Unc Essay Questions 2015:

Youth Crime and Violence in the Caribbean Camille A. Gibson, Lorna E. Grant, Sherill V. C. Morris-Francis, 2024-01-04

This compilation of works highlights the historical economic and human dynamics behind youth offending in the nations of the West Indies. *Youth Crime and Violence in the Caribbean* offers insights into the slow rate of system change yet leaves readers with an optimistic picture of possibilities. Recent events in Haiti and neighboring Venezuela demonstrate how quickly dynamics in the Caribbean area can shift if crime is not addressed and people increasingly disengage from systems in a manner that allows despots to rise to power. When this happens the impacts are not localized. Tobe: A Critical Edition

Benjamin Filene, 2019-09-10 When UNC Press published Stella Gentry Sharpe's *Tobe* in 1939 it was hailed as one of the first children's books to offer a dignified portrayal of an African American child and his family. Today the power of *Tobe* lies as much in the questions it raises: Whose story gets told? Who gets to tell it? How do stories shape how we see ourselves and each other? This volume reproduces the original volume's text and images, places the book in the context of its time, and offers thought-provoking ways to read *Tobe* with fresh eyes. Benjamin Filene explores the book as a story told in words, as a world constructed through photographs, as a chapter in the history of juvenile literature, and through interviews with the people photographed and their descendants as a window into community memory. Encouraging close readings and second looks, Filene presents a project kit for exploring a historical text, yielding surprising insights. This new edition of a children's classic opens up questions of race, voice, and power in ways that encourage fruitful conversation and resist easy answers. **When I**

in Awesome Wonder Jill Y. Crainshaw, 2017-08-22 All of life is liturgy. People encounter God as they live, work, and play in human communities, and as they work to sustain the health of communities and the ground on which communities are built. Liturgy is distilled from everyday life when we peer through the mist and see the sacramental and spiritual dimensions of daily actions, objects, conversations, and events. In *When I in Awesome Wonder*, Jill Y. Crainshaw explores this dimension of spirituality and celebrates the ways God's sacramental gifts and presence arise from and return to everyday human experiences. *Public History* Thomas Cauvin, 2016-05-20 *Public History: A Textbook of Practice* is a guide to the many challenges historians face while teaching, learning, and practicing public history. The text engages throughout with key issues such as public participation, digital tools and media, and the internationalization of public history. different practices such as collection management preservation archives objects sounds moving images buildings sites and landscape oral history and genealogy Part Two deals with the different ways in which public historians can produce historical narratives through different media including exhibitions film writing and digital tools The last part explores the challenges and ethical issues that public historians will encounter when working with different communities and institutions Either in public history methods courses or as a resource for practicing public historians this book lays the groundwork for making meaningful connections between historical sources and popular audiences Citizens of Memory Silvia R.

The Progressives' Bible Claudia Setzer,2024-05-21 While conservative groups have often appealed to the Bible to support their positions so too have many progressive voices rooted in the Bible seeing their struggles in its narratives and characters and drawing on its verses to prove the truth of their arguments Abolitionism countered pro slavery arguments with copious biblical material Women s rights advocates strongly disagreed with one another about whether the Bible was good news for their cause but some argued that it was Temperance a broadly inclusive reform movement in the nineteenth century employed arguments that reflected a critical non literalist stance to the text Civil rights speakers identified with biblical figures and struggles infusing their rhetoric with familiar verses The Progressives Bible foregrounds women especially women of color like Maria Stewart Septima Clark and Fannie Lou Hamer while also considering the works of crucial figures like Frederick Douglass and Martin Luther King Jr A final chapter describes contemporary social justice movements that draw strength from biblical and religious traditions from Jewish Catholic and Protestant perspectives

Black Life Matter Biko Mandela Gray,2022-10-14 In Black Life Matter Biko Mandela Gray offers a philosophical eulogy for Aiyana Stanley Jones Tamir Rice Alton Sterling and Sandra Bland that attests to their irreducible significance in the face of unrelenting police brutality Gray employs a theoretical method he calls sitting with a philosophical practice of care that seeks to defend the dead and the living He shows that the police who killed Stanley Jones and Rice reduced them to their bodies in ways that turn black lives into tools that the state uses to justify its violence and existence He outlines how Bland s arrest and death reveal the affective resonances of blackness and he contends that Sterling s physical movement and speech before he was killed point to black flesh as unruly living matter that exceeds the constraints of the black body These four black lives Gray demonstrates were more than the brutal violence enacted against them they speak to a mode of life that cannot be fully captured by the brutal logics of antiblackness

A Companion to Pietro Aretino Marco Faini,Paola Ugolini,2021-08-16 A Companion to Pietro

