

Essay Questions:

- Choose a particular idea or theme, such as romantic love, death, or nature, and consider how it is treated in two Romantic poems.
- How do the different authors we have studied so far define and describe oppression?
- Compare Frye's and Bartky's accounts of oppression. What does each imply about women's collusion in their own oppression? Which is more accurate?
- In the texts we've studied, soldiers who served in different wars offer differing accounts of their experiences and feelings both during and after the fighting. What commonalities are there in these accounts? What factors do you think are responsible for their differences?

Watsuji Tetsurô's Global Ethics of Emptiness Anton Luis Sevilla,2017-08-31 This book is a rethinking of ethics and socio political life through the ideas of Watsuji Tetsur Can we build a systematic philosophy of morality society and politics not on the basis of identity and ego but rather on the basis of selflessness This book explores such an attempt by the leading ethicist of modern Japan Using concrete examples and contemporary comparisons and with careful reference to both English and Japanese sources it guides the reader through Watsuji s ideas It engages three contemporary issues in depth First how do we approach the moral

agent as an autonomous being or as a fundamentally relational being Second is it the individual or the community that is the starting point for politics And finally is ethics something that is globally shared or something fundamentally local This book aims to be an informative and inspiring resource for researchers students and laypersons interested in Buddhist thought

Poison Ivy Evan Mandery, 2025-03-18 Hailed as a staggering portrait of inequality in America Philip Dray *Poison Ivy* tells the bigger seedier story of how elite colleges create paths to admission available only to the wealthy despite rhetoric to the contrary In a lively and trenchant *Washington Monthly* account Evan Mandery a Harvard graduate and current professor at a public college that serves low and middle income students reveals how tacit agreements between exclusive Ivy plus schools and white affluent suburbs create widespread de facto segregation And as a college degree continues to be the surest route to upward mobility the inequality bred in our broken higher education system is now a principal driver of skyrocketing income inequality Mandery contrasts the lip service paid to opportunity by so many elite colleges and universities with schools that actually walk the walk Now in an accessible paperback format *Poison Ivy* is a no holds barred takedown *Forbes* that synthesizes fascinating insider information on everything from how students are evaluated unfair tax breaks and questionable fundraising practices to suburban rituals testing tutoring tuition schemes and more This bold provocative indictment of America's elite colleges shows us exactly what's at stake and what will be possible if we muster the collective will to transform it

Women in Academic Leadership Susan J. Bracken, Jeanie K. Allen, Diane R. Dean, 2023-07-03 Colleges and universities benefit from diversity in their leadership roles and profess to value diversity of thought of experience of person Yet why do women remain under represented in top academic leadership positions and in key positions along the academic career ladder Why don't they advance at a rate proportional to that of their male peers How do internal and external environmental contexts still influence who enters academic leadership and who survives and thrives in those roles *Women in Academic Leadership* complements its companion volumes in the *Women in Academe* series provoking readers to think critically about the gendered nature of academic leadership across the spectrum of institutional types It argues that leadership the academy and the nexus of academic leadership remain gendered structures steeped in male oriented norms and mores Blending research and reflection it explores the barriers and dilemmas that these structures present and the professional strategies and the personal choices women make in order to successfully surmount them The authors pose questions about how women leaders negotiate between their public and private selves They consider how women develop a vital sense of self efficacy along with the essential skills and knowledge they need in order to lead effectively how they cultivate opportunity and how they gain legitimacy and maintain authenticity in a male gendered arena For those who seek to create an institutional environment conducive to equity and opportunity this book offers insight into

