Social Media Isn't Social Al Maag, 2025-07-30 With humor and insight born of decades of experience Al Maag shares what he learned during his Chicago childhood in the 1950s and 60s a stark contrast to the current C generation that has grown up with electronic gadgets Social Media Isn t Social shows why online social media cannot replace face to face human connection and reveals the critical real life social skills you need to succeed today in business and in life

Thinking Big: How the Evolution of Social Life Shaped the Human Mind Robin Dunbar, Clive Gamble, John Gowlett, 2014-06-17 A closer look at genealogy incorporating how biological anthropological and technical factors can influence human lives We are at a pivotal moment in understanding our remote ancestry and its implications for how we live today The barriers to what we can know about our distant relatives have been falling as a result of scientific advance such as decoding the genomes of humans and Neanderthals and bringing together different perspectives to answer common questions These collaborations have brought new knowledge and suggested fresh concepts to examine The results have shaken the old certainties The results are profound not just for the study of the past but for appreciating why we conduct our social lives in ways and at scales that are familiar to all of us But such basic familiarity raises a dilemma When surrounded by the myriad technical and cultural innovations that support our global urbanized lifestyles we can lose sight of the small social worlds we actually inhabit and that can be traced deep into our ancestry So why do we need art religion music kinship myths and all the other facets of our over active imaginations if the reality of our effective social worlds is set by a limit of some one hundred and fifty partners Dunbar s number made of family friends and useful acquaintances How could such a social community lead to a city the size of London or a country as large as China Do we really carry our hominin past into our human present It is these small worlds and the link they allow to the study of the past that forms the central point in this book

Gingerbread Knight Pam Binder, 2021-11-08 Graham a mysterious enchanted knight is skilled at finding lost things His latest assignment is to find a woman and her cookbook if he wants to win his mother s freedom Devon did not intend to visit medieval times She simply opened her grandmother s cookbook Now she desperately wants to get back to her own time and doesn t know how But she is still a woman who will stand up to the

bully in the kitchens to protect the weak and helpless When Graham falls in love with this courageous cheerful woman from the future he knows he must find another way to free his mother Turning Devon over to an uncertain fate makes as much sense as gingerbread cookies without the ginger Together they devise a dangerous plan knowing failure means they will never see each other again **Washed Over** Reinfred Dziedzorm Addo,2022-05-26 When examining his own poetry Reinfred Dziedzorm Addo often finds he is merely a conduit for the words the inspiration source itself being a force or another being In acknowledging a poem s inspiration source he calls the resulting work a dedicada meaning something written in dedication or in recognition of another A debut full poetry collection Washed Over expands upon Addo s chapbook The Dedicadas and is a journey through a space filled with a breadth of forces and beings active in one s existence Identity chaos autumn colors exile people learning from the universe itself these and other dedicadas make this collection an exploration of the experiences of someone washed over by life s many inspirations *The Mosaic Escalator* Michael Nicholson,2024-03-28 The Mosaic Escalator entertains and absorbs Four university students from Melbourne are on a guided tour around Uluru the red monolith at Australia s centre Entering a mysterious opening into the rock they are unable get back out with their indigenous guide Yvonne an adopted Dingo pup and conflict and humour they embark on an amazing journey through time and space As they travel through the unknown the question invariably arises whatever happened between the Free and the Obediently Confined *Nearly Departed in Deadwood* Ann Charles,2011-01-15 The first time I came to Deadwood I got shot in the ass Violet Parker Little girls are vanishing from Deadwood South Dakota and Violet Parker s daughter could be next She s desperate to find the monster behind the abductions But if she s not careful Violet just might end up as one of Deadwood s dearly departed The Pleasures of Contamination David C. Greetham,2010 Through the concept of contamination David Greetham highlights various ways that one text may invade another carrying with it a residue of potential meaning While the focus of this study is on written works the scope ranges widely over music politics art science philosophy religion and social studies Greetham argues that this sort of contamination is not only ubiquitous in contemporary culture but may also be a necessary and beneficial circumstance Tracing contamination from the Middle Ages onward he takes up issues such as the placement of quote marks in Keats s Ode to a Grecian Urn the controversy over the use of evidence for yellowcake uranium in Niger and the reconstitution of reality on YouTube to illustrate that the basic questions of evidence fact and voice have always been slippery concepts **Brown Vs White** Roderick Edwards,2024-06-03 Malcolm X once said that So we won t solve the problem listening to that Uncle Tom Negro and the problem won t be solved listening to the so called white liberal The only time the problem is going to be solved is when a Black man can sit down like a Black man and a white man can sit down like a white man And make no excuses whatsoever with each other in discussing the problem No offense will stem from factors that are brought up But both of them have to sit down like men on one side and on the other side and look at it in terms of Black and white And then take some kind of solution based upon the factors

