Militant Michael Crick,2016-03-10 When it was originally published in 1984 Michael Crick's treatise on the Militant tendency was widely acclaimed as a masterly work of investigative journalism and although the rise of Jeremy Corbyn can be attributed more to the phenomenon of Corbynmania than to hard left entrism to some within the party Crick's groundbreaking book must seem like a lesson from history Updated and expanded Crick explores the origins organisation and aims of Militant the secret Trotskyite organisation that operated clandestinely within the Labour Party edging out adversaries at grass roots level and recruiting people to its own ranks which at its peak in the mid 1980s swelled to around 8 000 members Whilst eventually most of its leaders were expelled it caused damaging rifts within the party and closed the door to Downing Street for almost a generation

Southerners on Film Andrew B. Leiter,2011-08-31 The representation of Southerners on film has been a

topic of enduring interest and debate among scholars of both film and Southern studies These 15 essays examine the problem of Southern identity in film since the civil rights era Fresh insights are provided on such familiar topics as the redneck image transitions to modernity and the prevalence of the Southern gothic Other essays reflect the reinvigorated and expanding field of new Southern studies and topics include the transnational South the intersection of ethnicity and environment and the cultural significance of Southern identity outside the South Kill Chain Andrew Cockburn,2015-07-01 Kill Chain is the essential history of drone warfare a development in military technology that as Andrew Cockburn demonstrates has its origins in long buried secret programmes dating to US military interventions in Vietnam and Yugoslavia Cockburn follows the links in a chain that stretches from the White House through the drone command center in Nevada to the skies of Helmand Province The book reveals the powerful interests military CIA and corporate that turned the Pentagon away from manned aircraft and boots on the ground to killing by remote control Cockburn uncovers the technological breakthroughs the revolution in military philosophy and the devastating collateral damage resulting from assassinations allegedly targeted with pinpoint precision Vivid powerful and chilling Kill Chain draws on sources deep in the military and intelligence establishment to lay bare the failure of the modern American way of war *Mrs. Baul Investigates* Lynne E. Chandler,2012-09-27 Moving to the Middle East at the height of the war on terror Rev Baul becomes the priest of the international Episcopal church in Cairo Egypt Paranoid of danger imagined at every turn Mrs Baul is convinced that this assignment is proof that her gifted husband is working as a secret agent in addition to his priestly duties a double opportunity as she comes to call it Quite oblivious to her meddling Rev Baul dotes on his wife with great admiration despite her disapproval of his pigeon racing hobby Behind the scenes their two savvy children in league with their gadget inventing Grandpa Baul expend huge efforts to keep peace intact as Mrs Baul ventures to blow the lid off brewing deception involving a Donkey Rescue charity and a kidnapped bishop whose trail leads the entire Baul entourage to a climatic pigeon race in the remote desert oasis of Siwa **Malay Characters in Malaysian Novels in English** Zawiah Yahya,1988 *Avoiding The Terrorist Trap: Why Respect For Human Rights Is The Key To Defeating Terrorism* Thomas David Parker,2019-06-17 This book makes uncomfortable reading both in its detailed analysis of terrorism and its causes and in the critique of state responses particularly in modern times It is unusual to have such a defence of a human rights framework from a counter terrorism practitioner rather than from within the legal fraternity It is this that makes the case even more persuasive All who are involved in counter terrorism strategy should consider carefully the arguments put forward Global Policy JournalFor more than 150 years nationalist populist Marxist and religious terrorists have all been remarkably consistent and explicit about their aims provoke states into over reacting to the threat they pose then take advantage of the divisions in society that result Yet state after state falls into the trap that terrorists have set for them Faced with a major terrorist threat governments seem to reach instinctively for the most coercive tools at their disposal and in doing so risk exacerbating the situation This

policy response seems to be driven in equal parts by a lack of understanding in the true nature of the threat an exaggerated faith in the use of force and a lack of faith that democratic values are sufficiently flexible to allow for an effective counter terrorism response Drawing on a wealth of data from both historical and contemporary sources Avoiding the Terrorist Trap addresses common misconceptions underpinning flawed counter terrorist policies identifies the core strategies that guide terrorist operations consolidates the latest research on the underlying drivers of terrorist violence and then demonstrates why a counter terrorism strategy grounded in respect for human rights and the rule of law is the most effective approach to defeating terrorism

[The American Wife](#) Chrystyna Lucyk-Berger,2024-04-08 Outstanding I was hooked by this book and couldn t put it down Oh my goodness I loved this Goodreads reviewer 1938 Shattered fragments of glass snap under my feet as I tread quietly into what was my best friend s apartment Now as I frantically look around in horror I know that the worst has happened she has been taken by the Gestapo And I realise with certainty what I have to do next but will I be too late to save her From the moment the Nazis arrived in Vienna I knew everything would change especially for my closest friend Judith The very fact that she is Jewish means she is in danger but I hoped that she d get her visa in time to leave the country That they wouldn t come for her But I was wrong And when Judith is taken by the Gestapo I realise I only have one choice save my dearest friend or betray the man I love Because I am a diplomat s wife I know I can steal the papers that will allow Judith to escape to safety It s the hardest choice I have ever had to make but I know I must be brave and do the right thing no matter what And besides I ve started to wonder which side of the war my husband Edgar is really on Ever since I joined him in Europe I ve watched him grow distant and secretive And as his behavior gets stranger and he pushes me even further away I begin to wonder how well do I know the man that lies beside me every night So as I creep into my husband s study in the dead of night I know in my heart I m doing the right thing But will I be too late to save my best friend and if I get caught what will happen to me An absolutely heartbreaking powerful and gripping story about finding love resilience and friendship in the midst of the darkness of World War 2 Perfect for fans of The Nightingale My Name is Eva and All the Light We Cannot See Praise for The American Wife Fantastic Wonderful Superb I did not want to put this story down When my e reader battery wore down I stood by the charger and read Goodreads reviewer A truly unputdownable book The story kept getting better and better You will have a

