Una Storia Semplice Leonardo Sciascia:

Una storia semplice Leonardo Sciascia, 2013-03-05T00:00:00+01:00 Una storia semplice una storia complicatissima un giallo siciliano con sfondo di mafia e droga Eppure mai ed un vero tour de force l'autore si trova costretto a nominare sia l'una sia l'altra parola Tutto comincia con una telefonata alla polizia con un messaggio troncato con un apparente suicidio E subito come se assistessimo alla crescita accelerata di un fiore la storia si espande si dilata si aggroviglia senza lasciarci neppure l'opportunità di riflettere Davanti alla proliferazione dei fatti non solo noi lettori ma anche l'unico personaggio che nel romanzo ricerca la verità un brigadiere siamo chiamati a far agire nel tempo minimo i nostri riflessi un tempo che può ridursi come in una memorabile scena del romanzo a una frazione di secondo forse questo l'estremo azzardo concesso a chi vuole ancora una volta scandagliare scrupolosamente le possibilità che forse ancora restano alla giustizia

In limine. Storie di una comunità ai margini della laguna Sauro Gelichi, Silvia Cadamuro, Alessandra Cianciosi, 2018-06-06 Il volume correda un breve percorso espositivo a pannelli testi e immagini per presentare i risultati delle ricerche e degli scavi svolti dal 2011 ad oggi nel sito archeologico Antiche Mura di Jesolo In limine una poesia di Eugenio Montale introduce la raccolta Ossi di Seppia Il titolo e la poesia stessa sono sembrati pertinenti a sintetizzare il senso del progetto archeologico sull'antica Equilo di cui si pubblicano in questo volume i primi risultati In limine significa sulla soglia indica cioè un punto di passaggio un confine e nel nostro caso metaforicamente rimarca il discrimine tra passato e presente il luogo archeologico dove la materia inerte diviene narrazione Qui in limine anche uno spazio fisico preciso quello dell'area delle Antiche Mura luogo anche tangibile della memoria collettiva Un luogo ieri come oggi ai margini Se l'antica Equilo era stato un insediamento sul confine instabile tra mare e laguna la moderna Jesolo che ne ha ereditato il nome ha lasciato che i ruderi della sua memoria restassero al di fuori del centro abitato nel punto dove la città diventa campagna I sorgono le rovine dell'antica cattedrale I rimane il reliquiario della comunità come una sorta di giardino dove affonda un morto viluppo di memorie di nuovo Montale Gli archeologi hanno cercato nel tempo di recuperare quelle memorie e quel passato con pazienza e fatica Cos il progetto nato qualche anno fa per iniziativa del Dipartimento di Studi Umanistici dell'Università Ca' Foscari di Venezia non costituisce che l'ultimo atto di un percorso che ha inizio dalla metà del secolo scorso con gli scavi nell'area della cattedrale e nel vicino sito della chiesa di San Mauro I contributi che si pubblicano in questa circostanza raccontano e sintetizzano i risultati degli ultimi anni di scavi L'interconnessione tra le varie strategie di indagine ci ha consentito di proporre una ricostruzione storica insediativa del sito del tutto inedita e sorprendente

Investigating Identities Marieke Krajenbrink, Kate M. Quinn, 2009 Investigating Identities Questions of Identity in Contemporary International Crime Fiction is one of the relatively few books

to date which adopts a comparative approach to the study of the genre This collection of twenty essays by international scholars examining crime fiction production from over a dozen countries confirms that a comparative approach can both shed light on processes of adaptation and appropriation of the genre within specific national regional or local contexts and also uncover similarities between the works of authors from very different areas Contributors explore discourse concerning national and historical memory language race ethnicity culture and gender and examine how identity is affirmed and challenged in the crime genre today They reveal a growing tendency towards hybridization and postmodern experimentation and increasing engagement with philosophical enquiry into the epistemological dimensions of investigation Throughout the notion of stable identities is subject to scrutiny While each essay in itself is a valuable addition to existing criticism on the genre all the chapters mutually inform and complement each other in fascinating and often unexpected ways This volume makes an important contribution to the growing field of crime fiction studies and to ongoing debates on questions of identity It will therefore be of special interest to students and scholars of the crime genre identity studies and comparative literature It will also appeal to all who enjoy reading contemporary crime fiction

Inquisition and Inquiry Anne Mullen, 2000 This study focuses on the narrative form which figured prominently in Sciascia s literary production in the 1970s and 1980s that is inchiesta the non fiction investigative essay based principally on Manzoni s Storia della colonna infame The Column of Infamy In his inchieste Sciascia investigates episodes in history from the time of the Inquisition through to his own contemporary times where intolerance and injustice outmatch human weakness and fear This study considers Sciascia s commingling of detective and investigative writing and his attempts at historiography One striking feature of his narrative technique is his reliance on literature to interpret the past

Methods of Murder Elena Past, 2012-01-01 Past traces the roots of the twentieth century literature and cinema of crime to two much earlier diverging interpretations of the criminal the bodiless figure of Cesare Beccaria s Enlightenment era On Crimes and Punishments and the biological offender of Cesare Lombroso s positivist Criminal Man

in rural provincial locations is once again gaining status as a subject of European high fiction after several decades in which it was dismissed on aesthetic and ideological grounds This volume is one of the first attempts to investigate perspectives on local cultures values and languages both systematically and in a European context It does so by examining the works of a variety of authors including Hugo Claus Llamazares Bergounioux and Millet Buffalino and Consolo and also several Soviet authors who paint a grim picture of a collectivized and thus ossified rurality How do these themes relate to the ongoing trend of globalization How do these works which are often experimental connect in their form topics language and ideological subtext to the traditional rural or regional genres Far from naively celebrating a lost Eden most of these new Georgics reflect critically on the tensions in contemporary peripheral rural or regional cultures to the point of parodying the traditional topoi and genres This book is of interest to those wishing to reflect on the dynamics and conflicts in contemporary European rural culture

Crime Scenes, 2021-11-01 The essays in this collection are based on papers given at a conference on detective fiction in European culture held at the University of Exeter in September 1997 The range of topics covered is designed to show not only the presence and variety of narratives of detection across different European countries and their different media although there is a predictable emphasis on the novel It also illustrates the fertility of the genre its openness to a spectrum of readings with different emphases formal as well as thematic Approaches to detective fiction have often tended to confine them selves to symptomatic interpretation where details of the fictional world represented are used to diagnose a specific set of social preoccupations and priorities operative at the time of writing Such approaches can yield valuable insights Nonetheless there is a risk of limiting the value of the genre as a whole solely to its role as a mirror held up to society In this perspective issues of structure and style are sidelined or if addressed are praised to the extent that they approach invisibility concision sparseness realism are the qualities singled out for praise The genre also gives much scope for formal innovation and indeed has often attracted already established mainstream writers and filmmakers for just this reason The eclectic diversity of the detective narratives considered in this volume reveal the malleability of the traditional constraints of the genre The essays bear rich testimony to the value of considering the interplay of thematic and structural issues even in the most apparently unselfconscious and popular or populist forms of narrative The patterns of reassurance the triumph of intellect and the ordered rational world of old are now challenged by the need to foreground the problems ambiguities and uncertainties of the self and of society The plurality of meanings and the antithetical imperatives explored in these detective narratives confirm that the most recent forms of the genre are not mere palimpsests of their golden age precursors The subversion of traditional expectations and the implementation of diverse stylistic devices take the genre beyond mere homage and pastiche The role of the reader spectator and critic in conferring meaning is a crucial one **II**
