Rim Country Exodus Daniel J. Herman, 2016-01-15 Winner Labriola Center American Indian National Book Award For thousands of years humans have lived on the sprawling escarpment in Arizona known as the Mogollon Rim a stretch that separates the valleys of central Arizona from the mountains of the north A vast portion of this dramatic landscape is the traditional home of the Dilzhe e Tonto Apache and the Yavapai Now Daniel Herman offers a compelling narrative of how from 1864 to 1934 the Dilzhe e and the Yavapai came to central Arizona how they were conquered how they were exiled how they returned to their homeland and how through these events

they found renewal Herman examines the complex contradictory and very human relations between Indians settlers and Federal agents in late nineteenth and early twentieth century Arizona a time that included Arizona s brutal Indian wars But while most tribal histories stay within the borders of the reservation Herman also chronicles how Indians who left the reservation helped build a modern state with dams hydroelectricity roads and bridges With thoughtful detail and incisive analysis Herman discusses the complex web of interactions between Apache Yavapai and Anglos that surround every aspect of the story Rim Country Exodus is part of a new movement in Western history emphasizing survival rather than disappearance Just as important this is one of the first in depth studies of the West that examines race as it was lived Race was formulated Herman argues not only through colonial and scientific discourses but also through day to day interactions between Indians agents and settlers Rim Country Exodus offers an important new perspective on the making of the West