Potholm,2021-10-22 Hiding in Plain Sight Women Warriors throughout Time and Space takes the many long standing dimensions of military history including the various modalities of warfare across cultures and periods and integrates them with the more recent and very substantial contributions of social history women s history black history feminist theory LGBTQ community and other perspectives By providing an extensive annotated bibliography of the new findings the work provides the reader with an exciting compilation of new knowledge placed within a longstanding military historical framework one which provides a broader study and understanding of warfare into which to put the very recent disparate findings culled from many disciplines The book reaffirms that women have long been deeply embedded in the practice of warfare not simply as victims or minor curiosities but as important actors tactically strategically in combat and directing warfare from afar just as their male counterparts The concomitant amalgam also shows that certain types and patterns of warfare such as the defense of castles and fortresses commanding a ship or a fleet revolutionary warfare and today s drone and cyber forms of warfare have been more conducive to female activity than other forms of warfare even as women are also present in a wider variety of other broader temporal and geographical dimensions of the history of warfare Hiding in Plain Sight is the only extensive annotated bibliography currently available which provides such a holistic overview of recent scholarship by grounding that scholarship in the existing military canon and history **The Passing of the Hapsburg Monarchy, 1914-1918, Volume 1** Arthur J. May,2016-11-11 The dramatic assassination of Archduke Ferdinand at Sarajevo opened the door to a tragic struggle which concluded with the disintegration of the curious dual empire of Austria Hungary and radically altered the political configuration of central Europe This work the culmination of a lifetime of study and thought on the Hapsburg Monarchy penetrates its somber theme the death throes of a recognized great power in greater depth than any previous book While it is of necessity heavily weighted with diplomatic and military affairs a studied effort has been made to allocate appropriate attention to the internal evolution of the twinship of Austria Hungary in all its variety and amplitude The instructive story of the decline and collapse of this great power will have relevance not only for students of

modern history but also for specialists in political science and for general readers who wish to understand the present shape of central Europe

Finding Ourselves Lost Robert C. Dykstra, 2018-06-13 This book wrestles with quandaries of pastoral ministry in what psychotherapist Mary Pipher calls the age of overwhelm Drawing especially from the wisdom of Jesus own teaching and healing ministries as portrayed in the Gospel of Luke it offers an intimate narrative introduction to pastoral theology for guiding bewildering tasks of pastoral care and counseling These essays encourage seminarians and ministers to embrace their role as agents of healing by exploring their own debilitating shame and daring to speak what in childhood could not be spoken by revealing their discoveries to a trusted confidant so as to feel less loathsome or lonely by attending to even minute individual differences in self and others that fuel social isolation and by believing in those persons who first believed in them

The Civic Spectacle Mera J. Flaumenhaft, 1994-08-23 In this exploration of four plays by Aeschylus Euripides Machiavelli and Shakespeare Mera Flaumenhaft argues that by revising well known myths or histories each playwright reshapes the community for which he writes Emphasizing the context in which the plays have been read and performed she examines the moral and political effects of each drama and its production from the role of classical tragedy in MAINTaining the classical city to the role of the modern history play in forming and maintaining the nation state Flaumenhaft demonstrates how the playwright s presentation of political themes within each drama relates to his view of the broadly political function of theater in his society

The Reacher Guy Heather Martin, 2020-09-29 An exquisitely written and nuanced biography of an exceptional individual and writer who has created the #1 international bestselling hero Jack Reacher revered by dedicated and loyal readers worldwide Lee Child has a great public persona he is gracious and generous with readers and fans But Jim Grant is a reticent and very private man This rags to riches literary and social biography is based principally on disarmingly frank personal conversations and correspondence with the author since 2016 and privileged access to archival materials It consists almost entirely of original material and is the nearest thing the world is likely to get to the autobiography he does not intend to write There are a handful of great Lee Child Reacher stories that have been recycled over and over again They are so good that no one has bothered to look beyond them This book revisits and sometimes revises those irresistible stories but goes back further and digs deeper The emphasis on chronology accuracy and specificity is unprecedented The Lee Child origin myth is much loved But mostly it sees him springing fully formed from the brow of Granada Television There are glancing references to Aston Villa and the schoolyard but no one has examined the social and historical detail or looked closely at where Lee really came from the people places and period This is the first time someone has described the Lee Child arc from peaceful obscurity in the Yorkshire Dales and Upstate New York to cult figure no. 1 in America rock star celebrity and publishing institution through to backlash the changing zeitgeist and intimations of retirement The analysis of the emotional power and

significance of Lee's work in the final chapters the themes of happiness addiction dependency loneliness and existential absurdity and the first hand retrospective accounts of his life and second act career are all exclusive to this definitive biography The Central European Forum ,1988 **Mercy** B.
