Directions: Read the passage. Write the correct answer for each question.

Let It Rain!

It is raining again, but Lucy does not mind. She knows that all of the rain in April will help the flowers grow in May. "Let it rain!", Lucy says as she laughs happily.

What kind of day is it?

What will the rain help grow in May?

How does Lucy feel?

The Idea and Practice of Reading R. Joseph Ponniah, Sathyaraj Venkatesan, 2018-05-08 This book addresses basic issues in language

education and explores how reading with a focus on meaning contributes to the development of all aspects of language including vocabulary spelling grammar and syntax It departs from traditional methods and practices in language learning to investigate the potency of reading in improving language acquisition The traditional practice in language classes to teach language skills explicitly through acquiring forms and structures of language is often less than successful and teachers are gradually incorporating reading materials and practices into the curriculum This book provides important inputs to language teachers and educators on the need to include reading as an idea and as a practice into the curriculum Among other things it explores the benefits of incidental learning of language properties such as vocabulary syntax and grammar and gives adequate exposure to different types of reading strategies to promote reading among learners It also exploits the possible transfer of L1 reading strategies and capabilities to L2 reading for language acquisition In so doing this book hopes to promote autonomous learning among L2 learners and guide readers in alternative strategies to solve comprehension problems

The Writing Revolution Judith C. Hochman, Natalie Wexler, 2017-08-07 Why you need a writing revolution in your classroom and how to lead it The Writing Revolution TWR provides a clear method of instruction that you can use no matter what subject or grade level you teach The model also known as The Hochman Method has demonstrated over and over that it can turn weak writers into strong communicators by focusing on specific techniques that match their needs and by providing them with targeted feedback Insurmountable as the challenges faced by many students may seem The Writing Revolution can make a dramatic difference And the method does more than improve writing skills It also helps Boost reading comprehension Improve organizational and study skills Enhance speaking abilities Develop analytical capabilities The Writing Revolution is as much a method of teaching content as it is a method of teaching writing There s no separate writing block and no separate writing curriculum Instead teachers of all subjects adapt the TWR strategies and activities to their current curriculum and weave them into their content instruction But perhaps what s most revolutionary about the TWR method is that it takes the mystery out of learning to write well It breaks the writing process down into manageable chunks and then has students practice the chunks they need repeatedly while also learning content
