Understanding Arabs 4th Edition A Guide To Modern Times:

Understanding Arabs Margaret Kleffner Nydell, 2006 Margaret Nydell introduces elements of Arab culture and Islam in an evenhanded unbiased style and covers topics such as beliefs and values religion and society the role of the family social formalities and etiquette and communication styles *Work and Leisure in the Middle East* Robert A. Stebbins, 2017-07-05 Community involvement and leisure are rarely mentioned in mass media coverage of the Middle East and North Africa Yet leisure and community involvement form a part of life in the region and are becoming increasingly significant as modernization becomes pervasive This work seeks to examine how the interconnection of work and leisure operates in a culture far removed from North American or European traditions Robert A Stebbins argues that the Middle East is a region in the throes of a developmental crisis one of cultural underdevelopment He indicates that while leisure and community involvement may be labeled as largely trivial activities they in fact involve a nexus that crosses with the labor process Discussing activities as diverse as theater and falconry rotary clubs and brutal leisure such as acts of terrorism and revolutionary violence Stebbins offers a variety sufficient enough to confirm that cultural development through leisure work and community involvement has been possible To provide the background for this argument Stebbins explains what community involvement is how it fosters cultural development and offers a look at contemporary leisure and work in a changing economic climate This is a unique look both at community involvement in the Middle East and how it has affected the cultural political and religious crisis The book concludes by proposing that a new view of work and leisure may serve to override social divisions and traditional impediments to cultural development *Understanding Domestic Violence* Rafael Art. Javier, William G. Herron, 2018-08-10 *Understanding Domestic Violence* not only highlights and reexamines the different challenges that we continue to face in effectively addressing issues of domestic violence but provides innovated approaches to interventions that are more in keeping with the complex nature of domestic violence This book provides a comprehensive and multifaceted examination of conditions and factors involved in domestic violence including psychological sociocultural sociopolitical and socioeconomic issues The authors look at domestic violence through the trauma lens and intersectionality to develop intervention strategies within that context Statistics and clinical examples from the field highlight unique culturally based issues related to domestic violence among Latino African American and Arab Muslim communities issues with woman perpetrators and violence in the LGBTQ community to name a few In the end *Understanding Domestic Violence* offers opportunities for the reader to engage in further discussion of the poignant issues discussed in the book with the invitation to become part of the solution *The Arabic Classroom* Mbaye Lo, 2019-04-12 *The Arabic Classroom* is a multicontributor work for trainee and in service teachers of Arabic as a foreign language Collected here is recent scholarly work and also critical writing from Arabic instructors Arabists and language experts to examine the status of the teaching and learning of Arabic in the modern classroom The book stresses the inseparability of the parameters of contexts texts and

learners in the effective Arabic classroom and investigates their role in enhancing the experience of teaching and learning Arabic. The book also provides a regional perspective through global case studies and encourages Arabic experts to search for better models of instruction and best practices beyond the American experience. Emotional Development and Families Julie Hakim-Larson, 2017-09-30. This lively and engaging book conducts a thorough review of the current research literature in developmental psychology and socialisation and then clearly links theory to practical applications in both clinical and everyday situations. Life's first important lessons on how to handle emotions often emerge early on within family relationships forming the foundation for emotional development over the life span. Couples, siblings, parents, and extended family members all have profound influences on each other's emotional lives as well as on the lives of the children they are socialising. Students can expect to learn a wide range of relevant topics bringing together theory, practice, and research in a comprehensive and lucid way. Covering the main topics of emotional development, this textbook reviews contemporary research and makes recommendations for how students might practically use the findings in their future studies or in practice. Filled with a wealth of resources and suggestions for further reading, this book is an ideal supplementary text suitable for students taking undergraduate and postgraduate courses on developmental psychology, family psychology, and child clinical psychology. This book may also be helpful for those taking undergraduate and postgraduate courses on social work, counselling, education studies, and family studies.

Biopsychosocial Perspectives on Arab Americans Sylvia C. Nassar-McMillan, Kristine J. Ajrouch, Julie Hakim-Larson, 2013-09-24. This book introduces an interdisciplinary lens by bringing together vital research on culture, psychosocial development, and key aspects of health and disease to address a wide range of salient concerns. Its scholarship mirrors the diversity of the Arab American population, exploring ethnic concepts in socio-historical and political contexts before reviewing findings on major health issues including diabetes, cancer, substance abuse, mental illness, and maternal child health. And by including policy and program strategies for disease prevention, health promotion, and environmental health, the book offers practitioners and their clients opportunities for proactive care. Featured in the coverage: Family, gender, and social identity issues; Arab Americans and the aging process; Acculturation and ethnic identity across the lifespan; Arab refugees; Trauma, resilience, and recovery; Cancer; Crossroads of ethnicity and environment; Health and well-being; Biopsychosocial prevention approaches; Arab American health disparities. A call for advocacy. Rich in cultural information and clinical insights, *Biopsychosocial Perspectives on Arab Americans* is an important reference that can enhance health practices across the disciplines of medicine, nursing, rehabilitation, social work, counseling, and psychology.
