Tarnished Guardian A Guardian Series Short Story:

Grapes of Death Joni Folger, 2013-09-08 When Elise Beckett's long distance beau Stuart offers her a dream job in organic horticulture research she's torn between the opportunity of a lifetime and her responsibilities at her family's River Bend vineyard. But before Elise has time to make her decision Uncle Edmond the family's money loving and temper toting black sheep is found dead on vineyard land. What seems to be an accidental drowning proves to be murder and every Beckett even Elise is a suspect. Sheriff's Deputy Jackson Landry must catch Edmond's killer and Elise is determined to help him whether he wants her to or not. Delving deeper into the mystery Jackson and Elise become tangled in a long vine of suspects and dark secrets. Now a race is on for them to stop the deadly plot before the murderer claims another victim.

Performance of a Deadly Vintage Joni Folger, Life imitates art when murder rears its ugly head at the Delphine Opera House. When Elise Beckett signed on to help with the renovation of Delphine's Opera House she was excited at the prospect of restoring the historic landmark to its former glory. With the Beckett family vineyard providing the libations for the opening night gala the three act play featuring a country murder mystery promises a tasty vintage for everyone. But the performance takes a deadly turn when an actor is murdered on stage in front of a sold out crowd. Now Elise and Deputy Jackson Landry must sift through a mystery that's as elaborate as any award winning stage production where the script is layered with secrets and lies, blackmail and murder.

Faulkner On and Off the Page Carl Rollyson, 2025-04-15 Though numerous biographies have been published on William Faulkner readers are often presented conflicting interpretations of his life and work. Faulkner's view of himself and his own family was mercurial and it is widely acknowledged that Faulkner was an unreliable narrator of his own life. As a result biographies of Faulkner echo and complicate the multitude of ways he portrayed himself, accepting that truth if it exists is subjective. Like his work Faulkner's own life then is not only open to different readings but welcomes them within the landscape of his oeuvre. Faulkner On and Off the Page acknowledges the challenges of factifying a life into a textual narrative while also emphasizing the potential for biography to establish a throughline that traces how literature emerges from life and in turn shapes the life narrative Faulkner constructed for himself. Unburdened by the sanctity of the written word Faulkner embraced mutability and perpetual evolution. This process of reinvention also manifests within the pages of Faulkner's biographies as each biographer brings a unique context and perspective shaped by generations of Faulkner scholars. Rather than thinking of Faulkner as exclusively the great high modernist who strayed to Hollywood when he needed the money and stayed home when he didn't this book portrays an unsettled writer incessantly on the move incorporating what only looked like alien elements into his work while maintaining a public persona that disparaged anything that did not fit the narrative of the novelist he created in interviews, essays and speeches. This book attempts to carry on the work of finding the man on the page even as he is shaping a life off of it. Love Among the Haystacks and Other Stories D. H. performances of gender It is more than a study of gender and social power It is an examination of the ways in which gender affects our capacity to engage ethically with each other in complex human societies This volume offers essays from a range of established global experts in American masculinity as well as new and upcoming scholars in order to explore not just what masculinity once meant has come to mean and may mean in the future in the U S it also articulates what is at stake with our conceptions of masculinity

The Anthropocene in Global Media Leslie Sklair,2020-11-22 This book offers the first systematic study of how the Anthropocene is reported in mass media globally drawing parallels between the use or misuse of the term and the media s attitude towards the associated issues of climate change and global warming Identifying the potential dangers of the Anthropocene provides a useful path into a variety of issues that are often ignored misrepresented or sidelined by the media These dangers are widely discussed in the social sciences environmental humanities and creative arts and this book includes chapters on how the contributions of these disciplines are reported by the media Our results suggest that the natural science and mass media establishments and the business and political interests which underpin them tend to lean towards optimistic reassurance the good Anthropocene rather than pessimistic alarmist stories in reporting the Anthropocene In this volume contributors explore how dangerous this neutralizing of the Anthropocene is in undermining serious global action in the face of the potential existential risks confronting humanity The book presents results from media in more than 100 countries in all major languages across the globe It covers the reporting of key environmental issues such as the impact of climate change and global warming on oceans forests soil biodiversity and the biosphere We offer explanations for differences and similarities in how the media report the Anthropocene in different regions of the world In doing so the book argues that though it is still controversial the idea of the Anthropocene helps to concentrate minds and behaviour in confronting ongoing ecological and Coronavirus crises The Anthropocene in Global Media will be of interest to students and scholars of environmental studies media and communication studies and the environmental humanities and all those who are concerned about the survival of humans on planet Earth T.P.'s and Cassell's Weekly ,1923

The Dao of Healing Lai Pak-Wah,2018-08-01 The last 50 years have seen the popularity of Chinese medicine grow exponentially In China Korea Japan and Singapore Chinese medicine has been incorporated into their healthcare systems to varying degrees In the West it is no longer uncommon for patients to consult Chinese medicine doctors many of whom are non Chinese However among Christians in many parts of the developed world Chinese medicine is still viewed with suspicion and negativity Are these fears justified How can we better understand the roots and practices of Chinese medicine The Dao of Healing takes us on an in depth exploration of the histories and philosophies that have shaped both Western biomedicine and Chinese medicine in order that we might make informed judgements about them If our call is to love our neighbours we need to be able to dialogue with them on the basis of mutual respect and understanding Let this book be the catalyst for meaningful and productive conversations across the divide The Bystander ,1904 *Economy and Society in Burgundy*

Since 1850 Robert Aldrich, 2023-01-20 First Published in 1984 *Economy and Society in Burgundy Since 1850* provides a comprehensive overview of the modern history of Burgundy Burgundy is best known for its wine and its capital of Dijon is most often associated with mustard Yet the region's modern history is more than a history of gastronomy The coming of the railways in the 1850s greatly changed the economic life of the area spurring the growth of Dijon and contributing to rural depopulation Agricultural crises throughout the nineteenth century such as phylloxera epidemic in the vineyards caused further dislocation in rural life Even in the twentieth century the countryside remained agricultural while the city of Dijon owes its dynamism to the expansion of the service sector rather than to heavy industry This book argues that this evolution modernisation without industrialization is not a matter of economic retardation but of the suitability of the region's natural resources and the intentional choice of its population Rich in archival sources this book is an interesting read for scholars and researchers of French history European history and modern history **Liturgical Arts** ,1938 The Builder ,1906
