WORLD EDUCATION REPORT - UNESCO. Unesco, **The United Nations and Education** David Coleman, Phillip W. Jones, 2004-11-10 The UN is often questioned about its ongoing relevance and overall effectiveness particularly in its involvement with educational policy and co operation This groundbreaking book examines the four key agencies within the UN system that share the **World education report** United nations educational, scientific and cultural organisation (UNESCO), 1991 *The International Handbook of Educational Research in the Asia-Pacific Region* J.P. Keeves, Ryo Watanabe, 2013-11-11 The aim of the Handbook is to present readily accessible but scholarly sources of information about educational research in the Asia Pacific region The scale and scope of the Handbook is such that the articles included in it provide substantive contributions to knowledge and understanding of education in the Asia region In so doing the articles present the problems and issues facing education in the region and the findings of research conducted within the region that contribute to the resolution of these problems and issues Moreover since new problems and issues are constantly arising the articles in the Handbook also indicate the likely directions of future developments The different articles within the Handbook seek to conceptualize the problems in each specific content area under review provide an integration of the research conducted within that area the theoretical basis of the research the practical implications of the research and the contribution of the research towards the resolution of the problems identified Thus the articles do not involve the reporting of newly conducted research but rather require a synthesis of the research undertaken in a particular area with reference to the research methods employed and the theoretical frameworks on which the research is based In general the articles do not advocate a single point of view but rather present alternative points of view and comment on the debate and disagreements associated with the conduct and findings of the research Furthermore it should be noted that the Handbook is not concerned with research methodology and only considers the methods employed in inquiry in so far as the particular methods of research contribute to the effective investigation of problems and issues that have arisen in the conduct and provision of education at different levels within the region *Handbook of Global Education Policy* Karen Mundy, Andy Green, Bob Lingard, Antoni Verger, 2016-02-29 This innovative new handbook offers a comprehensive overview of the ways in which domestic education policy is framed and influenced by global institutions and actors Surveys current debates about the role of education in a global polity highlights key transnational policy actors accessibly introduces research methodologies and outlines global agendas for education reform Includes contributions from an international cast of established and emerging scholars at the forefront of the field thoughtfully edited and organized by a team of world renowned global education policy experts Each section features a thorough introduction designed to facilitate readers understanding of the subsequent material and highlight links to interdisciplinary global policy scholarship Written in an accessible and engaging style that will appeal to domestic and international policy practitioners social scientists and education scholars alike Third International

Handbook of Globalisation, Education and Policy Research Joseph Zajda, 2021-09-17 This handbook presents a global overview of current research in education and education policy reforms during the last decade It provides an accessible practical and comparative source of current research that examines the intersecting and diverse discourses of this important issue It first examines globalisation education and policy research and reforms in higher education including coverage of main trends in education and policy reforms globally as well as specific policy issues such as gender equity minorities and human rights Next the handbook offers a comparative perspective that evaluates the ambivalent and problematic relationship between globalisation the state and education reforms globally It features coverage on curricula issues and education reforms in schools around the world the curriculum in the global culture as well as globalisation and education futures with respect to social justice and human rights The handbook contributes to a better and a more holistic understanding of the education reforms and research nexus offering possible strategies for the effective and pragmatic policy planning and implementation at the local regional and national levels It will serve as a vital sourcebook of ideas for researchers practitioners and policy makers in education

International Handbook on Globalisation, Education and Policy Research Joseph Zajda, 2005-12-05 The aim of this Handbook is to present a global overview of developments in education and policy change during the last decade It has the objective of providing both a strategic education policy statement on recent shifts in education and policy research globally and offers new approaches to further exploration development and improvement of education and policy making The Handbook attempts to address some of the above issues and problems confronting educators and policy makers globally Different articles seek to conceptualize the on going problems of education policy formulation and implementation and provide a useful synthesis of the education policy research conducted in different countries and practical implications The Handbook by focusing on such issues as the OECD 2001 model of the knowledge society and associated strategic challenge and deliverable goals OECD 2001 139 UNESCO driven lifelong learning paradigm and its relevance to education policy makers globally different models of policy planning and equity questions that are raised by centralization decentralization diversity uniformity and curriculum standardization issues the crises of educational quality the debate of standards and excellence and good and effective teaching will contribute to a better and more holistic understanding of the education policy and research nexus offering possible strategies for the effective and pragmatic policy planning and implementation at the local regional and national levels

Comparative and International Research In Education Michael Crossley, Keith Watson, 2003-09-02 From the foreword This book is a major contribution to the field of comparative and international education It has been co authored by two distinguished figures who write with authority and clarity and who present conceptual insights which add creative and intellectual vitality to the field at a time of major change and development Changing geopolitical relations the acceleration of globalisation and major advances in information and communication technology have all transformed and revitalised international and comparative research in

education This multidisciplinary book critically examines the implications of this change for those engaged in such work worldwide Groundbreaking and insightful it draws on the latest research and developments in the field to give a comprehensive overview and analysis of the contemporary condition of this valuable form of research Drawing upon the authors extensive international experience the text Re assesses the diverse and multidisciplinary origins of this field of study Documents the increased orientation towards research Explores the changing nature of the problems and issues faced by both new and experienced researchers Puts forward a coherent and well informed case for a thorough reconceptualisation of the field as a whole The book argues eloquently for increased cultural and contextual sensitivity in educational research and development in order that the field might make a more effective contribution to educational theory policy and practice This multidisciplinary work will be welcomed by a wide range of theorists and researchers in education and the social sciences as well as teachers policymakers and anyone concerned with improving dialogue and understanding across cultures and nations

Governance, Management, and Accountability in Secondary Education in Sub-Saharan Africa World Bank,2008-02-14 Increasingly the role of management and governance is recognized as important for providing and delivering effective services at all levels of education In view of the growing demand for more and better services at secondary education levels these are crucial issues that must be addressed urgently Sub Saharan Africa s secondary education and training systems must become more efficient and more effective The current unit costs of junior and senior secondary education in most African countries prevent massive expansion of post primary education This demands a holistic approach to governance and management issues In parallel there is a demand from civil society and governments for greater accountability This study aims to present best practices and identify sustainable development plans for expansion and improved quality and efficiency in the delivery of secondary education in Sub Saharan Africa through better governance management and accountability The Protection of the Right to Education by International Law Klaus Dieter Beiter,2006 In view of the trend of demoting education from human right to human need this book seeks to affirm education as a human right and to describe the various state duties flowing from the right to education by systematically analyzing article 13 of the International Covenant on Economic Social and Cultural Rights Educating All Children Joel E. Cohen,David Elliot Bloom,Martin B.
