The Ironic Spectator:

The Ironic Spectator Lilie Chouliaraki, 2013-08-26 WINNER of the 2015 ICA Outstanding Book Award This path breaking book explores how solidarity towards vulnerable others is performed in our media environment It argues that stories where famine is described through our own experience of dieting or where solidarity with Africa translates into wearing a cool armband tell us about much more than the cause that they attempt to communicate They tell us something about the ways in which we imagine the world outside ourselves By showing historical change in Amnesty International and Oxfam appeals in the Live Aid and Live 8 concerts in the advocacy of Audrey Hepburn and Angelina Jolie as well as in earthquake news on the BBC this far reaching book shows how solidarity has today come to be not about conviction but choice not vision but lifestyle not others but ourselves turning us into the ironic spectators of other people s suffering

Realist Fiction and the Strolling Spectator (Routledge Revivals) John Rignall, 2016-01-29 The classic realist text has long been derided by post structuralist critics as an unsophisticated and reactionary form In this study first published in 1992 John Rignall makes a powerful case for the rehabilitation of realism as a self aware and reflexive genre Using the novels of Scott Balzac Dickens George Eliot Flaubert James Ford and Conrad Rignall argues for an understanding of realism through the recurrent figure of the fl neur The fl neur is the strolling spectator whose problematic vision both of and in the novel makes him the representative figure of the realist text A significant contribution to the field this title will be of particular view to students of realism literary theory and comparative literature

Like an Animal: Critical Animal Studies Approaches to Borders, Displacement, and Othering, 2021-06-17 The contributors of *Like an Animal* challenge most fundamental concepts in the fields of racism dehumanization borders displacement and refugees that rest on the assumption of humanism They show how we can bend the arc of the moral universe toward justice at the border The goal of this interdisciplinary collection is twofold First to invite border migration studies to consider a broader social justice perspective that includes nonhuman animals Second to start a discussion if nonhumans maybe refugees of a kind and how humans can address nonhumans interests and needs from the perspective of addressing refugee issues As capitalism and the climate crisis are taking a catastrophic toll on the planet this timely volume exposes the alternative origins of violence that lie at the heart of the planet s destruction

Radical Reality Caty Borum, Caty Borum Chattoo, David Conrad-Pérez, 2025-04-11 *Radical Reality* reveals how independent documentary makers around the world produce cinematic stories that speak truth to power and why nonfiction storytelling matters for social justice Pushing against increasingly difficult political and economic constraints these tenacious filmmakers produce artistic nonfiction stories that stand up for freedom of expression serve as witnesses to conflict and resilience maintain cultural memory of human rights abuses and open intimate windows into acts of protest activism reconciliation and resistance that often go unseen in dominant news portrayals They collaborate with activists and civil society leaders to create powerful movements of dissent centering underrepresented voices providing spaces for community

healing and recognition and challenging damaging narratives of people and their lived realities and they do so in significant times Across the globe forms of repression continue to be wielded against artists who challenge power And yet there is hope and inspiration found in the hands of storytellers who marshal a way forward again and again to push the status quo toward justice This book tells their stories *Humanitarianism and Media* Johannes Paulmann, 2018-12-17 From Christian missionary publications to the media strategies employed by today's NGOs this interdisciplinary collection explores the entangled histories of humanitarianism and media It traces the emergence of humanitarian imagery in the West and investigates how the meanings of suffering and aid have been constructed in a period of evolving mass communication demonstrating the extent to which many seemingly new phenomena in fact have long historical legacies Ultimately the critical histories collected here help to challenge existing asymmetries and help those who advocate a new cosmopolitan consciousness recognizing the dignity and rights of others *Political Dramaturgies and Theatre Spectatorship* Liz Tomlin, 2019-06-13 What do we mean when we describe theatre as political today How might theatre makers provocations for change need to be differently designed when addressing the precarious spectator subject of twenty first century neoliberalism In this important study Liz Tomlin interrogates the influential theories of Jacques Rancière to propose a new framework of analysis through which contemporary political dramaturgies can be investigated Drawing in particular on Ernesto Laclau and Chantal Mouffe Lilie Chouliaraki and Judith Butler Tomlin argues that the capacities of the contemporary and future spectator to be effected or affected by politically engaged theatre need to be urgently re-evaluated Central to this study is Tomlin's theorized figuration of the neoliberal spectator subject as precarious individualized and ironic with a reduced capacity for empathy agency and the ability to imagine better futures This in turn leads to a predilection for a response to injustice that is driven by a concern for the feelings of the subject self rather than concern for the suffering other These characteristics are argued to shape even those spectator subjects towards the left of the political spectrum thus necessitating a careful reconsideration of new and long standing dramaturgies of political provocation Dramaturgies examined include the ironic invitations of *Made in China* and Martin Crimp the exploration of affect in Kieran Hurley's *Heads Up* the new sincerity that characterizes the work of Andy Smith the turn to the staging of the spectators other in *Developing Artists* Queens of Syria and Chris Thorpe and Rachel Chavkin's *Confirmation* and the community activism of *Common Wealth*'s *The Deal Versus the People* **The Public Image** Robert Hariman, John Louis Lucaites, 2016-11-07 Even as the media environment has changed dramatically in recent years one thing at least remains true photographs are everywhere From professional news photos to smartphone selfies images have become part of the fabric of modern life And that may be the problem Even as photography bears witness it provokes anxieties about fraudulent representation even as it evokes compassion it prompts anxieties about excessive exposure Parents and pundits alike worry about the unprecedented media saturation that transforms society into an image world And yet a great news photo can still stop us in our tracks and the ever

