Soviet Conquest Berlin 1945:

Soviet Conquest Tony Le Tissier, 2014-09-30 How did top Red Army commanders see the assault on Berlin in 1945 what was their experience of the last terrible battle of the Second World War in Europe Personal accounts by the most famous generals involved Zhukov Koniev and Chuikov have been published in English but the recollections of their principal subordinates haven't been available in the west before and it is their role in the final Soviet offensive that is the focus of Tony Le Tissier's fascinating book These were the officers who were responsible for the execution of the Red Army's plan for the assault in immediate touch with the troops on the front line of the advance They saw most clearly where the operation succeeded and where it failed Their recollections publication of which was long banned in the Soviet Union throw a new light on the course of battle and on the inner workings of the Red Army command in the final phase of the conflict **Soviet Conquest**, 2014 How did top Red Army commanders see the assault on Berlin in 1945 what was their experience of the last terrible battle of the Second World War in Europe Personal accounts by the most famous generals involved Zhukov Koniev and Chuikov have been published in English but the recollections of their principal subordinates haven't been available in the west before and it is their role in the final Soviet offensive that is the focus of Tony Le Tissier's fascinating book These were the officers who were responsible for the execution of the Red Army's plan for the assault in immediate touch with the troops on the front line of the advance They saw most clearly where the operation succeeded and where it failed Their recollections publication of which was long banned in the Soviet Union throw a new light on the course of battle and on the inner workings of the Red Army command in the final phase of the conflict The Russians in Germany Norman M. Naimark, 1995 In 1945 when the Red Army marched in eastern Germany was not occupied but liberated This until the recent collapse of the Soviet Bloc is what passed for history in the German Democratic Republic Now making use of newly opened archives in Russia and Germany Norman Naimark reveals what happened during the Soviet occupation of eastern Germany from 1945 through 1949 His book offers a comprehensive look at Soviet policies in the occupied zone and their practical consequences for Germans and Russians alike and ultimately for postwar Europe In rich and lucid detail Naimark captures the mood and the daily reality of the occupation the chaos and contradictions of a period marked by rape and repression the plundering of factories the exploitation of German science and the rise of the East German police state Never have these practices and their place in the overall Soviet strategy particularly the political development of the zone received such thorough treatment Here we have our first clear view of how the Russians regarded the postwar settlement and the German question how they made policy on issues from reparations to technology transfer to the acquisition of uranium how they justified their goals how they met them or failed and how they changed eastern Germany in the process The Russians in Germany also takes us deep into the politics of culture as Naimark explores the ways in which Soviet officers used film theater and education to foster the Bolshevization of the zone Unique in its broad comparative approach to the Soviet military government in Germany this book fills in a

