The First 1000 Days in the Nordic Countries: Psychosocial Interventions and Psychological Tests: A Review of the Evidence Breivik, Kyrre, Eng, Helene, Kaiser,

Sabine, Karjalainen, Piia, Kurki, Marjo, Kyrrestad, Henriette, Laajasalo, Taina, Martinussen, Monica, Merikukka, Marko, Peltonen, Kirsi, Pettersen, Susann Dahl, Rasmussen, Lene-Mari P., Reedtz, Charlotte, Rye, Marte, 2021-06-22 Available online <https://pub.norden.org/nord2021/037> The report provides an overview and short systematic review of the psychosocial interventions and psychological tests used in the Nordic countries during the first 1000 days of a child's life i.e. from the prenatal period until two years of age A total of 63 interventions and 33 tests were reviewed Findings reveal that although a large number of interventions and tests are available for the target groups in the Nordic countries evidence regarding their effectiveness or psychometric properties is often lacking or insufficient Thus it is important that research efforts be enhanced in the Nordic region to strengthen the evidence base of the interventions and instruments that practitioners rely upon in order to assess and support mental wellbeing for Nordic children and families during this critical period in their lives

An Ocean Untouched and Untried

John-Mark Philo, 2020-03-23 The early modern period saw the study of classical history flourish From debates over the rights of women to the sources of Shakespeare's plays the Greco Roman historians played a central role in the period's political cultural and literary achievements An Ocean Untouched and Untried The Tudor Translations of Livy explores the early modern translations of Livy the single most important Roman historian for the development of politics and culture in Renaissance Europe It examines the influence exerted by Livy's history of Rome the *Ab Urbe Condita* in some of the most pressing debates of the day from Tudor foreign policy to arguments concerning the merits of monarchy at the height of the English Civil War An Ocean Untouched and Untried examines Livy's initial reception into print in Europe outlining the attempts of his earliest editors to impose a critical order onto his enormous work It then considers the respective translations undertaken by Anthony Cope William Thomas William Painter and Philemon Holland comparing each translation in detail to the Latin original and highlighting the changes that Livy's history experienced in each process It explores the wider impact of

Livy on popular forms of literature in the period especially the plays and poetry of Shakespeare and demonstrate the Livy played a fundamental though underexplored role in the development of vernacular literature historiography and political thought in early modern England *Hebrew-English Edition of the Babylonian Talmud* Isidore Epstein, Maurice Simon, 1960
