Virtual History Alternatives And Counterfactuals:

Virtual History Niall Ferguson, 1997 This collection explores what would have happened if nine momentous events in history had turned out differently The answers are strictly based on the alternatives which we know contemporaries contemplated

Virtual History: Alternatives And Counterfactuals Niall Ferguson, 2000-09-01 What if there had been no American War of Independence What if Hitler had invaded Britain What if Kennedy had lived What if Russia had won the Cold War Niall Ferguson author of the highly acclaimed *The Pity of War* leads the charge in this historically rigorous series of separate voyages into imaginary time and provides far reaching answers to these intriguing questions Ferguson s brilliant 90 page introduction doubles as a manifesto on the methodology of counterfactual history His equally masterful afterword traces the likely historical ripples that would have proceeded from the maintenance of Stuart rule in England This breathtaking narrative gives us a convincing detailed alternative history of the West from the accession of James III in 1701 to a Nazi occupied England to a U S Prime Minister Kennedy who lives to complete his term

Virtual History: Alternatives And Counterfactuals Niall Ferguson, 2008-08-06 What if there had been no American War of Independence What if Hitler had invaded Britain What if Kennedy had lived What if Russia had won the Cold War Niall Ferguson author of the highly acclaimed *The Pity of War* leads the charge in this historically rigorous series of separate voyages into imaginary time and provides far reaching answers to these intriguing questions Ferguson s brilliant 90 page introduction doubles as a manifesto on the methodology of counterfactual history His equally masterful afterword traces the likely historical ripples that would have proceeded from the maintenance of Stuart rule in England This breathtaking narrative gives us a convincing detailed alternative history of the West from the accession of James III in 1701 to a Nazi occupied England to a U S Prime Minister Kennedy who lives to complete his term

Virtual History Niall Ferguson, 2009 Speculates what may have happened if nine major events did not occur asking such questions as What if there had been no American Revolution and What if John F Kennedy had lived

Virtual History and the Bible J.Cheryl Exum, 2021-09-06 To mark the new millennium *Virtual History and the Bible* asks where we are at the fin de siècle and how we got that way What if important events in ancient history had turned out differently How different might the present century be What if Merneptah s scribes were telling the truth when they claimed Israel has been laid waste What if the exodus and conquest had really happened What if we had no Assyrian account of Sennacherib s third campaign or the palace reliefs depicting his capture of Lachish What if the Chronicler did use the Deuteronomistic History What if Luke had never met Theophilus What if Paul had travelled east rather than west This is not fantasy or fiction The sixteen essays in this volume by eminent historians of the Bible engage in serious scholarly inquiry into alternative historical scenarios and their potential consequences The result is a trenchant demonstration of the ways historians set about working with the evidence in order to reconstruct the past Contributors Keith W Whitlam Lester L Grabbe Susan Ackerman Thomas L Thompson Ernst Axel Knauf Ehud Ben Zvi Diana Edelman Robert P Carroll Niels Peter

Lemche Joseph Blenkinsopp A Graeme Auld Philip R Davies Loveday C A Alexander Richard Bauckham John Dominic Crossan Pheme Perkins *Subversive Legal History* Russell Sandberg, 2021-07-29 Provocative audacious and challenging this book rejuvenates not only the historical study of law but also the role of Law Schools by asking which stories we tell and which stories we forget It argues that a historical approach to law should be at the beating heart of the Law School curriculum Far from being archaic elitist and dull historical perspectives on law are and should be subversive Comparison with the past underscores how the law and legal institutions are not fixed but are constructed that every line drawn in the law and everything the law holds as sacred is actually arbitrary and how the environment into which law students are socialised is a historical construct A subversive approach is needed to highlight question de construct and re construct the authored nature of the law revealing that legal change on a larger scale is possible Far from being archaic this recasts legal history as being anarchic Subversive Legal History is not a type of Legal History but is its defining characteristic if it is to be a central part of Law School life It describes a legal method that should not be the preserve only of specialist legal historians but rather should be part of the toolkit of all law students teachers and researchers This book will be essential reading for all who work and study in Law Schools proposing a radical new approach not only to the historical study of law but also to the content purpose and ambition of legal education A subversive approach can revolutionise Law Schools providing a more ambitious legal education which is grounded in the socio legal reality helping to ensure that today s law students are better equipped to be the professionals and citizens of tomorrow **Counterfactual History and Bosnia-Herzegovina** Stian Nordengen Christensen, 2018-07-11 *Too Bold for the Box Office* Cynthia J. Miller, 2012-08-02 In *Too Bold for the Box Office* Cynthia J Miller has assembled essays by scholars and filmmakers who examine the unique cinematic form of mockumentary Individually each of these essays looks at a given instance of mockumentary parody and subversion examining the ways in which each calls into question our assumptions pleasures beliefs and even our senses Writing about national film television and new media traditions as diverse as their backgrounds this volume s contributors explore and theorize the workings of mockumentaries as well as the strategies and motivations of the writers and filmmakers who brought them into being

