similar characteristics Dr Laney found that there were many studies on introversion in other countries and she began linking these together to show the genetic differences between introverts and extroverts Interview with Marti Olsen Laney Dr Laney wrote this book primarily for an audience of introverts In the Overture to her book she writes that she wants to help introverts understand themselves and reassure them that they are not alone However extroverts may also find the book helpful in understanding their introverted friends and family members Extroverts may discover and develop the self reflective qualities of introverts