that we see rather than upon that which we would like to believe This book takes that approach as it looks into all the factors that have created generations of strife of BROWN vs WHITE Racial issues persist for many reasons one of the main reasons is that we refuse to address why Africans have traditionally been used as laborers not only by white people but by all other cultures which encountered Africa pre industrial era including by other Africans Historically some researchers have tried to answer this issue by suggesting a genetic deficiency or lack of cognitive abilities by Africans but clearly this is not the case BROWN vs WHITE explores the reality that Egypt and Libya are NOT the same as black Africa so when black people point to Egyptian history and achievements to imply Africans were and are just as advanced as other cultures they are actually appropriating another culture s history Ancient Egyptians came from Phoenicia Egyptians are not black Africans Lastly until the black man can accept that the African slave trade was operating long before Europeans came to the shores of Africa that the Ashanti and Yoruba tribes were capturing and selling their fellow Africans to Arabs for centuries before the first white ship pulled up to an African dock until that day the racial strife will continue between BROWN vs WHITE **The Science of Good and Evil** Michael Shermer,2005-01-02 Explores how and why people made the leap fom social primate to moral primate discussing how humans transformed the moral sentiments displayed in many primate species into ethical principles

Ancestors and Relatives Eviatar Zerubavel,2012-01-26 Noted social scientist Eviatar Zerubavel casts a critical eye on how we trace our past individually and collectively arguing that rather than simply find out who our ancestors are from genetics or history we actually create the stories that make them our ancestors *The Doomsday Medallion* Avanti Centrae,2022-03-08 The next standalone installment of the 1 international bestselling Da Vinci Code meets Tomb Raider VanOps thriller series is a heart stopping story of spies lies and family ties WINNER POLITICAL THRILLER OF THE YEAR BESTTHRILLERS COM BOOK AWARDS HONORABLE MENTION SOUTHERN CALIFORNIA BOOK AWARDS GLOBAL THRILLER FINALIST JUNE 2022 CHANTICLEER INTERNATIONAL BOOK AWARDS Sixteenth century French prophet Nostradamus predicted the Great Fire of London Napoleon s conquest Hitler s rule and the atomic bomb Can the VanOps team keep the old seer s secrets out of blood stained hands Aikido black belt Maddy Marshall is celebrating the completion of her black ops training when news of a military takeover in the South China Sea shocks the world because it was predicted by a sixteen year old French student When intel chatter spells danger to Avril the young seer VanOps Director Bowman assigns Marshall and her twin brother Will Argones to protect the girl Emotions between the siblings are running hot due to their aunt s recent stroke which has reminded them of the childhood accident that scarred both his chin and her heart Tensions ratchet higher when they arrive at Avril s home to find the instant social media star has been kidnapped leaving them with only clenched fists and cryptic clues that lead to a formula encoded on an etched bronze medallion While Taiwan fears an invasion that will set off an apocalyptic chain of events Marshall and Argones race through medieval French towns Italian cathedrals and ancient Greek temples attempting to find Avril before their enemies use the girl to discover the Holy Grail of
