Parzival A Knightly Epic Volume 2 (of 2) (English Edition) Wolfram von Eschenback ,2014-11-14 Example in this ebook
BOOK X ORGELUSE Now tell we of strange adventures thro which joy shall be waxen low And yet pride shall grow the
greater of the twain doth this story show Now the year of truce was ended when the strife must needs be fought Which the
Landgrave unto King Arthur at Plimiz l had brought At Schamfanzon he challenged Gawain to meet him at Barbig l Yet still
unavenged was Kingrisein at the hand of Kingrimursel In sooth Vergulacht he rode there and thither had come Gawain And
the whole world was ware of their kinship nor might strife be betwixt the twain For the murder Count Eckun t did it and
Gawain must they guiltless hold At rest did they lay their quarrel and friends were those heroes bold Then they parted for
both would ride thence Vergulacht and the knight Gawain Tho both for the Grail were seeking yet apart would they ride
those twain And many a joust must they ride now for he who the Grail would see Sword in hand must he draw anigh it and
swift must his seeking be Now all that befell to Gawain the lot of that blameless knight Since he rode forth from fair
Schamfanzon if he oft on his way must fight Ye shall ask of those who there saw him since naught may I tell ye here Yet
hearken and heed the story and the venture that draweth near One morning Gawain rode gaily o er a grassy plain and green
When a shield in the sun fair shining with lance thrust pierced thro was seen And a charger stood beside it that bare women
s riding gear And the bridle and aye the housing were of costly stuff and dear And the charger and shield beside it were
bound to a linden tree Then he thought Who shall be this woman for valiant I ween is she Since she beareth a shield so
knightly If she thinketh with me to fight How then may I best withstand her Were it better to here alight If too long she
wrestle with me perchance I were overthrown If hatred or love I shall win here I will fight her on foot alone Yea e en an she
were Kamilla who before Laurentium fought Did she live still to battle with me as awhile she for honour sought I would face
her nor fear her prowess if here she my foe would be Tho ne er with a maid have I foughten and the chance seemeth ill to me
Battle hewn was the shield and dinted as Gawain right well espied The nearer he rode unto it and pierced with a lance thrust
wide Such token by joust is painted little payment his skill should know Whose hand erst the shield had fashioned an he
thought him to paint it so By the trunk of the mighty linden sat a maid on the grass so green And sore did she weep and
bewail her and joyless I wot her mien Then around the tree rode Gawain and lo on her knee she bore A knight and she wept
above him and grieved with a sorrow sore To be continue in this ebook **The essays of Michael de Montaigne,
translated into English ... Ninth edition. The translator identified in the preface as Charles Cotton** Michel de
Montaigne,1869 *Parzival A Knightly Epic Volume 1 (of 2) (English Edition)* Wolfram von Eschenback, Example in this
ebook In presenting for the first time to English readers the greatest work of Germany s greatest medi val poet a few words
of introduction alike for poem and writer may not be out of place The lapse of nearly seven hundred years and the changes
which the centuries have worked alike in language and in thought would have naturally operated to render any work

unfamiliar still more so when that work was composed in a foreign tongue but indeed it is only within the present century that the original text of the Parzival has been collated from the MSS and made accessible even in its own land to the general reader But the interest which is now felt by many in the Arthurian romances quickened into life doubtless by the genius of the late Poet Laureate and the fact that the greatest composer of our time Richard Wagner has selected this poem as the groundwork of that wonderful drama which a growing consensus of opinion has hailed as the grandest artistic achievement of this century seem to indicate that the time has come when the work of Wolfram von Eschenbach may hope to receive from a wider public than that of his own day the recognition which it so well deserves Of the poet himself we know but little save from the personal allusions scattered throughout his works the dates of his birth and death are alike unrecorded but the frequent notices of contemporary events to be found in his poems enable us to fix with tolerable certainty the period of his literary activity and to judge approximately the outline of his life Wolfram s greatest work the Parzival was apparently written within the early years of the thirteenth century he makes constant allusions to events happening and to works produced within the first decade of that period and as his latest work the Willehalm left unfinished mentions as recent the death of the Landgrave Herman of Thuringia which occurred in 1216 the probability seems to be that the Parzival was written within the first fifteen years of the thirteenth century Inasmuch too as this work bears no traces of immaturity in thought or style it is probable that the date of the poet s birth cannot be placed much later than 1170 The name Wolfram von Eschenbach points to Eschenbach in Bavaria as in all probability the place of his birth as it certainly was of his burial So late as the end of the seventeenth century his tomb with inscription was to be seen in the Frauen kirche of Ober Eschenbach and the fact that within a short distance of the town are to be found localities mentioned in his poems such as Wildberg Abenberg Tr hending Wertheim etc seems to show that there too the life of the poet knight was spent By birth as Wolfram himself tells us he belonged to the knightly order Zum Schildesamt bin Ich geboren though whether his family was noble or not is a disputed point in any case Wolfram was a poor man as the humorous allusions which he makes to his poverty abundantly testify Yet he does not seem to have led the life of a wandering singer as did his famous contemporary Walther von der Vogelweide if Wolfram journeyed as he probably did it was rather in search of knightly adventures he tells us Durchstreifen muss Der Lande viel Wer Schildesamt verwalten will and though fully conscious of his gift of song yet he systematically exalts his office of knight above that of poet The period when Wolfram lived and sang we cannot say wrote for by his own confession he could neither read nor write I ne kan decheinen buochstap he says in Parzival and in Willehalm Waz an den buochen steht geschrieben Des bin Ich kunstelos geblieben and his poems must therefore have been orally dictated was one peculiarly fitted to develop his special genius To be continue in this ebook

English Poetry of the Romantic Period 1789-1830 J.R. Watson, 2014-03-18 On its first appearance English Poetry of

the Romantic Period was widely praised as one of the best introductions to the subject. This edition includes updated material in the light of recent work in Romanticism and Romantic poetry. The book discusses the concerns that linked the Romantic poets from their responses to the political and social upheavals around them to their interest in the poet's visionary and prophetic role. It includes helpful and authoritative discussions of figures such as Blake, Clare, Coleridge, Crabbe, Keats, Scott, Shelley, and Wordsworth.
