 Income education job security food and housing and gender and race are all examples of the social determinants of health
 These factors influence the health and well being of patients as well as how they interact with health care providers and
 receive health care and unfortunately certain biases can become a barrier to maintaining good health in some communities
 Indigenous groups in North America and US associated Pacific jurisdictions have been subjected to occupation and forced
 relocation mandated boarding schools and other attempts by state and federal governments to eliminate their cultural
 strengths and resources Indigenous Public Health illustrates how successful community engagement strategies programs
 and resources within Indigenous communities have resulted in diverse successful public health programs and helped