expanding photographic archive documents an era of continuous change By confronting these conflicted reactions to photography Robert Hariman and John Louis Lucaites make the case for a fundamental shift in understanding photography and public culture In place of suspicions about the medium's capacity for distraction deception and manipulation they suggest how it can provide resources for democratic communication and thoughtful reflection about contemporary social problems The key to living well in the image world is to unlock photography from viewing habits that inhibit robust civic spectatorship Through insightful interpretations of dozens of news images *The Public Image* reveals how the artistry of the still image can inform challenge and guide reflection regarding endemic violence environmental degradation income inequity and other chronic problems that will define the twenty first century By shifting from conventional suspicions to a renewed encounter with the image we are challenged to see more deeply on behalf of a richer life for all and to acknowledge our obligations as spectators who are crucially also citizens

The Politics of the Human Anne Phillips, 2015-03-19 The human is a central reference point for human rights But who or what is that human And given its long history of exclusiveness when so many of those now recognised as human were denied the name how much confidence can we attach to the term This book works towards a sense of the human that does without substantive accounts of humanity while also avoiding their opposite the contentless versions that deny important differences such as race gender and sexuality Drawing inspiration from Hannah Arendt's anti foundationalism Phillips rejects the idea of humanness as grounded in essential characteristics we can be shown to share She stresses instead the human as claim and commitment as enactment and politics of equality In doing so she engages with a range of contemporary debates on human dignity humanism and post humanism and argues that none of these is necessary to a strong politics of the human

Foreign Aid in the Middle East Beáta Paragi, 2019-02-28 What do we mean by gifts in International Relations Can foreign aid be conceptualized as a gift Most foreign aid transactions are unilateral and financially unreciprocated yet donors expect to benefit from them Previous research dealing with foreign aid has analyzed the main donor motives and interests in providing financial support This book offers an in depth analysis of the invisible political or social exchange taking place between recipient countries and donors when a grant agreement is signed Focusing on Egypt Jordan Palestine and Israel the main beneficiaries of Western foreign aid the book uses gift theories and theories of social exchange to show how international social bonds are shaped by foreign aid and in what ways recipient countries are obliged to return the gift they receive Foreign aid is a means of buying stability or democracy in the region but Beata Paragi is interested here to understand the actual feasibility of Western assistance Looking at the context of the Arab Spring the book examines how aid impacts on a recipient country's domestic political events such as war the quest for self determination the struggle against occupation and the fight for dignity An original contribution to Middle East Studies and International Relations the research presents an alternative interpretation of foreign aid and show how external funds interact with local developments and realities

