Taking Sides Stephen Satris, 1994 *Taking Sides Clashing Views on Moral Issues Tenth Edition* is a debate style reader designed to introduce students to controversies in moral philosophy. The readings, which represent the arguments of leading philosophers and commentators, reflect a variety of viewpoints and have been selected for their liveliness and substance and because of their value in a debate framework. *Ulrich's Periodicals Directory*, 1989 *Political Philosophies in Moral Conflict* Peter S. Wenz, 2007 *Political Philosophies in Moral Conflict* presents the theories and issues of political philosophy as tools for understanding and expressing the various views of the role of the state in people's lives. Students will explore the impact of classic and contemporary philosophical theories as they affect the political structure of lives today through a variety of current controversial debates such as racial profiling, drug legalization, pollution control, and physician-assisted suicide. Cases such as school vouchers, Microsoft's trade restraint, polygamy, and abortion offer a way to demonstrate the practical impact of competing political philosophies. Society in Focus William E. Thompson, Joseph V. Hickey, Mica L. Thompson, 2018-11-13 *Society in Focus An Introduction to Sociology Ninth Edition* emphasizes how society and social forces affect everything from globalization and international policies to day-to-day activities in our personal lives. In this edition, the authors go beyond the mere questioning of issues to take a closer look at the social world in which we live. They provide an integrated approach that uses sociological thinking to help students analyze and understand key concepts. To focus increased attention on sociological thinking and research methods.

they have chosen four key themes: media and technology, globalization, cultural diversity, and trends for the future. Because sociology is about all of us and our daily lives, it is an eminently practical and useful discipline for understanding our social world. This Ninth Edition includes specific student outcomes for each chapter as well as assessment items linked to those outcomes, new chapter opening vignettes that give real life examples illustrating important terms, concepts, and theories included in that chapter, updated data, statistics, maps, charts, boxes, and tables citing the latest research available, examples of the powerful impact of media and technology on society, especially the role social media play in helping to shape and define our daily social lives, new photos and cartoons accompanied by critical thinking questions that reinforce and illustrate important sociological terms, concepts, and theories.

Juvenile Delinquency William E. Thompson, Jack E. Bynum, Mica L. Thompson, 2020-08-03

Juvenile Delinquency Eleventh Edition discusses delinquency as it relates to and emerges from the youth's family, neighborhood, school, peer group, social class, and overall cultural and social environment. Balancing theory with application, the authors explore the different causes of juvenile delinquency, examine its behaviors and consequences in social contexts, explain the role of the police and court system, and propose strategies for treatment and prevention. Interdisciplinary scholarship from sociologists, psychologists, social workers, criminologists, and other specialists who have sought to understand, explain, control, and prevent juvenile delinquency is incorporated throughout the text. Learning outcomes offer students a roadmap for major concepts and key ideas, while end of chapter outcomes assessments stimulate critical thinking and discussion. In each chapter, Global Focus on Delinquency boxes look at delinquency in different societies, cultures, and subcultures, and Controversial Issue boxes address critical questions. New to This Edition: New Chapter: Female and LGBTQ Delinquency and Feminist Theories emphasizes often overlooked female delinquency and juvenile delinquency in the LGBTQ community. New and updated coverage of the media and social media is incorporated throughout the book to highlight one of the most important influences on juvenile delinquency today. New discussion of transnational gangs and their influence both within and across national borders highlights a global rise in nationalism. Chapter 12: Updated coverage of video gaming and violence, cyberbullying, school shootings, drug usage, drinking, smoking, and vaping is presented and analyzed to keep students up to date on contemporary issues.

Moral Enterprise Kenneth L. Grasso, Robert P. Hunt, 2002 Francis P. Canavan has been described by Gerard V. Bradley as one of the great political theorists of the past thirty years and Robert P. George has hailed him as our most incisive and trenchant critic of liberal judicial activism. In this collection of essays by colleagues, admirers, and former students of Father Canavan, the intellectual and moral foundations of democratic government are explored, especially in light of Canavan's Burke scholarship, his contributions to Catholic social thought, his critique of the liberal intellectual tradition, and his analysis of the problems that confront a pluralistic society such as ours. **Vidura**, 2002 **Taking Sides: Clashing Views on Moral Issues** Stephen Satris, 2009-04-09 TAKING SIDES MORAL ISSUES 12 e presents current controversial issues in a debate style format designed to stimulate student interest and develop critical thinking skills.
