Coffee Cakes William Reinhart,2016-09-17 As long as I can remember I've always loved the simple buttery taste of a crumb topped coffee cake Nothing I mean nothing for me goes along better with that first hot cup of coffee in the morning So what is a coffee cake and why would I want to make one instead of buying it at the local grocery store First what is a coffee cake To me a coffee cake was a simple single layer cake with a crumb topping Fortunately my wife disagreed and convinced me it was a breakfast cake you had with coffee or tea in the morning I said you're right Each of these scrumptious recipes goes great with your morning beverage of choice and who am I to exclude your favorite flavor or cake style The next question you may ask is why go to the hassle of making one rather than buying it That question got answered for me a long time ago when I made my first coffee cake The aroma that filled our kitchen was amazing and watching it turn a light golden color through the oven door was magic I knew right then and there I made the right decision to learn how to bake If you need more convincing just look at the ingredients list on the box at your local grocery store and compare that to the simple short list of ingredients in my recipes My final argument for baking it yourself is the personal satisfaction not to mention the compliments you're guaranteed to receive Concerned you don't have the skills to make these recipes Not to worry I've included three skill ratings to help determine where to start from rookie bakers with no experience to seasoned bakers that like a challenge Also I've included a chapter on tips and tricks that I've learned over the years that make baking easier and more successful You follow my tips and tricks and my straight forward recipe instructions and I guaranteed you'll be rewarded for it regardless of the recipe you pick And as a final aid each recipe includes a color photo I took of the finished recipe to show you what yours will look like too Finally with over 70 coffee cake recipes to pick from including a gluten free one I'm confident that you'll find one that matches your skills and equally important impresses whoever you decide to share it with Regardless of your baking experience this Coffee Cake Comfort Food Recipe Photo Book is for you
