[Stephen King's Contemporary Classics](#) Philip L. Simpson, Patrick McAleer, 2014-11-13 Many readers know Stephen King for his early works of horror from his fiction debut Carrie to his blockbuster novels The Shining The Stand and Misery among others While he continues to be a best selling author King's more recent fiction has not received the kind of critical attention that his books from the 1970s and 1980s enjoyed Recent novels like Duma Key and 12/26/63 have been marginalized and arguably cast aside as anomalies within the author's extensive canon In Stephen King's Contemporary Classics Reflections on the Modern Master of Horror Philip L. Simpson and Patrick McAleer present a collection of essays that analyze assess and critique King's post 1995 compositions Purposefully side stepping studies of earlier work these essays are arranged into three main parts the first section examines five King novels published between 2009 and 2013 offering genuinely fresh scholarship on King the second part looks at the

development of King's distinct brand of horror the third section departs from probing the content of King's writing and instead focuses on King's process By concentrating on King's most recent writings this collection offers provocative insights into the author's work featuring essays on *Dr Sleep* *Duma Key* *The Girl Who Loved Tom Gordon* *Joyland* *Under the Dome* and others As such Stephen King's Contemporary Classics will appeal to general fans of the author's work as well as scholars of Stephen King and modern literature

Representing 9/11 Paul Petrovic, 2015-06-17 As the horrific events of September 11 2001 slip deeper into the past the significance of 9 11 remains a global cultural touchstone Initially

filmmakers writers and other artists wrangled with its meaning often relying on fantastical ethnic or exceptionalist themes to address the psychic dread of the terrorist attacks Over time however more nuanced and socio historical perspectives about 9 11 and its impact on America and the world have emerged In *Representing 9 11 Trauma Ideology and Nationalism in Literature Film and Television* prominent authors from a variety of disciplines demonstrate how emergent American and international texts expand upon and complicate the initial post 9 11 canon Editor Paul Petrovic has assembled a collection of essays that broadens our understanding of how popular culture has addressed 9 11 particularly as it has evolved over time Contributors bring fresh readings to popular novels such as Jonathan Lethem's *Chronic City* and Jonathan Franzen's *Freedom* films like *Zero Dark Thirty* and *This Is the End* and television shows such as *24* and *Homeland* Showcasing a diverse range of viewpoints essays in this collection assess among other topics how African American identity is challenged by post 9 11 allegories how superhero films foretell the inevitability of city wide destruction by terrorists and how shows like *Breaking Bad* problematize ideas of liberalism and masculinity Though primarily aimed at scholars *Representing 9 11* seeks to engage readers interested in how various forms of media have interpreted the events and aftermath of the terrorist attacks in 2001

Stephen King Rocky Wood,2017-02-10 This companion provides a two part introduction to best selling author Stephen King whose enormous popularity over the years has gained him an audience well beyond readers of horror fiction the genre with which he is most often associated Part I considers the reception of King's work the film adaptations that they gave rise to the fictional worlds in which some of his novels are set and the more useful approaches to King's varied corpus Part II consists of entries for each series novel story screenplay and even poem including works never published or produced as well as characters and settings **Stephen King's Maine** Sharon Kitchens,2024-05-20 Much of Western Maine reads like a Stephen King novel The dense dark woods and backcountry ponds The century old houses with gravel driveways and immense flower gardens acres of farmland miles from a highway Serpentine country roads dotted with farmstands and picturesque main streets lined with battered pickups Places where especially during the dark and rainy days of October and November things can get downright spooky Author Sharon Kitchens identifies the locations that serve as the basis for King's fictional towns of Castle Rock Jerusalem's Lot Derry and Haven Drawing on historical materials and conversations with locals and people who know King the author sheds light on daily life in places that would become the settings for *Carrie* *Salem's Lot* *The Dead Zone* *Cujo* *IT* and *11 22 63* *Surviving Stephen King* Rebecca Frost,2021-10-22 Stephen King frequently places his human characters in danger against a supernatural antagonist These characters being realists of the late 20th and early 21st centuries must first overcome their disbelief at what is happening to them and then decide what to do about it Both their explanations for the strange happenings and their attempts to deal with them can be divided into four main categories cultural appropriation Christianity especially Catholic rites attempts at utter destruction and a resignation to simply live or die with the supernatural intact This book examines over 30 of King's works revealing that the overall success of the

characters in removing the supernatural threat from their towns or perhaps defeating it entirely does not depend fully on which of these four paths of action they choose. It is possible for any attempt to destroy the supernatural threat to fail, and what works in one of King's books will not have the same outcome in another. For King, the most likely success comes when his characters can choose a course of action that allows them to stand and be true to themselves.