missing and ultimately fascinating chapter in the history of modern Europe *Race for the Reichstag* Tony Le Tissier, 2010-04-30 The acclaimed historian's classic account of the Battle for Berlin offers unprecedented detail and insight into the final days of WWII in Europe This authoritative study dispels the myths created by Soviet propaganda and describes the Red Army's final offensive against Nazi Germany in graphic detail For the Soviets Berlin and the Reichstag in particular was seen as the ultimate prize Stalin had initially promised Berlin to Marshal Zhukov But after Zhukov blundered a preliminary battle Stalin allowed Marshal Koniev Zhukov's rival to launch one of his powerful tank armies at the city The advancing Soviet forces were confronted by a desperate inadequate German defense General Weidling's panzer corps was dragged into the city in a futile attempt to prolong the existence of the Third Reich whose leaders squabbled and schemed in their underground shelters Ten days later after the suicides of Hitler and Goebbels the survivors had to choose between breakout and surrender Drawing on a wide range of Soviet sources and unprecedented access to German archival and memoir materials *Race for the Reichstag* brings into startling focus the bitter fight for the last patch of soil under Wehrmacht control *The Berlin 1945 Battlefield Guide*: David McCormack, 2017-12-17 A meticulously researched and highly detailed history and location guide Insights into the human face of war Period and contemporary photographs bring the history of the battlefield to life An essential guide crammed with useful information and facts for explorers of the Oderfront This guide is specifically tailored towards travellers making the leap from escorted tours to independent battlefield exploration Along with essential tour information there are useful tips hints and suggestions aimed towards making your battlefield journey as stress free and enjoyable as possible While some tour professionals and guide authors still favour traditional stands author David McCormack has used his own experience of leading tour groups to produce a more accessible guide based around viewpoints Therefore what you have is straight forward easy to use guide and uncluttered by unnecessary maps diagrams and tables Each viewpoint has easy to follow directions along with tried and tested satellite navigation instructions to take you direct to the scene of the action This easy to use guide will prove to be your indispensable tour companion as you begin your exploration of the Oder Neisse battlefields Includes an accessible layout and easy to follow tour instructions circular tours designed for novice battlefield explorers tried and tested satellite navigation addresses for every viewpoint lunch breaks and dining suggestions incorporated into tours profusely illustrated with period and contemporary photographs unencumbered by unnecessarily overcomplicated diagrams and maps and detailed historical sections which include some remarkable first hand accounts ***The City Becomes a Symbol*** William Stivers, Donald A. Carter, 2017 This book covers the U S Army's occupation of Berlin from 1945 to 1949 This time includes the end of WWII up to the end of the Berlin Airlift Talks about the set up of occupation by four power rule Provided by publisher ***Berlin 1945*** Michael Brettin, 2016-10-28 Berlin in May 1945 World War II is over in Europe The Soviet army has conquered Berlin a city reduced to rubble and now under martial law imposed by the victorious Communists Soldiers from America Great Britain and France will move into Berlin a few

months later But now broken tanks and makeshift barricades are littering the streets tenements and churches are turned into bombed out shells tunnels are flooded and train tracks destroyed German soldiers are been hauled off to POW camps in Siberia while old men are cutting up dead horses for food women are trading clothing for survival and children are left to their own devices in the ruins And the victors Russian soldiers of the Red Army look as much exhausted as the defeated These rare pictures have been taken by photographers of the Soviet Army and by Germans in their employ among them Otto Donath immediately after the surrender and in the months to follow They are published for the first time in the United States allowing a glimpse into an era of destruction and desperation but also of survival and rebuilding The text is by Michael Brettin Ph D the photos were curated by Peter Kroh both of them editors at Berliner Kurier The preface was written by Stephen Kinzer the former bureau chief of The New York Times in Berlin These photos depict a grotesque normalcy beyond the well known iconography of heroic liberations and optimistic rebuilding Der Spiegel Online At times eerie and at times prosaic the photographs many taken by victorious Soviet Red Army soldiers show ordinary people doing extraordinary things in order to rebuild their lives literally and figuratively amid the ruins of a defeated city Jason Walsh correspondent Christian Science Monitor These never seen pictures of Berlin in ruins are so forceful because for those Berliners destruction was an everyday experience This view of history does not leave anybody untouched untouched Literaturmarktinfo de A veritable gold mine of historical and above all photographic treasures with something for everyone in this book and everything in it from death to birth from joy to sadness from optimism to resignation Luke McCallin author of The Man from Berlin We see it all the unfathomable rubble the homeless and the hungry the German soldiers marched off to prison camps And then the beginnings of recovery and return of the human spirit Even if you think you ve seen it all before on the European war Berlin 1945 is likely to surprise you Greg Mitchell The Nation magazine and author of Hiroshima in America Soviet Conquest Michail Efimovič Katukov,2014 **The Oder Front 1945** A. Stephan Hamilton,2017-09-19 Heeresgruppe Weichsel Vistula was created on the order of Adolf Hitler in part to organize the national defense on German soil Despite the importance of this new command its operations in the final months of the war prior to the Soviet attack on Berlin have received little historical attention in the west Relying on primary documents from Heeresgruppe Weichsel and Oberkommando des Heeres that are reprinted in their entirety along with summary translations this new volume examines why the command came into existence what was its priority compared to that of other commands in the East and how that translated into men and material support for its combat divisions Specific attention is given to the daily operational deployments of the Heeresgruppe divisions and how they were reconstructed after the brutal combat in Pomerania The differences between Himmler and Heinrich s command styles are examined and questions are raised about what if anything Himmler contributed to Germany s final defense Hitler s operational goals are also revealed for the first time through his daily guidance issued to the East Front field commands during the last month of war Surprisingly Heeresgruppe Weichsel and Berlin s defense were not among his