Social Memory among the Literati of Yehud Ehud Ben Zvi, 2019-07-22 Ehud Ben Zvi has been at the forefront of exploring how the study of social memory contributes to our understanding of the intellectual world of the literati of the early Second Temple period and their textual repertoire Many of his studies on the matter and several new relevant works are here collected together providing a very useful resource for furthering research and teaching in this area The essays included here address inter alia prophets as sites of memory kings as sites memory Jerusalem as a site of memory a mnemonic system shaped by two interacting national histories matters of identity and othering as framed and explored via memories mnemonic metanarratives making sense of the past and serving various didactic purposes and their problems memories of past and futures events shared by the literati issues of gender constructions and memory memories understood by the group as

counterfactual and their importance and in multiple ways how and why shared memories served as a safe playground for exploring multiple central ideological issues within the group and of generative grammars governing systemic preferences and dis preferences for particular memories *Counterfactual Romanticism* Damian Walford Davies,2019-09-18

Innovatively extending counterfactual thought experiments from history and the social sciences to literary historiography criticism and theory Counterfactual Romanticism reveals the ways in which the shapes of Romanticism are conditioned by that which did not come to pass Exploring various modalities of counterfactual speculation and inquiry across a range of Romantic period authors genres and concerns this collection offers a radical new purchase on literary history on the relationship between history and fiction and on our historicist methods to date and thus on the Romanticisms we think we have inherited Counterfactual Romanticism provides a ground breaking method of re reading literary pasts and our own reading presents in the process literary production texts and reading practices are unfossilised and defamiliarised *Seeing History: Public History in China* LI Na,2023-11-06 When public history was imported from the United States to China around the turn of the twenty first century it was introduced as a sub field within history and has developed along that path ever since Professional historians in China even some forward looking ones see public history as merely presenting a change in the patterns of participation in history making This book offers a sharply different view It contends essentially that public history represents more than a research domain within history or within any existing discipline nor does it fit into any established narratives but rather a fundamental change of the entire process of history making in China In this process the public is prosuming history Public history makes obsolete the old structure for building and acquiring historical knowledge it challenges the old assumptions supersedes the rigid academic hierarchy and stirs the imaginations of the multitudes With an assemblage of case studies this work makes a case for a system view of public history making or public history ing and launches a concept complex public history i e public history ing as complex adaptive systems *Narrating the Past* A. Robinson,2011-10-04 In recent years controversy has surrounded the narrative turn in history and the historical turn in fiction This book clarifies what is at stake tracing connections between historiography and life writing arguing that the challenges posed in representing the past illuminate issues which are central to all literary narrative *Computers, Visualization, and History* David J Staley,2015-04-16 This visionary and thoroughly accessible book examines how digital environments and virtual reality have altered the ways historians think and communicate ideas and how the new language of visualization transforms our understanding of the past Drawing on familiar graphic models maps flow charts museum displays films the author shows how images can often convey ideas and information more efficiently and accurately than words With emerging digital technology these images will become more sophisticated manipulable and multidimensional and provide historians with new tools and environments to construct historical narratives Moving beyond the traditional book based on linear narrative digital scholarship based on visualization and hypertext will offer multiple perspectives dimensions

and experiences that transform the ways historians work and people imagine and learn about history This second edition of *Computers Visualization and History* features expanded coverage of such topics as sequential narratives 3 D modeling simulation and video games as well as our theoretical understanding of space and immersive experience The author has also added *Guidelines for Visual Composition in History* for history and social studies teachers who wish to use technology for student assignments Also new to the second edition is a web link feature that users of the digital edition can use to enhance visualization within the text

Digital Games as History Adam Chapman,2016-05-05 This book provides the first in depth exploration of video games as history Chapman puts forth five basic categories of analysis for understanding historical video games simulation and epistemology time space narrative and affordance Through these methods of analysis he explores what these games uniquely offer as a new form of history and how they produce representations of the past By taking an interdisciplinary and accessible approach the book provides a specific and firm first foundation upon which to build further examination of the potential of video games as a historical form

