Writing Assignment

Writing Assignment

Write a multi-paragraph narrative essay about **The Moment that Changed Everything**. Your narrative essay should clearly explain your moment and how you changed as a result of it. The first paragraph will introduce the topic by grabbing the reader's attention in an interesting way. Remember that your goal is to **show** your moment with vivid details rather than just **telling** the reader what happened. This means the first paragraph could set the scene for your moment, or it could introduce the ideas behind the change you experienced. There are several ways to introduce a personal narrative. Remember, the end result is an exploration of an important moment and its effects on you. The first paragraph then becomes a tool to open the story and hook your reader.

You will need a thesis statement for your narrative. The thesis should clearly state what you have learned or how you have changed as a result of your moment, which is the focus of your narrative. Because this will be an *implied* thesis statement, it will not be included in the final essay. It is important, however, that you write it down now to ensure this central thought guides your narrative writing throughout the process.

The two body paragraphs that follow the introduction need to include main points that develop your moment and response to it. Make sure each paragraph advances the story you are telling, or rather showing. Each paragraph should have a topic sentence that introduces your ideas for that paragraph and offers details to support/prove this point. Each of your paragraphs should offer a separate point and be independent of each other but work together coherently.

As you wrap up your narrative with a concluding paragraph, you should include a sentence at the end of your last paragraph that gives a final, interesting thought on your topic.

The grading rubric below will help you further develop your paper. **If required, your instructor will provide you with the specific style guide formatting for your essay (eg. MLA, APA, etc.).

Rubric

Your narrative essay will be graded using five separate categories: Narrative Element, Implied Thesis Statement, Supporting Ideas, Paragraph Development, and Grammar & Punctuation. Each of these five items will be rated as Proficient, Developing, or Needs Improvement.
