Having shaped our nation since its birth guns are an integral part of American life. As more and more Americans choose to own firearms it becomes increasingly important to educate them on proper shooting and handling techniques. Drawing on the National Rifle Association's more than two centuries of shooting experience as well as the collected knowledge of more than 55 000 certified instructors, *The NRA Step by Step Guide to Gun Safety* offers key and life saving advice on using, caring for and storing handguns, rifles and shotguns. Packed with essential information and resources including details on how propellants burn in cartridges, shooting etiquette on and off the range and where to find a certified NRA shooting instructor, *The NRA Step by Step Guide to Gun Safety* will help reinforce the importance of safe gun handling habits. Included is information on the safest and most effective way to store and transport pistols, rifles and shotguns. The anatomy of the many kinds of guns available. The proper way to reload any firearm. The best way to clean your gun. Proper use of eye and ear protection. The correct clothing to wear while hunting. Whether you are an experienced shooter or haven't shot a round in your life, *The NRA Step by Step Guide to Gun Safety* will provide new and enlightening information that will make you and your family safer gun owners.

Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self defense, archery, ammunition, knives, gunsmithing, gun repair and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

A 2013 Amazon Breakthrough Novel Award Quarter Finalist, *The Paranormal Romance Guild* says Georgiana Derwent has managed to merge the world of Oxford University with its rich history and very British traditions with a totally entertaining and plausible vampire story. This is going to be a favourite series. A Tale of the Posh, the Privileged and the Paranormal. The Cavaliers are the most elite society at Oxford University, rich, powerful and beautiful. No one realises that they are no ordinary students but a group of aristocratic vampires from the English Civil War. For four hundred years they have groomed the most promising students to run the government, police and finance in the way the vampires wish, granting them eternal life in return for absolute obedience. When Harriet French arrives at Oxford University from her working class northern state school, she's prepared for a culture shock but not to become embroiled in the Cavaliers' scheming and bloodlust. Harriet thought she'd be busy enough juggling her demanding tutor, new friends and

the murky world of student politics But now she must find the rebel vampire who is killing off the members stop the Cavaliers from orchestrating a massacre of the year s most beautiful and successful students and defy the Society to be with the man of her dreams Oxford Blood is a British adult paranormal romance It s a tale with vampires that aren t afraid to kill and a heroine who s not afraid of sex or her own ambition ABOUT THE AUTHOR Georgiana Derwent read History at Oxford University Aside from the vampires The Cavaliers Series is an exaggerated but fairly accurate portrayal of her time there She now works in London and lives with her fiance He s been very supportive throughout the writing of her books mainly because he likes to claim that all the most attractive characters are based on him Georgiana fell in love with vampire novels after reading The Vampire Diaries back in 2000 At the time it was a struggle to find any similar paranormal romances a situation that it s fair to say seems to have been rectified in the last few years She now loves paranormal series such as True Blood fantasy novels and modern literary works in roughly equal measure Ever since her teens she wanted to write a vampire series Ever since going to Oxford she wanted to write a book about her experiences there During a dull few months between finishing university and starting her graduate job she had the idea of combining the two and The Cavaliers Series was born
