Territory in South Asia Lessons from the Anglo Gorkha War 1814 1816 seeks to understand how European colonization
transformed the organization of territory in South Asia through an examination of the territorial disputes that underlay the
Anglo Gorkha War of 1814 1816 and subsequent efforts of the colonial state to reorder its territories The volume argues that
these disputes arose out of older tribute taxation and property relationships that left their territories perpetually intermixed
and with ill defined boundaries It also seeks to describe the long drawn out process of territorial reordering undertaken by
the British in the nineteenth and twentieth centuries that set the stage for the creation of a clearly defined geographical
template for the modern state in South Asia *New Serial Titles* ,1989 A union list of serials commencing publication after

for success and the causes of failure in what became the last throw of the dice for the Allies Some argue that these costly
attacks were a lost opportunity others maintain that the outcomes were simply inevitable This new book about the Gallipoli
battles arises out of a major international conference at the Australian War Memorial in 2010 to mark the 95th anniversary of
the Gallipoli campaign The conference drew leading military historians from around the world to bring multi national