top priorities Operations of the 3 Panzer Armee are presented through the perspective of its three senior officers The previously unpublished wartime diary of General der Infanterie Martin Gareis and the postwar interviews of Generaloberst Hasso Eccard Freiherr von Manteuffel and Generalmajor Burkhard Mueller Hillebrand provide detail on the situation of the Armee through the end of the war and offer insights into key military and political personalities of the Third Reich A Stephan Hamilton s second volume in The Oder Front 1945 series offers a wealth of new information on arguably Germany s single most important command during the final months of the war in Europe The Russians and Berlin, 1945 Erich Kuby,1968

Berlin 1945 Karl Franklin Bahm,2001 After the years of fighting with no quarter given by either Germans or Russians it was inevitable that the victors would show no mercy to the vanquished at the end Even so the savagery of the Russian Armies as they closed on Berlin reached new levels of barbaric behaviour and devastation Through vivid text and unique photographs we witness the ferocity of the final days of the Nazis and the suffering that befell the population of Berlin

We Stormed the Reichstag Vassili Subbotin,2017-03-30 In 1941 when Germany invaded the Soviet Union Vassili Subbotin was caught up as an ordinary soldier in the Red Armys great retreat In 1945 during the final days of the war as a war correspondent he went into Berlin with the troops who fought the ferocious final battles in the streets and sealed Germanys defeat Later he recorded in vivid impressionistic detail the climax of the last act of the campaign and of the entire war in the east the storming of the Reichstag which came to symbolize of the Soviet victory over the Nazis His firsthand experience of that final operation and his insight into the small band of ordinary soldiers who played a part in it is graphically conveyed in this memoir In his description of the confusion and violence of the street fighting around the Reichstag and the vicious hand to hand floor by floor struggle to capture the huge shattered building the personalities of the soldiers are revealed as are their fears and determination Vassili Subbotin served as a conscript in the Red Army during the Second World War first as an infantryman during the Soviet retreat after the German invasion in 1941 then as a divisional war correspondent during the Red Armys long advance towards Germany He was present throughout the final battle for Berlin and observed the capture of the Reichstag at first hand After the war he wrote this evocative memoir recording his experiences and those of the soldiers who took part and in later life he was reunited with those who survived the fighting

Department of State Bulletin ,1959 The official monthly record of United States foreign policy **Congressional Record** United States. Congress,1984 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 East Central Europe and Communism Sabrina P. Ramet,2023-03-23 The communists of East Central Europe came to power promising to bring about genuine equality paying special attention to achieving gender equality to build up industry and create prosperous

