Robert Penn Warren, a Vision Earned Marshall Walker, 1979

Robert Penn Warren and the American Imagination Hugh Ruppersburg, 1990 The myth of America the gap between American ideals and the actualities of American life is a central and controlling metaphor in the works of Robert Penn Warren Ranging across Warren's distinguished sixty five year career Robert Penn Warren and the

American Imagination identifies the concerns that stem from Warren's vision of American history as a struggle to restore the lost ideals of the founding fathers and shows how they resonate through his writings. From his 1928 biography of the abolitionist John Brown to the late poems of *Altitudes and Extensions*, Warren returned again and again to themes related to democracy, regionalism, personal liberties, individual responsibilities, minority relations, and above all, the loss of ideals. Ruppensburg initially focuses on Warren's expression of these themes in three major narrative poems: *Brother to the Dragons* portrays slavery in all its horror and its consequences for Jeffersonian idealism; *Audubon* extols the power of imagination in one man's quest to assert an American identity in the wilderness; and *Chief Joseph of the Nez Perce* regards the victimization of Native Americans and their exclusion from traditional versions of American history as evidence of flaws in the founding vision. In his nonfiction works *Segregation* and *Who Speaks for the Negro*, Warren depicted the civil rights movement as a struggle for identity and individualism. Ruppensburg traces the development of Warren's attitudes, arguing that his support of the civil rights movement paradoxically stemmed from agrarianism, which by the 1950s meant something very different to him from the agrarianism of *I'll Take My Stand*. In addition, Warren hoped that the civil rights movement would restore some of the nation's original revolutionary ardor and idealism. The book closes with an examination of Warren's views on the future of democracy and the individual in a world dominated and threatened by science and technology. Looking particularly at *The Legacy of the Civil War*, *Democracy and Poetry*, and the poem *New Dawn*, Ruppensburg concludes that Warren was skeptical about our prospects for survival. Still, through his advocacy of the arts and the primacy of the individual, Warren affirmed the values that he believed would help Western culture to endure. Robert Penn Warren sought to explore the meaning of the American experience to validate the promise and the dangers of American ideals and to urge the nation to take stock of itself and struggle for control of its fate in history. Through this obsessive search for America's identity, Ruppensburg demonstrates Warren affirmed his own position as one of the most accomplished and significant of modern American writers.

Selected Letters of Robert Penn Warren Robert Penn Warren, 2013-12-16 In the last decade of his life Robert Penn Warren remained a vibrant force in American literature producing new works of poetry and nonfiction while also dealing courageously with the gradual decline of his health and the diminishment of his poetic powers Toward Sunset at a Great Height 1980 1989 the sixth and final volume of the author's selected letters provides crucial documentation of this period containing Warren's correspondence with friends family fellow writers editors critics and the scholars studying his works Warren published several volumes of poetry including Being Here 1980 Rumor Verified 1981 and Chief Joseph of the Nez Perce 1983 and returned to nonfiction prose with Jefferson Davis Gets His Citizenship Back 1980 and the memoir Portrait of a Father 1988 His letters reveal that he tried to begin writing a novel but was unable to make substantial progress on it and that from 1985 on he became increasingly dissatisfied with his new poems Until his death at age eighty four however Warren maintained an active correspondence filled with news about his writings and travels accounts of the lives of his wife and children and a stoic attitude about his own physical decline as well as a solicitousness regarding the health of others such as his brother Thomas and sister Mary He communicated with rising young scholars and encouraged younger poets he admired Toward Sunset at a Great Height offers rich insights into the closing chapter of Robert Penn Warren's professional and personal life making it an essential resource for understanding the full scope of the author's contribution to American letters

The American Vision of Robert Penn Warren William Bedford Clark, 1991 In 1976 the bicentennial year Robert Penn Warren told Bill Moyers that he was in love with America but his love for the nation was more often than not troubled and angry Warren once remarked that any intelligent person is inclined to criticize his country more strongly than he will criticize anything else And he should It's a way of criticizing himself too Trying to live more intelligently and more fully In The American Vision of Robert Penn Warren a noted Warren scholar traces the evolution of our first poet laureate's distinctive stance toward the American experiment in democracy showing how Warren sought to balance off the claims of self and society in the New World This book surveys the full six decades of Warren's career combining close reading with a historian's eye for social and political context While pointedly avoiding the reductive pitfalls of the new historicism Clark documents the informing role the Great Depression played in shaping Warren's attitudes toward art and politics and he demonstrates the necessity of regarding Warren's major achievements in fiction and verse as forms of public speech Read in this light Warren's

vision offers a set of possibilities for renegotiating America's covenant with its Founders on new and pragmatic terms. Based solidly on the best previous commentary on Warren and his work, Clark's study represents a new approach to its subject and incorporates insights and information garnered from the Warren Papers at Yale. A wide-ranging account of the interplay between an author's imagination and contemporary history, this book should prove of interest to all students of American culture, especially those concerned with the interrelationships of literature, politics, and ideology. Written in a lively and direct style, it will appeal to specialists and general readers alike.

Robert Penn Warren's Modernist Spirituality Robert Steven Koppelman, 1995. Beginning with an overview of Warren's career as a Fugitive at Vanderbilt and then later as a formidable New Critic, Koppelman argues that Warren's regard for the spiritual aesthetic of both literary language and form can be traced to his early study of poetic metaphor. To illustrate Warren's mature vision, Koppelman centers his study on two novels and two poetry collections: *All the King's Men* (1947), *A Place to Come To* (1954), *Promises Poems* (1954-1956), and *Now and Then* (1976-1978). He also examines the critical studies that concentrate on Warren's vision of time, history, and spiritual fulfillment, as well as those essays by Warren that complement his poems and novels in such a way as to elicit the reader's participation in the redemption of their narrators.

Lonelier Than God Randy Hendricks, 2000. The wandering figure was ever present in Robert Penn Warren's work. Randy Hendricks here explores the centrality of the theme of exile as a way of understanding Warren's artistry, showing that the exile figure is both a key to Warren's relation to much of twentieth-century Southern literature and an index to his growth as an artist. Understanding the exile theme, as Hendricks reveals, is crucial to understanding Warren's regionalism, his thinking on race, and his complex theories of language. This insightful work makes clearer Warren's place in American literature and his importance to the definition of Southern literature, and is a valuable resource for anyone seeking to better understand the interplay between regional consciousness, modernity, and the literary imagination.

Then and Now Floyd C. Watkins, 2014-07-15. Taking a new approach to the study of Robert Penn Warren's imposing and still-growing poetic canon, Floyd C. Watkins has found in the poems what he describes as a poetic autobiography unparalleled in American letters. Drawing on interviews with Warren, members of his family, and contemporaries from his hometown, but keeping the poetry itself constantly at the center of his vision, Watkins shows how the poetry has grown from the experience of the boy and man and from his contemplation of his family's and his country's history. He traces through the poems a family chronicle moving from the frontier to the late twentieth century and set in a landscape that is clearly derived from the Kentucky of Warren's boyhood. The little town of Guthrie, divided by railroad tracks with its two burial grounds for whites and blacks, becomes in the poems a town of both memory and imagination, peopled by characters many of whom are recognizable to Warren's contemporaries. The images of a black man fleeing through swampy woods outside the town, of a gray-faced man who led a lynch mob, of a mad druggist making a list of people to poison, all have counterparts in Guthrie's history. *Then and Now* is a revealing and provocative study of the poetic process in a poet who is thought of as the originator of the

biographical fallacy
