Everyone Is NOT Doing It Jamie L. Mullaney, 2006 Labels like vegan virgin or nonsmoker get thrown around to identify forms of abstinence but for many abstainers such labels are also proud declarations of who they are Setting aside the moral debates and psychological assessments surrounding abstinence Jamie L Mullaney here asks why it is that the act of not doing something plays such a crucial role in the formation of our personal identities Based on interviews with individuals who abstain from habits as diverse as sex cigarettes sugar and technology Everyone Is NOT Doing It identifies four different types of abstainers quitters those who have never done something and never will those who haven't done something yet but might in the future and those who are not doing something temporarily Mullaney assesses the commonalities that bind abstainers as well as how perceptions of abstinence change according to social context age and historical era In contrast to such earlier forms of abstinence as social protest entertainment or an instrument of social stratification not doing something now gives people a more secure sense of self by offering a more affordable and manageable identity in a world of ever expanding options

Mystics William Harmless, 2008 Mystics are path breaking religious practitioners who claim to have experience the infinite word defying Mystery that is God Many have been gifted writers with an uncanny ability to communicate the great realities of life with both a theologian's precision and a poet's lyricism They use words to jolt us into recognizing ineffable mysteries surging beneath the surface of our lives and within the depths of our hearts and by their artistry can awaken us to see and savor fugitive glimpses of a God drenched world In

Mystics William Harmless S J introduces readers to the scholarly study of mysticism He explores both mystics extraordinary lives and their no less extraordinary writings using a unique case study method centered on detailed examinations of six major Christian mystics Thomas Merton Bernard of Clairvaux Hildegard of Bingen Bonaventure Meister Eckhart and Evagrius Ponticus Rather than presenting mysticism as a subtle web of psychological or theological abstractions Harmless s case study approach brings things down to earth restoring mystics to their historical context Harmless highlights the pungent diversity of mystical experiences and mystical theologies Stepping beyond Christianity he also explores mystical elements within Islam and Buddhism offering a chapter on the popular Sufi poet Rumi and one on the famous Japanese Zen master Dogen Harmless concludes with an overview of the century long scholarly conversation on mysticism and offers a unique multifaceted optic for understanding mystics their communities and their writings Geared toward a wide audience Mystics balances state of the art scholarship with accessible lucid prose

Writing the Self Peter Heehs,2013-02-14 The self has a history In the West the idea of the soul entered Christianity with the Church Fathers notably Augustine During the Renaissance the idea of the individual attained preeminence as in the works of Montaigne In the seventeenth century philosophers such as Descartes formulated notions of selfhood that did not require a divine foundation in the next century Hume grew skeptical of the self s very existence Ideas of the self have changed markedly since the Romantic period and most scholars today regard it as at best a mental construct First person genres such as diaries and memoirs have provided an outlet for self expression Protestant diaries replaced the Catholic confessional but secular diaries such as Pepys s may reveal yet more about the self After Richardson novels competed with diaries and memoirs as vehicles of self expression though memoirs survived and continue to thrive while the diary has found a new incarnation in the personal blog Writing the Self narrates the intertwined histories of the self and of self expression through first person literature

ways in which individuals and communities utilized religious rhetoric to upset the racial status quo in divided America during the civil rights era Houck and Dixon's work illustrates again how a movement so prominent in historical scholarship still has much to teach us Publisher

Demythologizing Celibacy William Skudlarek, 2017-06-15 When St Benedict compiled his Rule for Monasteries in the early decades of the sixth century the Buddhist monastic code had already been in existence for about nine hundred years Since monastic life is shaped by spiritual practices that are very similar across different religious traditions it should not be too much of a stretch to suggest that Christians can learn from the accumulated wisdom of Buddhist monasticism For Buddhists celibacy accompanied by skillful reflection on their personal reactions to it is a means of letting go of attachment to sensory pleasure Buddhist monks do not marry they strive to relinquish the desire for sexual pleasure because this form of gratification obstructs the one pointed stillness that leads to insight For Christians celibacy like marriage is ultimately about love responding to God's love for us and expressing selfless love for others In light of the Christian understanding of marriage as an authentic indeed the ordinary path to holiness Skudlarek proposes a demythologized view of celibacy presenting it as an alternate and equally valid spiritual practice for those who choose not to accept the demands of a committed sexual relationship Drawing on the monastic interreligious dialogue Skudlarek considers the Buddhist view of celibacy which is not mythologized as a response to a divine call or as a superhuman way of life He examines their regard for it as simply and profoundly a path to freedom peace and happiness As Christians become aware of the benefits of celibacy for monks who observe it without reference to the Gospel they may be able to appreciate all the more its importance and value for those who wish to follow Christ as celibates and in this way come to share in the freedom of the children of God

Hopeful Realism in Urban Ministry Barry K. Morris, 2016-05-20 What pray tell does a faithful urban ministry require if not a triadic relationship of prayer justice and hope Could such a theologically conjunctive relationship of prayer justice and hope fortify urban ministry and challenge students and practitioners to ponder and practice beyond the box Frequently justice is collapsed to charity hope into wishful thinking or temporarily arrested despair and prayer a grasp at quick fix interventions An urban ministry's steadfast public and prophetic witness longs for the depth and width of this triad Via three countries decades of endeavors one chapter brainstorms urban ministry practices while another's literature survey signals crucial convictions Amid many seminal theologians are summoned to ground urban ministry intimations and implications Niebuhr on justice Moltmann on hope and Merton on contemplative prayer Evident is passion that fuels compassion in the service of justice hope that engages despair and prayer that draws from the contemplative center of it all thankful resources for long haul ministry The triad presses to illumine a concrete ministry's engagement of relentless forced option issues yet with significant networks resourcing Contrast awareness animates endurance The summary exegetes the original grace based serenity prayer Hence hope vitally balances realism's temptation to cynicism Realism saves hope from irrelevancy