societies and to use music art and literature to promote socialist ideals Instead they never succeeded in filling more than a third of their legislatures with women and were unable to make significant headway against entrenched patriarchal views they considered it necessary with the sole exception of Albania to rely heavily on credits to build up their economies eventually driving them into bankruptcy and the effort to instrumentalize the arts ran aground in most of the region already by 1956 and in Yugoslavia by 1949 Communism was all about planning control and politicization Except for Yugoslavia after 1949 the communists sought to plan and control not only politics and the economy but also the media and information religious organizations culture and the promotion of women which they understood in the first place as involving putting women to work Inspired by the groundbreaking work of Robert K Merton on functionalist theory this book shows how communist policies were repeatedly undermined by unintended consequences and outright dysfunctions Hearings, Reports and Prints of the Senate Committee on Foreign Relations United States. Congress. Senate. Committee on Foreign Relations, 1971 *Documents on Germany, 1944-1970* United States. Department of State. Historical Office, 1971 **The Hitler Book** Henrik Eberle, Matthias Uhl, 2009-03-25 Stalin had never been able to shake off the nightmare of Adolf Hitler Just as in 1941 he refused to understand that Hitler had broken their non aggression pact he was in 1945 unwilling to believe that the dictator had committed suicide in the debris of the Berlin bunker In his paranoia Stalin ordered his secret police the NKVD precursor to the KGB to explore in detail every last vestige of the private life of the only man he considered a worthy opponent and to clarify beyond doubt the circumstances of his death For months two captives of the Soviet Army Otto Guensche Hitler s adjutant and Heinz Linge his personal valet were interrogated daily their stories crosschecked until the NKVD were convinced that they had the fullest possible account of the life of the F In 1949 they presented their work in a single copy to Stalin It is as remarkable for the depth of its insight into Adolf Hitler from his specific directions to Linge as to how his body was to be burned to his sense of humor as for what it does not say reflecting the prejudices of the intended reader Joseph Stalin Nowhere for instance does the dossier criticize Hitler s treatment of the Jews Today the 413 page original of Stalin s personal biography of Hitler is a Kremlin treasure and it is said to be held in President Putin s safe The only other copy made by order of Stalin s successor Nikita Khrushchev in 1959 was deposited in Moscow Party archives under the code number 462A It was there that Henrik Eberle and Matthias Uhl two German historians found it Available to the public in full for the first time The Hitler Book presents a captivating astonishing and deeply revealing portrait of Hitler Stalin and the mutual antagonism of these two dictators who between them wrought devastation on the European continent

The Path to the Berlin Wall Manfred Wilke, 2014-04-01 The long path to the Berlin Wall began in 1945 when Josef Stalin instructed the Communist Party to take power in the Soviet occupation zone while the three Western allies secured their areas of influence When Germany was split into separate states in 1949 Berlin remained divided into four sectors with West Berlin surrounded by the GDR but lingering as a captivating showcase for Western values and goods Following a failed

Soviet attempt to expel the allies from West Berlin with a blockade in 1948-49 a second crisis ensued from 1958-61 during which the Soviet Union demanded once and for all the withdrawal of the Western powers and the transition of West Berlin to a Free City Ultimately Nikita Khrushchev decided to close the border in hopes of halting the overwhelming exodus of East Germans into the West Tracing this path from a German perspective Manfred Wilke draws on recently published conversations between Khrushchev and Walter Ulbricht head of the East German state in order to reconstruct the coordination process between these two leaders and the events that led to building the Berlin Wall

World War II in Europe David T. Zabecki, 2015-05-01 World War II defined the 20th century and shaped many events from the decolonization of Africa to the rise and fall of the Berlin Wall This encyclopedia offers a focused overview of this complex and volatile era the circumstances that led up to war the underlying causes its unfolding and consequences Organized for quick and precise access More than 1300 entries by 150 experts are arranged in six sections for easy reference and consultation All the key ideas events actions weapons individuals and organizations that played vital roles in the war are covered from the Axis Pact to the Arab League from the OSS to the Africa Korps from the Chetniks to the Jedburghs from the battle of Kursk to Operation Mincemeat from Bill Donovan to Otto Skorzeny from Gestapo to SMERSH from Georgi Zhukov to Jean Leclerc from the 88 gun to the Norden Bombsight Covers important neglected subjects The Encyclopedia puts special emphasis on the often neglected operations in Eastern Europe and Russia A key section inspects and rates all the major weapons with handy tables for easy comparison And in recognition of the first large scale participation of women in the war the volume thoroughly documents their individual and unit contributions to the Allied effort Finally the encyclopedia discusses battlefield realities that explain for example why the airborne drops at Normandy succeeded and the ones at Arnheim failed A bibliography glossary maps photographs and weapons and data tables enhance the coverage Also includes 16 maps
