The Road Leading to the Market Zhang Weiying, 2016-08-05 Since the reform and opening up period the world has witnessed a transformation within China. This transformation has led millions out of poverty within China and has in recent years seen China as an important and vital engine of economic growth for the rest of the world. While China has made great strides in embarking on the road to a market economy, this book emphasizes that transformation within China to market-driven development is far from over. In this book, Zhang puts forward the idea that the reform in China has now reached a crossroads. The next steps have a bearing not only on the sustainability of past reform but even on whether China will become a veritable world power in the future. With the reform at this pivotal juncture, this book explores further reform within China and examines how the reform debate will develop. *The Road Leading to the Market* is a highly readable collection of essays which will appeal to researchers and students of China's economy and a globalized economy. Human Performance

Improvement William J. Rothwell, Carolyn K. Hohn, Stephen B. King, 2012-06-14 Today's dynamic organizations must achieve positive results in record time, a challenge that requires managers to avoid problems before they arise and to solve these issues quickly. *Human Performance Improvement (HPI)* is a powerful tool that can be used to help build intellectual capital, establish and maintain a high performance workplace, enhance profitability and encourage productivity, as well as increase return on equity and improved safety. Written by a group of highly respected authors in the field, this book will show you how to discover and analyze performance gaps, plan for future improvements in human performance design, and develop cost-effective interventions to close performance gaps. *Tipping Points in International Law* Jean d'Aspremont, John