The Historical Novel Jerome De Groot,2009-09-10 The historical novel is an enduringly popular genre that raises crucial questions about key literary concepts fact and fiction identity history reading and writing In this comprehensive focused guide Jerome de Groot offers an accessible introduction to the genre and critical debates that surround it including the development of the historical novel from early eighteenth century works through to postmodern and contemporary historical fiction different genres such as sensational or low fiction crime novels literary works counterfactual writing and related issues of audience value and authenticity the many functions of historical fiction particularly the challenges it poses to accepted histories and postmodern questioning of grand narratives the relationship of the historical novel to the wider cultural sphere with reference to historical theory the internet television and film key theoretical concepts such as the authentic fallacy postcolonialism Marxism queer and feminist reading Drawing on a wide range of examples from across the centuries and around the globe *The Historical Novel* is essential reading for students exploring the interface of history and fiction

Romanticism and the Biopolitics of Modern War Writing Neil Ramsey,2023-02-23 This book illuminates the genesis and development of modern war writing in relation to Romanticism biopolitics and disciplinary theory

Virtual JFK James G. Blight,Janet M. Lang,David A. Welch,2010 The Virtual JFK DVD is now available For more information on the film companion to the book visit <http://www.virtualjfk.com> It Matters Who Is President Then and Now At the heart of this provocative book lies the fundamental question Does it matter who is president on issues of war and peace The Vietnam War was one of the most catastrophic and bloody in living memory and its lessons take on resonance in light of America s current devastating involvement in Iraq Tackling head on the most controversial and debated what if in U S foreign policy this unique work explores what President John F Kennedy would have done in Vietnam if he had not been assassinated in 1963 Drawing on a wealth of recently declassified documents frank oral testimony of White House officials from both the Kennedy and Johnson administrations and the analysis of top historians this book presents

compelling evidence that JFK was ready to end U S involvement well before the conflict escalated With vivid immediacy readers will feel they are in the president s war room as the debates raged that forever changed the course of American history and continue to affect us profoundly today as the shadows of Vietnam stretch into Iraq **Possible Worlds of Fiction and History** Lubomír Doležel,2010-04-05 With *Possible Worlds of Fiction and History* Lubomír Doležel reexamines the claim made first by Roland Barthes and then popularized by Hayden White that there is no fundamental distinction between fiction and history Doležel rejects this assertion and demonstrates how literary and discourse theory can help the historian to restate the difference between fiction and history He challenges scholars to reassess the postmodern viewpoint by reintroducing the idea of possible worlds Possible worlds semantics reveals that possible worlds of fiction and possible worlds of history differ in their origins cultural functions and structural and semantic features Doležel s book is the first systematic application of this idea to the theory and philosophy of history *Possible Worlds of Fiction and History* is the crowning work of one of literary theory s most engaged thinkers *We Are What We Remember* Laura Mattoon

D'Amore,Jeffrey Meriwether,2013-01-16 Commemorative practices are revised and rebuilt based on the spirit of the time in which they are re created Historians sometimes imagine that commemoration captures history but actually commemoration creates new narratives about history that allow people to interact with the past in a way that they find meaningful As our social values change race gender religion sexuality class our commemorations do too *We Are What We Remember The American Past Through Commemoration* analyzes current trends in the study of historical memory that are particularly relevant to our own present our biases our politics our contextual moment and strive to name forgotten overlooked and denied pasts in traditional histories Race gender and sexuality for example raise questions about our most treasured myths where were the slaves at Jamestowne How do women or lesbians protect and preserve their own histories when no one else wants to write them Our current social climate allows us to question authority and especially the authoritative definitions of nation patriotism and heroism and belonging How do we uncommemorate things that were miscommemorated in the past How do we repair the damage done by past commemorations The chapters in this book contributed by eighteen emerging and established scholars examine these modern questions that entirely reimagine the landscape of commemoration as it has been practiced and studied before *Thinking of Questions* Peter Limm,2015-09-23 This is not a conventional book It is designed to stimulate and challenge all people who are curious to find out about the world they inhabit and their place within it It does this by suggesting questions and lines of questioning on a wide range of topics The book does not provide answers or model arguments but prompts people to create their own questions and a reading log or journal To this end almost all questions have a list of books or articles to provide a starter for stimulating further reading Once you start you will be hooked Never stop questioning
