Tascam Porta User Manual:

TASCAM Randy Alberts, 2003-02 Book TASCAM 30 Years of Recording Evolution is an informative archival book devoted to the company's groundbreaking product line and the people who created it. Recalling the company's perennial leadership role in the music and pro audio industries, firsts include the 1/2 inch 8 track recorder the Portastudio and the digital DA 88 with a glimpse towards the future. This book warmly portrays key past and present employees by re-visiting the landmark products they've built together since 1974. Quotes from respected musicians and producers who have trusted TASCAM gear for seminal recordings including Bo Diddley, Jim Keltner and Alan Parsons are sprinkled throughout this timeline based book. Learn how TASCAM products changed the way musicians captured their ideas and empowered a new generation of songwriters and engineers. Wow! The first classic piece of TASCAM gear I had was the first 4 track Portastudio. That thing allowed me to put so many classic P-Funk song ideas down that I can't even count 'em. Bootsy Collins, Bassist, Songwriter.

HEADZ-zINe: Vol. 1, 'REGIONS-UK', Issue 2 Dr Adam de Paor-Evans, 2021-01-07. HEADZ zINe is a periodical output of the HEADZ Project. Taking the approach of a fanzine with a critical edge, it challenges the convention of academic knowledge production and dissemination. HEADZ zINe seeks to capture the personal, local and communal histories of hip hop. HEADZ zINe is foremost interested in the stories of its co-authors and through a series of in-depth discussions and complimentary analysis of the artefacts and archives of hip hop, HEADZ zINe reveals a set of previously untold stories. When we talk about hip hop culture and hip hop history, we rarely talk about 50 year olds from the far flung corners of the UK, predominantly corners constructed of white majority space where hip hop culture would never have been thought to have existed in the 1980s. However, as hip hop culture exploded across the globe, it infiltrated the remotest inhabited parts of the

world This second issue in Volume 1 of HEADz zINe focuses on pioneering hip hop practitioners and adopters from Devon and Cornwall Much like the personal histories shared in issue 1 by those that grew up in the North West of England there are stories here of limited access to hip hop and a shared sense of desire for fully absorbing the culture or as much as could be absorbed considering communication and societal practices of the era and the region s cultural context The hunger for knowing about hip hop and knowing hip hop became paramount in the lives of some young Westcountry people and in this issue the personal histories of twelve hip hop practitioners and adopters growing up in the provincial cities of Exeter and Plymouth the local towns of Bradninch Camborne and Sidmouth and the villages of Newton Poppleford and Buckland Monachorum are presented This issue focuses on the formative and arguably most important decade for the evolution of provincial hip hop in Devon and Cornwall 1983 1992 However not all co authors discuss this period but rather have focused on specific periods of time within this developmental decade Almost 40 years on from its arrival in Britain this issue presents twelve conversations with its co authors to demonstrate hip hop s girth reach and power Furthermore the narratives here also attest to hip hop s influence on how it has shaped the lives of this issue s co authors by equipping them with a creative and technological skillset how to approach everyday life or understanding their own personal histories and cultural identities from The Westcountry to London to Tanzania to India to Pakistan questioning forms of Englishness and Britishness

The Dead C's Clyma est mort Darren Jorgensen,2023-06-15 The Dead C s Clyma est mort 1993 is the record of a live gig for one person Tom Lax was running the Siltbreeze label in Philadelphia and had come to New Zealand to meet the artists he was releasing He heard The Dead C at their noisy improvised best turning rock music on its head with a free form style of blaring loosely organised sound Leading a second wave of music from Dunedin New Zealand The Dead C were an assault against the kind of jangly pop that had made the Dunedin Sound famous during the 1980s This book uses The Dead C and in particular their album Clyma est mort 1993 to offer insights into the way the best of rock music plays vertigo with our senses illustrating a sonic picture of freedom and energy It places the album into the history of independent music in New Zealand and into an international context of independent labels posting faxing and phoning each other