the pervasive barriers facing women of all colors and evidence of the need for a more complex multi dimensional view of leadership For women in academe who seek to reach their professional potential and maintain authenticity it offers encouragement and a myriad of strategies for their growth and development *The Global Community Yearbook of International Law and Jurisprudence 2014 (Volume 1)* Giuliana Ziccardi Capaldo,2015-09-15 The 2014 edition of The Global Community Yearbook both updates readers on the important work of long standing international tribunals and introduces readers to more novel topics in international law This edition includes expert introductory essays by prominent scholars in the realm of international law on topics as diverse and current as the intervention of the United States and coalition partners in territories under the control of the Islamic State of Iraq and the Levant ISIL to the weak area in the institutional and normative framework of the Revised Treaty of Chaguaramas **Student Successes With Thinking Maps®** David N. The Rule of Unwritten International Law Peter G. Staubach, 2018-04-17 This book seeks to re appreciate the concept of customary international law as a form of spontaneous societal self organisation and to develop the methodological consequences that ensue from this conception for the practice of its application In pursuing this aim the author draws from three different strands of scholarship that have not yet been considered in connection with one another First general jurisprudential theories of customary law second theories of customary international law especially as they relate to international relations scholarship and third methodological approaches to the interpretation of international law This expansive philosophical layout of the book enables the author to put the conceptual enigmas of customary international law into a broader perspective Among the issues discussed in the book are the dichotomy of its traditional and modern forms and the respective benefits and disadvantages of inductive and deductive approaches to its ascertainment In the course of this analysis the author draws insights from Friedrich August Hayek s theory of law as a spontaneous order an information processing device which enables the participants of a legal system to make use of decentralised knowledge The book argues that the major advantage of custom as a source of international law lies in the fact that it is the result of a gradual process of trial and error rather than the product of deliberate planning This makes it a particularly apposite source of law in a time of seismic shifts in the distribution of power within a vastly diverse community of States when a new global order is expected to emerge the contours of which are not yet clearly discernible This book applies general concepts of legal philosophy to explain the continuing relevance of custom as a source of international law while at the same time inferring from this theoretical framework concrete practical and methodological consequences the most important of which is the special role that purposive interpretation plays with respect to rules of international custom Given this broad approach the book will be of interest to several groups of potential readers including academics interested in the philosophy of customary law in general academic international lawyers and legal practitioners especially judges scholars of international relations and all those interested in how the international community of States organises itself

web keto enol tautomerism because of the acidity of α hydrogens carbonyls undergo keto enol tautomerism tautomers are rapidly interconverted constitutional isomers usually distinguished by a different bonding location for a labile hydrogen atom and a differently located double bond

measuring structural and electronic effects on keto enol equilibrium - Jun 29 2023

web jan 27 2016 several factors affect the position of keto enol equilibrium defined here as $k_{eq} = \frac{[enol]}{[keto]}$ including structure steric bulk conjugation electron withdrawing donating groups resonance temperature and solvent a judiciously selected set of compounds that have a common 1 3 dicarbonyl moiety with progressively

nmr laboratory report sofiko maglakelidze nmr determination of keto - Oct 22 2022

web experimental methods detailed experimental procedure used for this experiment is given in the chem 417 laboratory

manual the experiment 1 nmr determination of keto enol equilibrium constant each student prepared 4 tubes with sample solutions and two nmr tubes with solvent only one with deuterated chloroform and one with the methanol

determination of keto enol equilibrium constants and the kinetic - Dec 24 2022

web abstract the keto enol equilibrium constants of acetylacetone ethyl acetoacetate and ethyl benzoylacetate in water at 25 °C are determined by studying the influence of surfactants on their UV-vis spectra following the method applied to benzoylacetone published recently

determination of solvent effects on keto enol equilibria of 1,3 - Aug 20 2022

web nov 1 2007 the use of proton NMR to determine the equilibrium position of tautomeric 1,3-dicarbonyl compounds in various solvents has been a classic physical chemistry experiment we are presenting an expansion of the excellent description of this experiment by Garland Shoemaker and Nibler

determination of keto enol equilibrium constants academia.edu - Apr 27 2023

web using NMR spectroscopy the equilibrium values for different ketones which undergo tautomerization were found by determining relative peak values for each species the value for acetylacetone was found to be $K_c = 6.622$ and for ethyl acetoacetate was $K_c = 7.510$

solved nmr determination of keto enol equilibrium constants - Jul 19 2022

web NMR determination of keto enol equilibrium constants the NMR spectrum below is for acetylacetone with $CDCl_3$ as solvent the photos depict the complete NMR spectrum as well more zoomed in areas of each peak demonstrate how to calculate the equilibrium constant for keto to enol conversion K_c
