New York Times bestselling author Terri Blackstock comes the first gripping novel in her If I Run series featuring a strong female protagonist wrongly framed for murder and the troubled investigator who's trying to find her. Casey Cox knows the truth. But it won't set her free. Her DNA is all over the crime scene. There's no use talking to police; they've failed her abysmally before. She has to flee before she's arrested or worse. The truth doesn't matter anymore. But what is the truth? That's the question haunting Dylan Roberts, the war-weary veteran hired to find Casey. PTSD has marked him, damaged goods, but bringing Casey back can redeem him. Though the crime scene seems to tell the whole story, details of the murder aren't adding up. Casey Cox doesn't fit the profile of a killer. But are Dylan's skewed perceptions keeping him from being objective? If she isn't guilty, why did she run? Unraveling her past and the evidence that condemns her will take more time than he has, but as Dylan's damaged soul intersects with hers, he is faced with two choices: the girl who occupies his every thought is a psychopathic killer or a selfless hero. And the truth could be the deadliest weapon yet.
