UNE HISTOIRE DE FAMILLE

Une Histoire De Famille

Philippe Artières, Dominique Kalifa

Une Histoire De Famille:

Les baby-boomers, une histoire de familles Catherine Bonvalet, Ignace Olazabal, Michel Oris, 2015-08-26 T00:00:00-04:00
Rarement une génération aura autant fait parler d'elle que celle des baby boomers. Ce livre jette un éclairage nouveau sur cette génération au Québec et en France dans une perspective sociologique centrée sur les individus. Des monographes sociologiques, historiens, anthropologues et travailleurs sociaux s'interressent à la façon dont les baby boomers ont transformé la famille et ses différentes manières de faire et d'être.

Une histoire de famille Bernard Leveneur, Fabienne Jonca, 2012, **Affaires de Famille** Marie-Claire Barnet, Edward Welch, 2007. What are families like in contemporary France? And what begins to emerge when we consider them from the point of view of recent theoretical perspectives: faulty cohesion, fake coherence, carefully planned or subversive deconstruction, loss of love, confidence or credibility, or even utter chaos and alarming confusion? Which media revamp old stereotypes, generate alternative reinterpretations and imply more ambiguous answers? Uneasy contradictions and ambiguities emerge in this bilingual collection of approaches and genre studies. The family plot seems to thicken as family ties appear to loosen. Has the family been lost from sight or is it being reinvented in our collective imaginary? This book proposes a new series of perspectives and questions on an old and familiar topic, exploring the state and status of the family in contemporary literature, culture, critical and psychoanalytic theory and sociology.

Une histoire de famille, **Histoire et archives de soi** Philippe Artières, Dominique Kalifa, 2002. Présentent les rapports complexes qu'entretiennent les historiens avec les documents autobiographiques et les archives personnelles et met leurs pratiques en regard de celles des sociologues et des anthropologues.

Renewing the Family: A History of the Baby Boomers Catherine Bonvalet, Céline Clément, Jim Ogg, 2014-10-10. This book traces the history of the baby boomers beginning with an explanation of the cause of the post-war baby boom and ending with the contemporary concerns of ageing boomers. It shows how the baby boomers challenged traditional family attitudes and adopted new lifestyles in the 1960s and 1970s. Drawing on 90 interviews conducted with baby boomers living in London and Paris, the book demonstrates how their aspirations for leisure and consumption converged with family responsibilities and obligations. It shows how the baby boomers emerged from an authoritative upbringing to challenge some of the traditional assumptions of the family such as marriage and cohabitation. The rise of feminism led by the baby boomers is examined together with its impact on family forms and structures. The book shows how women's trajectories veered between the two extremes of family and employment, swerving between the models of stay-at-home mother and working woman. It demonstrates how new family configurations such as solo parenting and recomposed families were adopted by the baby boomers. Today, as they enter into retirement, the baby boomers remain closely involved in the lives of their children and parents, although relationships with elderly parents are maintained primarily through a sense of duty and obligation. The book concludes that the baby boomers have both been influenced by and actors to the changes and transformations that have occurred to family life. They reconciled and continue to reconcile

individualism with family obligations As grandparents often with an ageing parent still alive the baby boomers wish to keep the independence that has been the hallmark of their generation whilst not abandoning family life **Les littératures**
