in your own share analysis Either way this comprehensive book is an essential addition to the library of every investor The Warren Buffett Stock Portfolio Mary Buffett, David Clark, 2011-12-13 Bestselling authors Mary Buffett and David Clark examine seventeen companies that Warren Buffett has bought for himself and for his holding company Berkshire Hathaway as durable investments and explain why these companies are once again selling at prices that offer great long term growth prospects Warren Buffett has always believed that the time to buy stocks is when nobody else wants them Even some of the most amazing businesses those with a durable competitive advantage are trading at prices and price to earnings ratios that offer investors serious long term moneymaking opportunities Pessimism about the banking situation in Europe and

unemployment in America have created the perfect storm to bring stock prices down and present value oriented investors some great possibilities In Warren Buffett s world as stock prices decrease the prospects for investment increase Putting a number on those prospects tells Warren whether or not the stock is an attractive buy The Warren Buffett Stock Portfolio explains how to do just that how to value companies and conservatively estimate the kind of future return that an investment is offering at its current market price Mary Buffett and David Clark look at stocks in Warren s portfolio as the basis for their analysis After a brief history of Warren s investment strategy Buffett and Clark explain how to interpret a company s per share earnings and per share book value histories to quickly identify which companies have a durable competitive advantage and to project the compounding annual rate of return that an investment offers The authors provide case studies and evaluations of seventeen companies in Warren Buffett s portfolio The Warren Buffett Stock Portfolio is a valuable companion to the other books in Buffett and Clark s successful series Buffettology The Buffettology Workbook The New Buffettology The Tao of Warren Buffett Warren Buffett and the Interpretation of Financial Statements Warren Buffett s Management Secrets and Warren Buffett and the Art of Stock Arbitrage

So You Want to Be a Superinvestor? Ashray Jha,2023-12-29 It is human nature to make simple things more complicated than they actually are Investing is no exception From our early days in school we are briefly taught about the stock market given complex formulas to take a quantitative approach and use Greek letters to define terms in the stock market The constant use of phrases like smart money by the media makes you believe you have to know everything about investing to have a chance to succeed However there are always two sides to every coin So You Want to Be a Superinvestor examines what we were taught about investing from academia and then questions this conventional thinking Do the greatest investors like Warren Buffett and other Superinvestors also use the conventional wisdom or do they think about investing differently Is this nonconventional investing approach accessible to all or only ultrawealthy millionaires In this easy to understand book the author details his own journey into investing from his early influences from his dad to what he learned in the realm of academia to researching other great Superinvestors Across various books and media these wildly successful investors have shared their teachings on evaluating companies how to think about market cycles investor mindsets and how the macro economy effects investing So You Want to Be a Superinvestor is a comprehensive book that takes the various lessons learned from the Superinvestors and illustrates these points by using examples from the authors own life The author also makes observations on market moving events the changing psychology of investors and provides research and examples from history to guide you in your investing journey These principles can be used by beginners to intermediate investors to emulate the success of the greats
