The Philosophy of Football Steffen Borge,2019-06-07 Human beings are the only creatures known to engage in sport We are sporting animals and our favourite pastime of football is the biggest sport spectacle on earth The Philosophy of Football presents the first sustained in depth philosophical investigation of the phenomenon of football In explaining the complex nature of football the book draws on literature in sociology history psychology and beyond offering real life examples of footballing actions alongside illuminating thought experiments The book is organized around four main themes considering the character nature analysis and aesthetics of football It discusses football as an extra ordinary unnecessary rule based competitive skill based physical activity articulated as a social as opposed to natural kind that is fictional in character and where fairness or fair play contrary to much sport ethical discussion is not centre stage Football it is argued is a constructive destructive contact sport and in comparison to other sports is lower scoring and more affected by chance The latter presents to its spectators a more unpredictable game and a darker more complex and denser drama to enjoy The Philosophy of Football deepens our understanding of the familiar features of the game offering novel interpretations on what football is how and why we play it

and what the game offers its followers that makes us so eagerly await match day This is essential reading for anybody with an interest in the world's most popular game or in the philosophical or social study of sport
