Criminals, Nazis, and Islamists Vera Mironova, 2023 In *Criminals Nazis and Islamists* Vera Mironova examines conflicts and cooperation between inmates in male prisons in the former Soviet Union

She begins by focusing on the earliest prisoner groups in particular the Vory criminal organization which began in the 1930s. The Vory were able to develop rules, norms and unique criminal ideology to ensure their monopoly in prison internal governance. Not only did they establish control over inmates, the Vory also successfully stood up against prison authorities to make inmates' life behind bars as comfortable as possible and as a consequence ensured its own survival in power. Mironova also explains how the Vory uses different methods from strikes to bloody riots to put pressure on prison leadership. The fall of the Soviet Union in 1990 saw an explosion of entrepreneurial criminal organizations and the Vory started losing their grip on prisons. This book reviews how Islamists, Neo Nazis and other major organizations behind bars across the former Soviet Union are currently challenging the Vory and what happens when they take power inside particular prisons and have to govern themselves. By focusing on the margins of Russian life, Mironova offers a unique perspective on the social transformations impacting both the USSR and the post-Soviet space from the 1930s to the Putin era.

Parables and Rhetoric in the Sermon on the Mount Ernst Baasland, 2015-07-27. Parable research has to a large degree ignored the Sermon on the Mount (SM) and for its part, research into the SM has likewise left the parables by the wayside. However, the use of parabolic language in more than one third of the SM influences its interpretation and indeed opens up a new approach to it. In the current volume, Ernst Baasland focuses on this important factor whilst also taking the rhetoric of Jesus' teaching into consideration. The author maintains that rhetorical features have a great bearing on the interpretation of the text with the overall structure illuminating the entire composition of the sermon. Fresh insights into its oration therefore serve to challenge the source problem in a new way. The religious and philosophical settings of this most well-known of Christ's preachings are clarified by its parables and rhetoric and the sermon's Jewish background has often been investigated. While the author continues with that particular task, he simultaneously affords more emphasis to the parallels in Greek Hellenistic literature. The combining of all these factors leads to a clearer comprehension of the Sermon on the Mount's philosophy of life and provides a better understanding of this classical text.
