Life of Charles Dickens Frank Thomas Marzials,1908-01-01 *The Dickensian* Bertram Waldrom Matz,1906 **All Sorts and Conditions of Men** Walter Besant,1889 Dickens and Empire Grace Moore,2017-03-02 Dickens and Empire offers a reevaluation of Charles Dickens s imaginative engagement with the British Empire throughout his career Employing postcolonial theory alongside readings of Dickens s novels journalism and personal correspondence it explores his engagement with Britain s imperial holdings as imaginative spaces onto which he offloaded a number of pressing domestic and personal problems thus creating an entangled discourse between race and class Drawing upon a wealth of primary material it offers a radical reassessment of the writer s stance on racial matters In the past Dickens has been dismissed as a dogged and sustained racist from the 1850s until the end of his life but here author Grace Moore reappraises The Noble Savage previously regarded as a racist tract Examining it side by side with a series of articles by Lord Denman in The Chronicle which condemned the staunch abolitionist Dickens as a supporter of slavery Moore reveals that the tract is actually an ironical riposte This finding facilitates a review and reassessment of Dickens s controversial outbursts during the Sepoy Rebellion of 1857 and demonstrates that his views on racial matters were a good deal more complex than previous critics have suggested Moore s analysis of a number of pre and post Mutiny articles calling for reform in India shows that Dickens as their publisher would at least have been aware of the grievances of the Indian people and his journal s sympathy toward them is at odds with his vitriolic responses to the insurrection This first sustained analysis of Dickens and his often problematic relationship to the British Empire provides fresh readings of a number of Dickens texts in particular A Tale of Two Cities The work also presents a more complicated but balanced view of one of the most famous figures in Victorian literature

The Phrenological Journal and Life Illustrated ,1870 *Judith Trachtenberg* Karl Emil Franzos,1891 Barnaby Rudge Charles Dickens,1875 Reading Victorian Illustration, 1855-1875 Paul Goldman,2016-04-01 In a reevaluation of that period in Victorian illustration known as The Sixties a distinguished group of international scholars consider the impact of illustration on the act of reading its capacity to reflect construct critique and challenge its audience s values its response to older graphic traditions and its assimilation of foreign influences While focused on the years 1855 to 1875 the essays take up issues related to the

earlier part of the nineteenth century and look forward to subsequent developments in illustration The contributors examine significant figures such as Ford Madox Brown Frederick Sandys John Everett Millais George John Pinwell and Hablot Knight Browne in connection with the illustrated magazine the mid Victorian gift book and changing visual responses to the novels of Dickens Engaging with a number of theories and critical debates the collection offers a detailed and provocative analysis of the nature of illustration its production consumption and place within the broader contexts of mid Victorian culture