Christian Fundamentalism and the Culture of Disenchantment Paul

Maltby,2013 Within the familiar clash of religious conservatism and secular liberalism Paul Maltby finds a deeper discord an antipathy between Christian fundamentalism and the postmodern culture of disenchantment Arguing that each camp represents the poles of America s virulent culture wars he shows how the cultural identity lifestyle and political commitments of many Americans match either the fundamentalist profile of one who cleaves to metaphysical and authoritarian beliefs or the postmodern profile of one who is disposed to critical inquiry and radical democratic values Maltby offers a critique that operates in both directions His use of the resources of postmodern theory to contest fundamentalism s doctrinal claims ultra right politics anti environmentalism and conservative aesthetics informs his engagement with contemporary fundamentalist painting spiritual warfare fiction dominionist attitudes to nature and a profoundly undemocratic interpretation of Christianity At the same time Maltby identifies some of fundamentalism s legitimate spiritual concerns assesses the cost of perpetual critique and exposes the deficit of spiritual meaning that haunts the culture of disenchantment *Alleviating World*

Multiculturalism in Scandinavia Eric Einhorn,Sherrill Harbison,Markus Huss,2022-03-22 Scandinavian societies have historically and problematically been understood as homogenous when in fact they have a long history of ethnic and cultural pluralism due to colonialism and territorial conquest Amid global tensions around border security and refugee crises these powerful conversations with nineteen scholars about the past present and future of a region in transition capture the current cultural moment *Edith Wharton. Irony in Action James Fernandez, Mary Taylor Huber, 2001-06-20 Irony today extends beyond its classification as a figure of speech and is increasingly recognized as one of the major modes of human experience This idea of irony as an integral force in social life is at the center of this provocative book The result of a meeting where anthropologists were invited to explore the politics of irony and the moral responsibilities that accompany its recognition this book is one of the first to lend an anthropological perspective to this contemporary phenomenon The first group of essays explores the limits to irony s liberating qualities from the constrained use of irony in congressional hearings to its reactive presence amid widening disparities of wealth despite decades of world development The second section presents irony s more positive dimensions through an array of examples such as the use of irony by Chinese writers and Irish humorists Framed by the editors theoretical introduction to the issues posed by irony and responses to the essays by two literary scholars Irony in Action is a timely contribution in the contemporary reinvention of anthropology

Aspects of Seventeenth-Century French

Drama and Thought Robert McBride, 1979-06-17

Celebrity Advocacy and International Development Dan

Brockington, 2014-04-03 Celebrity advocacy is a curious phenomenon. It occupies a significant proportion of the public domain but does so without engaging particularly well with much of the public. Yet this may not matter very much. Many people at the core of advocacy and in political and business elites simply do not notice any lack of engagement. In these circles celebrity advocacy can be remarkably effective. *Celebrity Advocacy and International Development* examines the work of celebrity advocacy and lobbying in international development. Its purpose is to understand the alliances resulting, their history, consequences, wider contexts and implications. It argues that celebrity advocacy signals a new aspect of elite rule. For populist celebrity advocacy can mark ironically a disengagement between the public and politics and particularly the public and civil society. Recognising this poses new challenges but also presents new opportunities for the development movement. This book gives students and researchers in development studies and media studies a wealth of original empirical data including interviews across the NGO sector, media and celebrity industries, newspaper analysis, large surveys of public opinion and focus group research.

Wronged Lilie Chouliaraki, 2024-05-21 Winner 2025 Outstanding Book Award International Communication Association Co-Winner 2025 Best Book Award from the Philosophy Theory and Critique Division of the International Communication Association. Why is being a victim such a potent identity today? Who claims to be a victim and why? How have such claims changed in the past century? Who benefits and who loses from the struggles over victimhood in public culture? In this timely and incisive book, Lilie Chouliaraki shows how claiming victimhood is about claiming power: who deserves to be protected as a victim and who should be punished as a perpetrator. She argues that even though victimhood has long been used to excuse violence and hierarchy, social media platforms and far-right populism have turned victimhood into a weapon of the privileged. Drawing on recent examples such as the overturning of *Roe v Wade*, movements like *MeToo* and *Black Lives Matter*, and the COVID-19 pandemic as well as historical ones from the major wars of the twentieth century and the Civil Rights Movement, *Wronged* reveals why claims of victimization are so effective at reinforcing instead of alleviating inequalities of class, gender, and race. Unless we come to recognize the suffering of the vulnerable for what it is—a matter not of victimhood but of injustice—Chouliaraki powerfully warns, the culture of victimhood will continue to perpetuate old exclusions and enable further injuries.
