The Truth About Immigration Zeke Hernandez, 2024-06-04. The go-to book on immigration, fact-based, comprehensive, and nonpartisan. Immigration is one of the most controversial topics in the United States and everywhere else. Pundits, politicians, and the public usually depict immigrants either as villains who pose a threat to our economy, culture, and safety, or as victims, needy outsiders whom we must help at our own cost, if necessary. But the data clearly debunk both narratives. From jobs, investment, and innovation to cultural vitality and national security, more immigration has an overwhelmingly positive impact on everything that makes a society successful. In *The Truth About Immigration*, Wharton professor Zeke Hernandez draws from nearly twenty years of research to answer all the big questions about immigration. He combines moving personal stories with rigorous research to offer an accessible, apolitical, and evidence-based look at how newcomers affect our local communities and our nation. You'll learn about the overlooked impact of immigrants on investment and job creation, realize how much we take for granted the novel technologies, products, and businesses newcomers create, get the facts straight about perennial concerns like jobs, crime, and undocumented immigrants, and gain new perspectives on misunderstood issues such as the border, taxes, and assimilation. Hernandez turns fear into hope by proving that immigrants are essential for economically prosperous and socially vibrant nations.
