- **RDS-TMC Traffic Messaging Channel³ :** Step away from standard GPS mapping and towards a more complete navigation solution. Real Time Traffic Information radio reception allows the NV-U74T to regularly monitor relevant traffic conditions and automatically re-route you around trouble spots.
- **Gesture Command™:** gives you control via simple, on-screen finger movements. Commonly used commands such as "take me home" may be accessed by gesturing an inverted "V" on the screen versus paging through numerous menu screens.
- **Super Suction Cup Mount:** Using the Sony-unique Super Suction Cup, mounting a nav-u portable navigation system to either the dashboard, console, or windshield⁴ in virtually any vehicle is quick and easy. Stable and secure while driving, the nav-u portable navigation system can be easily removed whenever you want to take it with you.
- **TTS (Text to Speech):** also eliminates second-guessing when making a turn; the device reads aloud street names for turn by turn directions to your destination.
- **Dual View:** Allows you to see the more detailed parts of your journey on one side of the display while keeping an eye on the big picture on the other side.
