Background:

Southampton plc has been negotiating a contract with a potential customer in Mexico. Before the negotiation started, the Mexican company requested that it should be allowed to study the accounts of Southampton. These documents were described as useful in assessing the technical credit standing. This is the first request under the company's new accounts since 1998. Unfortunately, the previous request under which the potential customer had studied the firm's strategy had to be cancelled as it failed to pay for the fee.

The sales department has proposed the following statement showing that the contract will make a profit, it is suitable for the sales department to proceed and managers are happy to act in accordance with the type of work.

Obviously the management accountant will also be asked to comment on the statement prepared by the sales department. As this order is different and may need to be for other reasons, it may require the sales manager's advice. The management accountant is required to act in accordance with the company's policy.
