**The Amorous Restoration** Andrew J. Counter,2016-09-22 When Louis XVIII returned to the throne in 1814 and again in 1815 France embarked upon a period of uneasy cohabitation between the old and the new The writers of the age who included Chateaubriand Stendhal Balzac and Mme de Duras agreed that they lived at a historical turning point a transitional moment whose outcome though still uncertain would transform the French way of life beginning with the French way of love The literary works of the Bourbon Restoration ceaselessly return to the themes of love sex and marriage partly as vital cultural questions in their own right but also as a means of critiquing the deficiencies of past regimes negotiating the politics of the present and imagining the shape of the political future In the literature of the Restoration love and politics become entwined in a mutually metaphorical embrace The Amorous Restoration the first book in English devoted to literary and cultural life under the last Bourbon kings considers this relationship in all its richness and many contradictions Long neglected as a drab historical backwater the Restoration emerges here as a vibrant era one rife with sharp cultural and political disagreements and possessed of an especially refined sense of allusion discretion and even humour Drawing on literature journalism political writing life writing and gossip The Amorous Restoration vividly recreates the erotic sensibilities of a pivotal moment in the transition from an amorous old regime to erotic and political modernity , **Balzac's Shorter Fictions** Tim Farrant,2002-02-14 Balzac s reputation is as a novelist But short stories make up over half La Com die humaine

besides scores of other tales and articles Short forms appear early in Balzac s output and shape his work throughout his career Balzac s Shorter Fictions looks at the whole of this corpus at the nature of short fiction and at how Balzac s novels developed from his stories at the links between literary genesis and genre It explores the roles of short fiction in Balzac s creation its part in producing effects of virtuality and perspective and reflects ultimately on the relationship between brevity and length in La Com die humaine This the first complete English language study of Balzac s work for over forty years synthesizes recent research on Balzac s practice within the context of modern thought on the author It is an indispensable book for students and scholars of Balzac and for all those interested in prose fiction     The Warner Library: The world's best literature Charles Dudley Warner, John William Cunliffe, Ashley Horace Thorndike, Harry Morgan Ayres, Helen Rex Keller, Gerhard Richard Lomer, 1917     The Warner Classics: Novelists: Nathaniel Hawthorne, by Henry James. **Journals: 1928-1939** André Gide, 2000 Beginning with a single entry for the year 1889 when he was twenty and continuing intermittently but indefatigably through his life the Journals of Andr Gide constitute an enlightening moving and endlessly fascinating chronicle of creative energy and conviction Astutely and thoroughly annotated by Justin O Brien in consultation with Gide himself this translation is the definitive edition of Gide s complete journals The complete journals representing sixty years of a varied life testify to a disciplined intelligence in a constantly maturing thought These pages contain aesthetic appreciations philosophic reflections sustained literary criticism notes for the composition of his works details of his personal life and spiritual conflicts accounts of his extensive travels and comments on the political and social events of the day from the Dreyfus case to the German occupation Gide records his progress as a writer and a reader as well as his contacts and conversations with the bright lights of contemporary Europe from Paul Valry Paul Claudel Lon Blum and Auguste Rodin to Marcel Proust Stephen Mallarm Oscar Wilde and Nadia Boulanger Devoid of affectation alternately overtaken by depression and animated by a sense of urgency and hunger for literature and beauty Gide read voraciously corresponded voluminously and thought profoundly always questioning and doubting in search of the unadulterated truth The only drama that really interests me and that I should always be willing to depict anew he wrote is the debate of the individual with whatever keeps him from being authentic with whatever is opposed to his integrity to his integration Most often the obstacle is within him And all the rest is merely accidental     **Novelists** ,1900     **Catalogue of Books Added to the Library of Congress** ,1861
