The Only Two Men I Need Trilogy:

The Great War and Modern Memory Paul Fussell, 2013-08-08 A new edition of Paul Fussell's literate literary and illuminating account of the Great War now a classic text of literary and cultural criticism

Habitations of the Veil Rebecka Rutledge Fisher, 2014-06-12 In *Habitations of the Veil* Rebecka Rutledge Fisher uses theory implicit in W E B Du Bois's use of metaphor to draw out and analyze what she sees as a long tradition of philosophical metaphor in African American literature. She demonstrates how Olaudah Equiano, Frances Ellen Watkins Harper, Zora Neale Hurston, Richard Wright, and Ralph Ellison each use metaphors to develop a critical discourse capable of overcoming the limits of narrative language to convey their lived experiences. Fisher's philosophical investigations open these texts to consideration on ontological and epistemological levels in addition to those concerned with literary craft and the politics of black identity.

The Written Dead Kyle William Bishop, Angela Tenga, 2017-06-19 From Victor Halperin's *White Zombie* 1932 to George A. Romero's landmark *Night of the Living Dead* 1968 and AMC's hugely successful *The Walking Dead* 2010 zombie mythology has become an integral part of popular culture. In a reversal of the typical pattern of adaptation the zombie developed onscreen before appearing in short stories and comic books during the 20th century and more recently as subjects of more traditional novels. This collection of new essays examines some of the most influential and inventive zombie literature from the early stories to the most recent narratives including some told from a zombie perspective.

The Secrets of Humankind by Divine Design, the Gateway to Mindfulness and Self-awareness (Spiritual warfare series book 2) Eleazar Ben Michael, 2022-03-06 Many have been puzzled for centuries at the biological creature that science calls homo sapiens, humankind. Most people often question what constitutes man's true spiritual nature which is invisible to our sense of sight. There is the quest to know what constitutes the mind, consciousness, the soul, and the essence of our spirit, soul, personality. Many still believe that there may be no definitive answers which will provide the necessary satisfaction about this incorporeal essence of the soul and life of humanity. But how come God made humans the most advanced biological rational beings on the earth plane? Our modern sciences have tried to resolve this great mystery and they have only successfully unveiled the mortal body, the outer self, but yet to understand the inner spiritual nature. The psalmist David wrote many centuries ago asking the same significant question that has plagued humanity throughout time. As King David reflected upon this unique being, humanity, he asked this central question: What is man, humankind, that you are mindful of him and the son of man that you cared for him? Yet you have made him a little lower than the heavenly beings and crowned him with glory and honour. Psalm 8:4-5 ESV: How is he a spiritual being imprisoned in flesh and bones with skin on the outside? How does his soul, consciousness work in harmony with his body and mind? You may be asking if we are a soul as an entity or as a material object that we could carry around. How does man's inner spiritual body help him to relate to the material universe? This book is the second book in the soul trilogy series and it is a must-read resource on the subject of spirituality, mindfulness, and the

nature of the inner human spirit Soul It hopes to guide readers to discover the mystery of the inner self and its relationship to the spirit world
