At first geography eluded him he would know that two streets met somewhere in the city but he couldn't imagine where Apples and grapefruit now looked the same When he returned home he had trouble remembering where things went and would routinely find cans of tuna in the dishwasher and jars of pencils in the freezer Despite his disabilities Engel prepared to face his dilemma He contacted renowned neurologist Dr Oliver Sacks for advice and visited him in New York City forging a lasting friendship He bravely learned to read again And in the face of tremendous obstacles he triumphed in writing a new novel An absorbing and uplifting story filled with sly wit and candid insights *The Man Who Forgot How to Read* will appeal to anyone fascinated by the mysteries of the mind on and off the page
