OPERATING POLICY AND PROCEDURES **Training for Associates**

INTRODUCTION

Every organization has certain methods of operation that are designed to allow the firm to efficiently achieve its objectives. Many organizations are structured to operate informally, and have few enough personnel that a written document of policies and procedures is felt to be unnecessary.

The management of our firm believes that our clients and customers can be best served if we set out in writing our philosophy of doing business, our company policies which will mirror our philosophy, and the procedures to be used in carrying out those policies.

While we have attempted to provide detailed guidelines in this manual, there will be times when matters must be determined by management's decision, guided by philosophies of fairness, integrity, and good communication.

This is a living document, and we will add to it and change it when appropriate. We hope that you will become well acquainted with it, and refer to it often.
