

# UNIT 2: AGE OF REFORMATION

## Study Guide

### BIG PICTURE IDEAS

- #1. In 1517, Martin Luther wrote his critiques against the Catholic Church in a document called the **95 Theses**. This ushered in a new religious movement, which is now best known as the **protestant reformation**.
- #2. As a result of the Reformation, some nations, like France and its Edict of **Nantes**, allowed for religious pluralism, while other rulers, like the Habsburgs under the leadership of **Charles V**, did not.
- #3. The Reformation led to religious wars across Europe, including a conflict in central Europe called the **30 years war**. The signing of the **Peace of Westphalia** ended this war and the idea of universal Christendom within Europe.
- #4. New Protestant beliefs continue to add to the 'debate about women,' and Protestant women were increasingly subject to accusations of **witchcraft**. Shifting authorities cause local **government**, rather than the Church, to regulate morality.
- #5. The Catholic Church responded to the Protestant Reformation with its **counter reformation**, and commissioned missionaries, known as **Jesuits**, to restore people to the Catholic faith.