Aretino offers exhaustive yet accessible essays aimed at understanding this complex and fascinating author. Its scope extends beyond the field of Italian studies and includes references to other European literatures, visual arts, music, performance studies, gender studies, and social and religious history. It explores multiple areas of Aretino's literary and biographical identity, in particular his religious writings and their fortune, his relationships to visual arts and music, and his fashioning of a public persona. The essays here included support the current scholarly trend that no longer considers Aretino merely as a pornographer but interpret his work in the light of the contemporary religious debate and cultural crisis. Contributors include Lise Boillet, Maria Cristina Cabani, Eleonora Carinci, Philip Cottrell, Giuseppe Crimi, Cathy Ann Elias, Marco Faini, Augusto Gentili, Harald Hendrix, Paul Larivaille, Chiara Lastraioli, Paolo Marini, Ian F. Moulton, Paolo Procaccioli, Brian Richardson, Angelo Romano, Deanna Shemek, Jane Tylus, Paola Ugolini, and Raymond B. Waddington.

Whiteness in the Ivory Tower Nolan L. Cabrera, 2024. Whiteness is the foundation of racism and racial violence within higher education institutions. It is deeply embedded in the ideologies and organizational structures of colleges and universities that guide practices, policies, and research. The purpose of this book is not to simply uncover these practices but rather to intentionally center the harm that Whiteness causes to communities of Color broadly in order to transform these practices. For example, Cabrera explores what academic freedom and tenure could look like if they actually divorced themselves from Whiteness. Readers will dive into these and other pressing issues guided by both critical social analysis as well as hope for the possibilities of human liberation from oppression. This is important reading for university and college professors, scholars, diversity officers, student affairs professionals, and everyone looking for ways to center the needs of historically marginalized students.

Book Features: Extends the work of Beverly Daniel Tatum's classic text *Why Are All the Black Kids Sitting Together in the Cafeteria?* Explores what truly embedding anti-racism and decolonial praxis into higher education institutions could look like. Uses critical race theory to analyze the cause of racism and the effect Whiteness has on people of Color. Offers a critical but concurrently hopeful view that anti-racist futures are both possible and necessary.

Radical Intellectuals and the Subversion of Progressive Politics Michael J. Thompson,Gregory Smulewicz-Zucker,2015-09-09 Radical Intellectuals and the Subversion of Progressive Politics is a challenge to contemporary radical politics and political thought This collection of essays critiques the dominant trends and figures on the left that have distorted the legacy of progressive politics arguing that they have moved politics away from issues of class and economic power toward a preoccupation with culture and identity The contributors discuss this new radicalism from the perspective of a more rational form of leftism capable of reviving interest in a more politically relevant form of politics

Afro-Dog Bénédicte Boisseron,2018-08-14 The animal rights organization PETA asked Are Animals the New Slaves in a controversial 2005 fundraising campaign that same year after the Humane Society rescued pets in the aftermath of Hurricane Katrina while black residents were neglected some declared that white America cares more about pets than black people These are but two recent examples of a centuries long history in which black life has been pitted against animal life Does comparing human and animal suffering trivialize black pain or might the intersections of racialization and animalization shed light on interlinked forms of oppression In Afro Dog B n dicte Boisseron investigates the relationship between race and the animal in the history and culture of the Americas and the black Atlantic exposing a hegemonic system that compulsively links and opposes blackness and animality to measure the value of life She analyzes the association between black civil disobedience and canine repression a history that spans the era of slavery through the use of

police dogs against protesters during the civil rights movement of the 1960s to today in places like Ferguson Missouri She also traces the lineage of blackness and the animal in Caribbean literature and struggles over minorities right to pet ownership alongside nuanced readings of Derrida and other French theorists Drawing on recent debates on black lives and animal welfare *Afro Dog* reframes the fast growing interest in human animal relationships by positioning blackness as a focus of animal inquiry opening new possibilities for animal studies and black studies to think side by side *The Ballad of Robert Charles* K. Stephen Prince, 2021-02-10 For a brief moment in the summer of 1900 Robert Charles was arguably the most infamous black man in the United States After an altercation with police on a New Orleans street Charles killed two police officers and fled During a manhunt that extended for days violent white mobs roamed the city assaulting African Americans and killing at least half a dozen When authorities located Charles he held off a crowd of thousands for hours before being shot to death The notorious episode was reported nationwide years later fabled jazz pianist Jelly Roll Morton recalled memorializing Charles in song Yet today Charles is almost entirely invisible in the traditional historical record So who was Robert Charles really An outlaw A black freedom fighter And how can we reconstruct his story In this fascinating work K Stephen Prince sheds fresh light on both the history of the Robert Charles riots and the practice of history writing itself He reveals evidence of intentional erasures both in the ways the riot and its aftermath were chronicled and in the ways stories were silenced or purposefully obscured But Prince also excavates long hidden facts from the narratives passed down by white and black New Orleanians over more than a century In so doing he probes the possibilities and limitations of the historical imagination
