Tao Te Ching Lao Tzu,1989-08-28 The most accessible and authoritative modern English translation of this esoteric but infinitely practical bestselling book No one has done better in conveying Lao Tsu s simple and laconic style of writing so as to produce an English version almost as suggestive of the many meanings intended Alan Watts For nearly two generations Gia fu Feng and Jane English s bestselling translation of the Tao Te Ching has been the standard for those seeking access to the wisdom of Taoist thought Now Jane English and her long time editor Toinette Lippe have revised and refreshed the translation so that it more faithfully reflects the Classical Chinese in which it was first written taking into account changes in our own language and eliminating any lingering infelicities They have retained the simple clarity of the original rendering of a sometimes seemingly obtuse spiritual text a clarity that has made this version a classic in itself selling over a million copies Written most probably in the sixth century B C by Lao Tsu this esoteric but infinitely practical book has been translated into English more frequently than any other work except the Bible Gia fu Feng and Jane English s superb translation offers the essence of each word and makes Lao Tsu s teaching immediate and alive This edition includes an introduction and notes by the well known writer and scholar of philosophy and comparative religion Jacob Needleman

The Tao of the Tao Te Ching Michael LaFargue,2010-03-31 In this new translation and commentary LaFargue interprets the concept of Tao in the Tao Te Ching as a spiritual state of mind cultivated in a particular school in ancient China a state of mind which also expressed itself in a simple but satisfying life style and in a low key but effective style of political leadership The interpretation offered here is not only historically accurate but also conveys the spiritual depth of the Tao Te Ching and its contemporary relevance The translation is made transparent by a design that presents all of the commentary on the page facing the relevant text

Tao Te Ching (with Commentary) Rory Mackay,Lao Tzu,2014-11-07 The Tao Te Ching is one of the world s oldest and most profound pieces of literature Written around 2 500 years ago by the enigmatic Lao Tzu its wisdom is timeless and its message just as relevant today The text presented here with commentary on

all 81 chapters is both subtle and illuminating Lao Tzu explores the workings of the cosmos and the natural world reflecting on the origin and essential nature of mankind He offers us a better way of living one that is free of stress conflict and the perpetual craving and striving that characterises so much of modern life The Tao Te Ching urges us to live in harmony with the natural flow of life Tao literally means the way and throughout the text Lao Tzu draws parallels between the Tao and the effortless flow of nature As one verse states I drift like a wave on the ocean I blow as aimless as the wind More than just poetic words they encapsulate the art of living the Tao When we align ourselves with the flow of life we relax let go and find ourselves living with ease effortless grace and humility

A Translation of Lao-tzu's Tao Te Ching and Wang Pi's Commentary Paul Lin,1977-01-01 During the Spring Autumn period 722 420 BCE and the time of the Warring States 480 222 CE China was in great turmoil Intellectuals and social reformers sifted through their wisdom and knowledge of China's experiences up to then attempting to find a solution to their situation The Tao Te Ching one of the foremost products of the era is a metaphysical book a source of the highest political thought Many readers have found in it representations of the highest ideals of human endeavors Yet given its likely oral origin and the technological limitations of its early textual transmission the Tao Te Ching raises numerous questions related to authorship date of origin internal organization textual coherence and editorial history Of the scores of translations of the Tao Te Ching the great majority are based on the edition prepared by the third century scholar Wang Pi Wang's profound commentary is itself a deeply influential text in the development of Taoist thought Paul Lin presents the commentary otherwise unavailable in English in the form of footnotes accompanying his meticulous rendition of the Taoist classic
