The Intelligent Investor The Definitive On Value:

The Intelligent Investor, Rev. Ed Benjamin Graham, 2009-03-17 Since its original publication in 1949 Graham's book has remained the most respected guide to investing due to his timeless philosophy of value investing. Here he outlines the principles of stock selection for both the defensive and the enterprising investor and stresses the advantages of a simple portfolio policy. Special features are the use of numerous comparisons of pairs of common stocks to bring out their elements of strength and weakness and the construction of investment portfolios designed to meet specific requirements of quality and price attractiveness. By far the best book on investing ever written. Warren E. Buffett Fully conveys the basic principles of Graham's enormously successful approach. Money

because he will return another day with different prices Considering the book itself there were altogether four revisions of the book with the last revision being published back in 1973 However in the 2003 book version there were some new ideas and topics to be discussed such as The Investor and Inflation The Defensive Investors and Common Stocks and many more The Intelligent Investor is an interesting literature for many stockholders present and future investors and all other readers who simply want to know how certain things concerning investments and stocks function Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book
