The last important point about the economic and business climate in the Middle East is that, while there are many successful companies, there are also many struggling. The United Arab Emirates is a good example of a country that is prospering, but has many economic problems. It is a country that is rich in oil, but has a small economy. It is a country that is rich in oil, but has a small economy. It is a country that is rich in oil, but has a small economy.

**Abstract** In this paper, we study the asymptotic behavior of the eigenvalues of the Laplacian of a graph with respect to the number of vertices. We consider the case of a graph with a fixed number of edges and a fixed number of vertices. We show that the eigenvalues of the Laplacian of a graph with a fixed number of edges and a fixed number of vertices converge to the eigenvalues of the Laplacian of a graph with a fixed number of edges and a fixed number of vertices as the number of vertices goes to infinity.
