the work evolved from slavery to apprenticeship to free labor The Abolitions of Slavery Marcel Dorigny, 2003 The anti slavery movement which followed in the wake of the European slave trade has attracted much less attention than the latter This is particularly true for the abolition movement in the French colonies Slavery Stole My Identity - and other stories Brian Moyo, **Long Past Slavery** Catherine A. Stewart, 2016-02-05 From 1936 to 1939 the New Deal s Federal Writers Project collected life stories from more than 2 300 former African American slaves These narratives are now widely used as a source to understand the lived experience of those who made the transition from slavery to freedom But in this examination of the project and its legacy Catherine A Stewart shows it was the product of competing visions of the past as ex slaves memories of bondage emancipation and life as freedpeople were used to craft arguments for and against full inclusion of African Americans in society Stewart demonstrates how project administrators such as the folklorist John Lomax white and black interviewers including Zora Neale Hurston and the ex slaves themselves fought to shape understandings of black identity She reveals that some influential project employees were also members of the United Daughters of the Confederacy intent on memorializing the Old South Stewart places ex slaves at the center of debates over black citizenship to illuminate African Americans struggle to redefine their past as well as their future in the face of formidable opposition By shedding new light on a critically important episode in the history of race remembrance and the legacy of slavery in the United States Stewart compels readers to rethink a prominent archive used to construct that history Desegregating the Past Robyn Autry, 2017-02-07 At the Apartheid Museum in Johannesburg South Africa visitors confront the past upon arrival They must decide whether to enter the museum through a door marked whites or another marked non whites Inside along with text they encounter hanging nooses and other reminders of apartheid era atrocities In the United States museum exhibitions about racial violence and segregation are mostly confined to black history museums with national history museums sidelining such difficult material Even the Smithsonian s National Museum of African American History and Culture is dedicated not to violent histories of racial domination but to a more generalized narrative about black identity and culture The scale at which violent racial pasts have been incorporated into South African national historical narratives is lacking in the U S Desegregating the Past considers why this is the case tracking the production and display of historical representations of racial pasts at museums in both countries and what it reveals about underlying social anxieties unsettled emotions and aspirations surrounding contemporary social fault lines around race Robyn Autry consults museum archives conducts interviews with staff and recounts the public and private battles fought over the creation and content of history museums Despite vast differences in the development of South African and U S society Autry finds a common set of ideological political economic and institutional dilemmas arising out of the selective reconstruction of the past Museums have played a major role in shaping public memory at times recognizing and at other times blurring the ongoing influence of historical crimes The narratives museums produce to engage with difficult violent histories expose present anxieties concerning identity mis

Slavery, Resistance, and Identity in Early Modern West Africa Makhroufi Ousmane Traoré,2023-11-30 Between the seventeenth and eighteenth centuries more than fifteen million people were uprooted from West Africa and enslaved in the Trans Saharan and Transatlantic slave systems The state of Gajaage located on the West African hinterland offered a doorway to the Atlantic Ocean and played a central role in the wide scale trade system that connected the histories of Africa the Americas and Europe Focussing on the Soninke of Gajaaga Makhroufi Ousmane Traor demonstrates how their resistance to the slave trades led to the formation of a united community bound by an awareness of identity This original study expands our understanding of the various modes of resistance West Africans employed to stem the encroaching tide of Arab imperializing efforts European mercantile capitalism and the Atlantic slave trade whilst also highlighting how ethnic and religious identities were constructed and mobilized in the region **White Creole Culture, Politics and Identity During**

the Age of Abolition David Lambert,2005-07-21 This book explores the articulation of white creole identity in Barbados during the age of abolitionism Christ Identity Sergio Rosell Nebreda,2011-03-09 Sergio Rosell Nebreda focuses on how the Philippian Christ followers received Paul s letter The social historical literary rhetorical anthropological and theological elements are dealt with in order to understand the effect Paul wanted to achieve The main thesis of the book is that the apostle Paul who greatly suffered at Philippi and writing from a prison desires to affect the Philippians believers to acquire a Christ orientation based on the values expressed in the Christ hymn Phlp 2 5 11 forms the core of Paul s theological narrative that aims at constructing a sense of imitatio and conformatio in the Christ following community Paul uses a friendly style in his letters in order to produce rapport and trust in the community presenting himself as exemplum ad imitando after that of Christ It is because Paul so fully identifies with Christ s orientation in life that the apostle presents himself as a slave of Jesus Christ In the midst of a society ill with the desire for honour and power the Christ narrative stands as a radical call for an alternative life style based on the exercise of humility which seeks the interest of others rather than focusing on one s own

needs and desires Paul insists on the basis of the Christ hymn that such a life style reveals God's character and it is therefore a life rewarded Through the use of Social Identity Theory this book evaluates how ancient people constructed their group identity in daily life and how through a seemingly inferior model that of Christ's kenosis in 2 5 11 the community receives a re definition of values which are according to God's values and who has the last word in history Paul thus presents an alternative and viable way of life in the midst of a society he knows well *The Times Style Guide: A practical guide to English usage* Ian Brunskill, Times Books, 2022-05-12 The official style guide followed by The Times and The Sunday Times Uncover the rules conventions and policies on spelling grammar and usage followed by the journalists contributors and editors working on the Times and Sunday Times newspapers Now updated with all the latest policy decisions
