SoundLok™ Sound-Isolation Rooms

How can a student be expected to practice the flute when the sound of the trumpet next door is blasting through the walls and leaking through the vents? Or how can a French horn player improve tone when the internal acoustics in the practice room are muddy or excessively bright?

Wenger pioneered sound isolation in practice rooms, and we continue to use the most advanced technologies to set new standards. That's why we can guarantee the performance of our sound-isolation practice rooms.

Our modular rooms offer a clean, attractive look with closure panels for a seamless installation. And each room is relocatable — so you can move it down the hall or across town as your facility needs change.
